European Series United States. Dept. of State,1937 East and Central European History Writing in Exile 1939-1989
Maria Zadencka,Andrejs Plakans,Andreas Lawaty,2015-07-28 The studies in East and Central European History Writing in
Exile 1939 1989 all written by experts in the history of the region give answers to the comprehensive question of how the
experience of exile during the time of the Nazi and Communist totalitarianism influenced and still influences history writing
and the historical consciousness both in the countries hosting exile historians as well as in the home countries which these
historians left The volume comprises difficult to access information about the organization and the work of historians exiled
from the Baltic States including Baltic Germans Belorussia Ukraine and Poland And it provides reflections on the intellectuals
networking between their own national and the foreign traditions in the exile Contributors are Olavi Arens Mirosław

development of post socialist cities has become a major field of study among critical theorists from across the social sciences
and humanities Originally constructed under the dictates of central planners and designed to serve the demands of command
economies post socialist urban centers currently develop at the nexus of varied and often competing economic cultural and
political forces Among these nationalist aspirations previously simmering beneath the official rhetoric of communist
fraternity and veneer of architectural conformity have emerged as dominant factors shaping the urban landscape This book
explores this burgeoning field of research through detailed cases studies relating to the cultural politics of architecture
urban planning and identity in the post socialist cities of Eurasia This book was published as a special issue of Nationalities

Fanning,Erik Levi,2019-12-06 Following their entry into Austria and the Sudetenland in the late 1930s the Germans
attempted to impose a policy of cultural imperialism on the countries they went on to occupy during World War II Almost all

music institutions in the occupied lands came under direct German control or were subject to severe scrutiny and censorship the prime objective being to change the musical fabric of these nations and force them to submit to the strictures of Nazi ideology This pioneering collection of essays is the first in the English language to look in more detail at the musical consequences of German occupation during a dark period in European history It embraces a wide range of issues presenting case studies involving musical activity in a number of occupied European cities as well as in countries that were part of the Axis or had established close diplomatic relations with Germany The wartime careers and creative outputs of individual musicians who were faced with the dilemma of either complying with or resisting the impositions of the occupiers are explored In addition there is some reflection on the post war implications of German occupation for the musical environment in Europe Music under German Occupation is written for all music lovers students professionals and academics who have particular interests in 20th century music and or the vicissitudes of European cultural life during World War II
