Egotists And Autocrats:

Egotists and Autocrats George Bowering, 1999-01-01 Just Watch Me- Trudeau's Tragic Legacy Ron Coleman Colonel, 2003-01-16 Just Watch Me was the expression used by Trudeau when challenged by a reporter regarding his use of power during the FLQ crisis in Canada in 1970 This book traces the source of Trudeau's political groundings and his world travels after his formal education It examines his early work in Quebec and the formation of alliances within that community After being convinced that he could achieve more at the federal level it explores his initial activities and policy changes as the Prime Minister Just Watch Me demonstrates his politicalization of the federal civil service RCMP and the military It exposes his moves to consolidate power by centralizing it one of the key aspects of socialism It explores his lack of principles and ethics and his revisionist thinking regarding Canadian history The book explores the moral makeup of politicians prevalent in Canada and other democracies as well and seeks to reveal their shortcomings These character flaws eventually become embedded in the party and subvert political process Trudeau altered Canadian political institutions and the bureaucracy to moribund shells and bloated francophone reservoirs respectively filled with political hacks party loyalists and party bag men incapable of performing their functions Trudeau employed reverse discrimination in order to favor one ethnic group over others He went so far as to embed the mechanism to do so in the Charter of Rights and Freedoms His brand of socialism transformed segments of Canadian culture from independence thus stripping them of their self reliance and self respect He used his power to interfere in the economy institute unnecessary social policies drive down production and plunge the country into debt and deficits unknown except in wartime He was in constant conflict with other levels of government and was incapable of developing policies and plans that were good for Canadians and Canada Internationally he oversaw the transformation of a middle power to a little power His anti Americanism and pro communist leanings put Canada at odds with her closest ally and neighbour Trudeau's anti military and anti nuclear stance resulted in the eventual neutering of the Canadian military In the end he squandered billions on bilingualism the bureaucracy the arts and Quebec His governments were only about elevating Quebec and Quebecers to political power In summary he revolutionized Canada while most of Canada slumbered on This book exhorts Canadians to take back political power through the only tool they have left the vote It asks them to carefully examine their political candidates and eliminate those whose character is lacking or unlikely to withstand the assault that the party can bring to bear It encourages Canadians to reform their political institutions and finally to reverse the trend towards socialism a trend that can only be destructive as evidenced in so many countries that have tried it *Industrial Management* ,1921 **When Tish Happens** Frank Davey, 2011-04 In the early 1960s a group of students at UBC started a magazine called Tish The name was purposefully an anagram of shit in order to demonstrate their youthful and iconoclastic attitude In many ways Tish and its editors became the clear break from older Canadian poets and styles At the heart of the magazine and the movement was Frank Davey And it is Davey who has written this definitive history

Davey has organized the material as a memoir starting from his own early days in Abbotsford B C and gradually introducing the other poets including George Bowering Daphne Marlatt and Fred Wah despite the fact that Davey doesn't meet them until they all arrive at UBC Much of the theory of the Tish poets derives from the Black Mountain poets an American movement that incorporated the writings of Charles Olson Robert Creeley and Robert Duncan who suggested the name itself The Black Mountain poets believed that writing should be locally based and should grow out of the author's own breathing patterns The more specific to a locale the better The poets are introduced as characters in a play and when Fred Wah says Let's start a magazine things happen The first 19 issues became the calling card for a new type of poetry but inevitably the writers began to go their own way It is Davey's commitment that holds the group together despite their geographical separation The Tish movement provided the impetus to create a new more contemporary Canadian poetry And here Frank Davey reveals how it started grew and became a lasting force **The Au Sable News**, 1923 **Rise to Greatness** Conrad Black, 2014-11-11 Masterful ambitious and groundbreaking this is a major new history of our country by one of our most respected thinkers and historians a book every Canadian should own From the acclaimed biographer and historian Conrad Black comes the definitive history of Canada a revealing groundbreaking account of the people and events that shaped a nation Spanning 874 to 2014 and beginning from Canada's first inhabitants and the early explorers this masterful history challenges our perception of our history and Canada's role in the world From Champlain to Carleton Baldwin and Lafontaine to MacDonald Laurier and King Canada's role in peace and war to Quebec's quest for autonomy Black takes on sweeping themes and vividly recounts the story of Canada's development from colony to dominion to country Black persuasively reveals that while many would argue that Canada was perhaps never predestined for greatness the opposite is in fact true the emergence of a magnificent country against all odds was a remarkable achievement Brilliantly conceived this major new reexamination of our country's history is a riveting tour de force by one of the best writers writing today *From Cohen to Carson* Ian Rae, 2008-03-26 From Cohen to Carson provides the first book length analysis of one of Canada's most distinctive fields of literary production Ian Rae argues that Canadian poets have turned to the novel because of the limitations of the lyric but have used lyric methods puns symbolism repetition juxtaposition to create a mode of narrative that contrasts sharply with the descriptive conventions of realist and plot driven novels *Industrial Management* John R. Dunlap, 1921

