Eichmann Interrogated Adolf Eichmann, 1999-05-06 As head of the Gestapo's Jewish Evacuation Department Lieutenant Colonel Adolf Eichmann 1906-1962 was the driving force in the impoverishment, deportation and extermination of millions of Jews. In 1945 he escaped with a Vatican passport and fled to South America. In May 1960 the Israelis located and kidnapped Eichmann from Argentina and brought him to trial in Israel where he was convicted and hanged; his remains cremated and scattered. For nearly a year prior to his trial, Eichmann was interrogated by Captain Avner W. Less, a German Jew whose father and numerous relatives perished in Nazi concentration camps. *Eichmann Interrogated* is a superbly edited condensation of their 275-hour exchange, representing ten percent of the 3,564-page total. Amid his lies, distortions, evasions, half-truths and startling admissions, Eichmann fully acknowledges the reality of the Holocaust while attempting to minimize his central role in its execution. As his life from traveling salesman to mass murderer unfolds, Eichmann's defense becomes a chilling self-indictment and a warning of Evil's often unassuming visage.

Eichmann Interrogated Adolf Eichmann, Jochen Von Lang, Claus Sibyll, 1984-05-01 The first definitive compendium of Eichmann's pretrial testimony includes his account of the nature of Nazi war crimes and his attempts to create a personal palliative image of himself.

Eichmann's Jews Doron Rabinovici, 2014-11-06 The question of the collaboration of Jews with the Nazi regime during the persecution and extermination of European Jewry is one of the most difficult and sensitive issues surrounding the Holocaust. How could people be forced to cooperate in their own destruction? Why would they help the Nazi authorities round up their own people for deportation, manage the collection points and supervise the people being deported until the last moment? This book is a major new study of the role of the Jews and more specifically the Judenrat or Jewish Council in Holocaust Vienna. It was in Vienna that Eichmann developed and tested his model for a Nazi Jewish policy from 1938 onwards, and the leaders of the Viennese Jewish community were the prototypes for all subsequent Jewish councils. By studying the situation in Vienna, it is possible to gain a unique insight into the way that the Nazi regime incorporated the Jewish community into its machinery of destruction. Drawing on recently discovered archives and extensive interviews, Doron Rabinovici explores in detail the actions of individual Jews and Jewish organizations and shows how all of their strategies to protect themselves and others were ultimately doomed to failure. His rich and insightful account enables us to understand in a new way the terrible reality of the victims' plight, faced with the stark choice of death or cooperation; many chose to cooperate with the authorities in the hope that their actions might turn out to be the lesser evil.

Hitler's People Richard J. Evans, 2024-08-13 Named a Best Book of the Year by Kirkus Reviews and Air Mail. A fascinating and instructive book, elegantly written and perceptive. *Wall Street Journal*. Kaleidoscopic. A fascinating exploration of individual agency that never loses sight of the larger context. Just the kind of probing, nuanced and unsparing study to help us think things through. *The New York Times*. Through a connected set of biographical portraits of key Nazi figures that

follows power as it radiated out from Hitler to the inner and outer circles of the regime's leadership one of our greatest historians answers the enduring question how does a society come to carry out a program of unspeakable evil Richard Evans author of the acclaimed *The Third Reich Trilogy* and over two dozen other volumes on modern Europe is our preeminent scholar of Nazi Germany Having spent half a century searching for the truths behind one of the most horrifying episodes in human history in *Hitler's People* he brings us back to the original site of the Nazi movement namely the lives of its most important members Working in concentric circles out from Hitler and his closest allies Evans forms a typological framework of Germany society under Nazi rule from the top down With a novelist's eye for detail Evans explains the Third Reich through the personal failings and professional ambitions of its members from its most notorious deputies like Goebbels the regime's propagandist and Himmler the Holocaust's chief architect to the crucial enforcers and instruments of the Nazi agenda that history has largely forgotten like the schoolteacher Julius Streicher and the actress Leni Riefenstahl Drawing on a wealth of recently unearthed historical sources *Hitler's People* lays bare the inner and outer lives of the characters whose choices led to the deaths of millions Nearly a century after Hitler's rise the leading nations of the West are once again being torn apart by a will to power By telling the stories of these infamous lives as human lives Evans asks us to grapple with the complicated nature of complicity showing us that the distinctions between individual and collective responsibility and even between pathological evil and rational choice are never easily drawn

