Lost Knowledge and Forbidden Secrets in Ancient Egypt Ezra Ivanov, We are not including in our history the stories of Herodotus and certain other writers who deliberately chose fables over facts and spun yarns for amusement only We will however outline what the priests of Egypt wrote in their sacred records which we have examined minutely and thoroughly The author describes an arcane doctrine believed lost to time It may be based on events that occurred more than 3 000 years ago but Khaemwas still evokes the mystic heritage of Egypt Traditional spiritual practices have always given people insight into their environments and allowed them to live harmoniously with them despite hardships that can only be imagined Despite advancements in science and technology we do not seem to be as equipped in the modern age Undoubtedly this is why we look to past cultures such as Egypt for the elusive insights and powers we miss We are like Khaemwas in many ways We want to comprehend the mysteries of daily life and discover the source of all wisdom Egypt's mystic heritage continues to attract our attention for these reasons So many ancients spoke of a legacy What is it Egyptian legends freely

circulated among travelers as noted by the Greek historian Diodorus Siculus 60 B C E Furthermore the temples and tombs were regularly documented with similar stories Some legends spoke of their gods royal figures sages and adventurers who embodied the natural and supernatural forces of the world around them A great deal of the information was gleaned from ancient texts Yet they differed from myths of other cultures including Greek myths which viewed it as a symbol of natural phenomena or metaphor for the universe rather than a factual narrative Ancient Egyptians were not so rigid in their philosophical thinking they made no distinction between myth and legend Chronicles they inherited from Antiquity were believed to be actual events either during a historical time when their gods inhabited the Earth or in a dimension they called timeless time when human beings had direct access to divine powers Because legends gave meaning and purpose to the past present and future they were vital and practical