Challenges of Minority Governments in Canada Marc Gervais, 2022-08-10 There have been few studies of Canadian minority governments despite the fact that between 1957 and 2008 9 of the 18 general federal elections produced minority governments How such governments manage to remain in power viability and gain support for their legislative proposals effectiveness has not been investigated thoroughly Three theoretical perspectives the rational choice tradition new institutionalism and the party politics and party systems approach are used to examine the dynamics at play Data for four minority governments Diefenbaker 1957-58 Pearson 1963-65 Clark 1979-80 and Harper 2006-08 have been gathered from

archival records debates and votes in the House of Commons autobiographies third party accounts and earlier studies on minority governments Viability and effectiveness would appear to depend on 1 bargaining power interparty dynamics and intra party cohesion and 2 agenda control House business confidence tests and other institutional features The study also stresses the importance of government concessions and the capacity and skill of parliamentary actors in using the institutional and party system levers

International Who's Who in Poetry 2005 Europa Publications,2004-08-02 The 13th edition of the International Who's Who in Poetry is a unique and comprehensive guide to the leading lights and freshest talent in poetry today Containing biographies of more than 4 000 contemporary poets world wide this essential reference work provides truly international coverage In addition to the well known poets talented up and coming writers are also profiled Contents Each entry provides full career history and publication details An international appendices section lists prizes and past prize winners organizations magazines and publishers A summary of poetic forms and rhyme schemes The career profile section is supplemented by lists of Poets Laureate Oxford University professors of poetry poet winners of the Nobel Prize for Literature winners of the Pulitzer Prize for American Poetry and of the King's Queen's Gold medal and other poetry prizes

English Mechanic and Mirror of Science and Art ,1913 *Rise to Greatness, Volume 1: Colony (1000-1867)* Conrad Black,2017-03-07 Masterful ambitious and groundbreaking this is a major new history of our country by one of our most respected thinkers and historians a book every Canadian should own From the acclaimed biographer and historian Conrad Black comes the definitive history of Canada a revealing groundbreaking account of the people and events that shaped a nation The first of three volumes spanning from the year 1000 to 1867 and beginning with Canada's first inhabitants and the early explorers this masterful history challenges our perception of our history and Canada's role in the world taking on sweeping themes and vividly recounting the story of Canada's development from colony to dominion to country Black persuasively reveals that while many would argue that Canada was perhaps never predestined for greatness the opposite is in fact true the emergence of a magnificent country against all odds was a remarkable achievement Brilliantly conceived this major new reexamination of our country's history is a riveting tour de force by one of the best writers writing today

Industrial Management John Robertson Dunlap,Arthur Van Vliissingen,John Michael Carmody,1921 **Factory and Industrial Management** John Robertson Dunlap,Arthur Van Vliissingen,John M. Carmody,1921 Prime Ministerial Power in Canada Patrice Dutil,2017-06-09 Many Canadians lament that prime ministerial power has become too concentrated since the 1970s This book contradicts this view by demonstrating how prime ministerial power was centralized from the very beginning of Confederation and that the first three important prime ministers Macdonald Laurier and Borden channelled that centralizing impulse to adapt to the circumstances they faced Using a variety of innovative approaches Patrice Dutil focuses on the managerial philosophies of each of the prime ministers as well as their rapport with senior public servants resistance to genuine public sector reform and use of orders in council to further their aims He then compares their

managerial habits during times of crisis to those during ordinary times This is the first book to examine the administrative habits of these three prime ministers In it Dutil offers revealing insights into the evolution of prime ministerial power He also shows how this centralizing grip of these early first ministers inevitably shaped the administrations they headed as well as those that followed