The Final Solution David Cesarani, 2002-09-11 *The Final Solution* clarifies the key questions surrounding the attempt by the Nazis to exterminate the Jews Drawing on important new research these authoritative essays focus on the preconditions and antecedents for the Final Solution and examine the immediate origins of the genocidal decision Contributors also examine the responses of peoples and governments in Germany occupied Europe the USA and among Jews worldwide The controversial conclusions of this study challenge many of our accepted ideas about the period

The Treblinka Death Camp Chris Webb, 2014-04-15 This book is the definitive account of one of history's most infamous death factories where approximately 800 000 people lost their lives From the Nazis who ran it to the Ukrainian guards and maids the Jewish survivors and the Poles living in the camp's shadow this text represents every perspective It provides biographies of the Jews who perished in the death camp as well as those who escaped from Treblinka in individual efforts or as part of the mass prisoner uprising on August 2 1943 It also includes unique and previously unpublished sketches of the camp's ramp area and gas chamber drawn by survivors

The Short Strange Life of Herschel Grynszpan Jonathan Kirsch, 2013-05-07 *The Washington Post* Notable Non Fiction of 2013 On the seventy fifth anniversary of Kristallnacht comes this untold story of a teenager whose act of defiance would have dire international consequences On the morning of November 7 1938 a seventeen year old Jewish refugee Herschel Grynszpan walked into the German embassy in Paris and in an act of desperation assassinated Ernst vom Rath a low level Nazi diplomat He did it he said out of love for my parents and for my people Two days later vom Rath lay dead and the Third Reich exploited his murder to inaugurate its long

planned campaign of terror against Germany's Jewish citizens in the mass pogrom that became known as Kristallnacht. In a bizarre concatenation of events that would rapidly involve Ribbentrop, Goebbels, and Hitler himself, Grynszpan would become the centerpiece of a Nazi propaganda campaign that would later describe his actions as the first shot of the Jewish War. In *The Short Strange Life of Herschel Grynszpan*, best-selling author Jonathan Kirsch brings to light this wrenching story, reexamining the historical details and moral dimensions of one of the most enigmatic cases of World War II. Was Grynszpan a crazed lone gunman, or was he an agent of the Gestapo recruited to provide a convenient pretext for a major escalation of Nazi aggression? Was he motivated by a desire to strike a blow for the Jewish people as an early partisan fighter, or did his act of violence speak to an intimate connection between the assassin and his target, as Grynszpan later claimed? In re-creating the life of this German-Polish refugee turned assassin, Kirsch convincingly demonstrates that the life of Herschel Grynszpan remains just as fascinating as the conspiracy theories that surround him. Challenging the perception of the European Jew as docile and unwilling to resort to violence in the face of aggression, Grynszpan was almost unanimously assailed by most German Jews who were rightly fearful that the Nazis would use the murder to wreak widespread retribution. Yet he was at the same time embraced by the American journalist Dorothy Thompson, who rallied others to his international defense. Condemned by the likes of Goebbels at the time he was still labeled as a psychopath and an agent provocateur by Hannah Arendt at the Eichmann trial two decades later, As Kristallnacht increasingly becomes known as an international day for remembrance, Jonathan Kirsch brilliantly succeeds here in illuminating both a single life cast into the shadows of history as well as the countless tragic lives of Eastern European Jews in the terrible days leading up to World War II. [Crimes of the Holocaust](#) Stephan Landsman, 2013-03-01

