new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In The Reign of Quantity and the Signs of the Times French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non s time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left False Dawn painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion org [Retaliation of The Cursed](#) Stephen Arthur Martin Jr.,2021-11-04 Retaliation of the Cursed A Historical Investigation of The Origins of Worship World Religion Mythology Paganism Astrology and Atheism and Their Contributions Leading to Modern Hinduism is a sweeping look at the ancient cross cultural flows that worked to shape the long legacies of the major religions right up to our contemporary moment Primarily grounded in examining the Sumerian Akkadian Greek Egyptian Pagan and biblical origins of various religious figures practices and beliefs but drawing on a wide array of mythologies that stretch beyond this this book is stunning in its scope and impressive in the rich fascinating detail in which it presents its findings Ultimately author Stephen Martin makes a compelling case for the shared origins of the world s great religions arguing that by reincorporating many previously excommunicated spiritualities and atheisms Hinduism manifested itself as the complex multi faceted cosmology it is today As well suited to an amateur audience as it would to a professional theologian this book is sure to make an excellent read for anyone interested in studies of comparative religion or ancient civilizations or those simply interested in better understanding the roots of the religious beliefs and spiritual practices of themselves and those around them *Encyclopedia of World Scriptures* Mary Ellen Snodgrass,2024-10-17 From the time of human beginnings holy words chants liturgy and narratives have enabled individuals to communicate the mysteries of the universe Bodies of liturgical composition had to survive oral transmission for centuries until calligraphers could inscribe them in pictograph symbol or coded cipher or write them in words on stone mural scroll parchment or paper Through repetitions of sacred speech and

Talking About Cultural Diversity in Your Church Michael V. Angrosino, 2001-09-24 In the Great Commission Jesus told his followers to go and make disciples of all nations But today you don t need to be a missionary in another country to come across different cultures In your neighborhood school workplace and shopping area you probably run across many people with backgrounds vastly different from your own To have an effective ministry in the U S today outside or inside the church Christians need to be aware of how people s culture affects the ways they think and live Talking about Cultural Diversity in Your Church gives classes workshops or small groups the opportunity to discuss issues of multiculturalism Presenting what culture means in the first part of the book shows how understanding and misunderstandings of culture affect American society This beginning section encourages readers to be aware of their own cultural assumptions and how these assumptions color relations with others It then highlights special skills for communicating between cultures and highlights the special challenges for religion in a pluralistic society But the heart of the book is eleven case studies with discussion questions These concrete cases allow participants to see about how their understandings of culture have real world implications And the discussion questions let participants talk in meaningful ways about these difficult issues If you want a useful discussion about multiculturalism in your congregation you should take a look at Talking about Cultural Diversity in Your Church Visit the author s web page

Colossians and Philemon Brian Wintle, Bruce J. Nicholls, 2019-05-31 Paul s epistle to the Colossians was written to a group of Christians who still held on to their past Jewish and pagan traditions alongside their faith in Christ To help these believers Paul provided

guidance on how to deal with their past showing them how faith in Christ brings new meaning to their situation Similarly in his epistle to Philemon Paul addresses a culture where slavery was a common practice He demonstrates the potential when slaves responded to the gospel and turned to Christ Both of these epistles are extremely relevant to the church in Asia today especially as it is confronted with syncretism false teachings and the mistreatment of the less fortunate and marginalized in society The Asia Bible Commentary series empowers Christian believers in Asia to read the Bible from within their respective contexts Holistic in its approach to the text each exposition of the biblical books combines exegesis and application The ultimate goal is to strengthen the Body of Christ in Asia by providing pastoral and contextual exposition of every book of the Bible

The Publishers Weekly ,1914 *Clerical Celibacy* William E. Phipps,2004-09-10 The recent sex abuse scandals in the Catholic Church raised new questions about the abilities of a celibate priesthood to deal realistically with matters of sexuality Critics and journalists who have examined these scandals have called for an end to mandatory celibacy for priests In this overview Phipps points out that mandatory celibacy is relatively new fangled having appeared during the last half of the church s existence The innovation was imposed in the feudal and crusading era a dark period for the Church In order to provide this survey Phipps probes ancient religious texts and church history and uses studies that provide factual assessments of the general individual and cultural consequences of celibacy He avoids anecdotal evidence about celibacy and offers a balanced exploration by allowing celibate advocates and church representatives to speak in their own voices about these matters