The problem of prosecuting individuals complicit in the Nazi regime's Final Solution is almost insurmountably complex and has produced ever less satisfying results as time has passed. In *Crimes of the Holocaust*, Stephan Landsman provides detailed analysis of the International Military Tribunal prosecution at Nuremberg in 1945, the Eichmann trial in Israel in 1961, the 1986 Demanjuk trial in Israel, and the 1990 prosecution of Imre Finta in Canada. Landsman presents each case and elaborates the difficulties inherent in achieving both a fair trial and a measure of justice in the aftermath of heinous crimes. In the face of few historical and legal precedents for such war crime prosecutions, each legal action relies on the framework of its predecessors. However, this only compounds the problematic issues arising from the Nuremberg proceedings. Meticulously combing volumes of testimony and documentary information about each case, Landsman offers judicious and critical assessments of the proceedings. He levels pointed criticism at numerous elements of this relatively recent judicial invention, sparing neither judges nor counsel, and remaining keenly aware of the human implications. Deftly weaving legal analysis with cultural context, Landsman offers the first rigorous examination of these problematic proceedings and proposes guideposts for contemporary tribunals. *Crimes of the Holocaust* is an authoritative account of the Gordian knot of genocide prosecution in the world courts, which will persist as a confounding issue as we are

faced with a trial of Saddam Hussein This volume will be compelling reading for legal scholars as well as laypersons interested in these cases and the issues they address *The Third Reich and the Palestine Question* Francis R.

Nicosia,2017-07-05 In order to ensure its racial ideological and strategic interests the Hitler regime actively supported the status quo in Palestine and the Middle East during the interwar period This included the perpetuation of British imperial power in Palestine the Jewish National Home not an independent Jewish state promised by the Balfour Declaration and the rejection of Arab self determination and independence *The Third Reich and the Palestine Question* is the first comprehensive study of German Palestine policy during the 1930s Francis R Nicosia places that policy within the context of historical German interests and aims in Palestine the Middle East and Europe from the Wilhelminian era through the Weimar period and the Third Reich He also provides insight into the broader foreign policy aims and calculations of the Nazi regime throughout the Arab Middle East before World War II In a new introduction Nicosia places his ground breaking research in its proper historical perspective He reviews some of the recent literature on the history of Nazi Germany and the Holocaust He also discusses some of the archival materials that have recently become available in the former German Democratic Republic and Soviet Union **Monsters in the Mirror** Sara Buttsworth, Maartje Abbenhuis,2010-08-31 This collection

Commitment to the Dead Helen Waterford,1987 The story of one woman s journey from a cultured life in pre war Europe through the devastation of Hitler s regime to her commitment of helping the world understand the Holocaust **The Nazis, the Vatican, and the Jews of Rome** Patrick J. Gallo,2023-02-15 On October 16 1943 the Jews of Rome were targeted for arrest and deportation The Nazis the Vatican and the Jews of Rome examines why and more importantly how it could have been avoided featuring new evidence and insight into the Vatican s involvement At the time Rome was within reach of the Allies but the overwhelming force of the Wehrmacht Gestapo and SS in Rome precluded direct confrontation Moral condemnations would not have worked nor would direct confrontation by the Italians Jewish leadership or even the Vatican Gallo underscores the necessity of determining what courses of actions most likely would have spared Italian Jews from the gas chambers Examining the historical context and avoiding normative or counterfactual assertions this book draws upon archival sources ranging from diaries to intelligence intercepts in English Italian and German With antisemitism on the rise today and the last remaining witnesses passing away it is essential to understand what happened in 1943 The Nazis the Vatican and the Jews of Rome grapples with this particular awful episode within the larger horrifying story of the Holocaust Despite the inadequacy of memory we must continue to attempt to make sense of the inexplicable **Genocide and the Politics of Memory** Herbert Hirsch,2000-11-09 More than sixty million people have been victims of genocide in the twentieth century alone including recent casualties in Bosnia and Rwanda Herbert Hirsch studies repetitions of large scale human violence in order to ascertain why people in every historical epoch seem so willing to kill each other He argues that the primal passions unleashed in the cause of genocide are tied to the manipulation of memory for political purposes According to Hirsch leaders often invoke or create memories of real or fictitious past injustices to motivate their followers to kill for political gain or other reasons Generations pass on their particular versions of events which then become history If we understand how cultural memory is created Hirsch says we may then begin to understand how and why episodes of mass murder occur and will be able to act to prevent them In order to revise the politics of memory Hirsch proposes essential reforms in both the modern political state and in systems of education
