

The background of the book cover is a painting of a woman in a white dress and green headscarf, sitting at a desk and writing with a quill. The room is dimly lit, with a window in the background showing a view of a building. The woman is focused on her work, and the overall atmosphere is quiet and contemplative.

Eight Hundred Years Of Womens Letters:

800 Years of Women's Letters Olga Kenyon, 2011-10-21 This inspiring and fascinating book is the first truly comprehensive study of women's letters ever published Organised by subject matter and covering a wide range of topics from politics work and war to childhood love and sexual passion 800 Years of Women's Letters reveals the depth breadth and diversity of women's lives through the ages Here Heloise writes to Abelard of her undying devotion Vita Sackville West and Virginia Woolf correspond about life and writing and Queen Victoria complains to Robert Peel about the neglect of Buckingham Palace Many more women write letters that reveal the compassion humour love and tenacity with which they confront the often difficult circumstances of everyday life This is an intriguing insight and a rare opportunity to read the real words of real women in their own intimate language

Epistolary Histories Amanda Gilroy, W. M. Verhoeven, 2000 This innovative collection of essays participates in the ongoing debate about the epistolary form challenging readers to rethink the traditional association between the letter and the private sphere It also pushes the boundaries of that debate by having the contributors respond to each other within the volume thus creating a critical community between covers that replicates the dialogic nature of epistolarity itself with all its dissonances and differences as well as its connections Focusing mainly on Anglo American texts from the seventeenth century to the present day these nine essays and their postscripts engage the relationship between epistolary texts and discourses of gender class politics and commodification Ranging from epistolary histories of Mary Queen of Scots to Turkish travelogues from the making of the modern middle class and the correspondence of Melville and Hawthorne to new epistolary innovators such as Kathy Acker and Orlan the contributions are divided into three parts part 1 addresses the feminocentric focus of the letter part 2 the boundaries between the fictional and the real and part 3 the ways in which the epistolary genre may help us think more clearly about questions of critical address and discourse that have preoccupied theorists in recent years In sum Epistolary Histories is a defining contribution to epistolary studies Contributors Nancy Armstrong Brown University Anne L Bower Ohio State University Marion Clare Brant King's College London Amanda Gilroy University of Groningen Richard Hardack Haverford and Bryn Mawr Colleges Linda S Kauffman University of Maryland College Park Donna Landry Wayne State University Gerald MacLean Wayne State University Martha Nell Smith University of Maryland College Park W M Verhoeven University of Groningen

Backscheider, 2013-03-29 Elizabeth Singer Rowe played a pivotal role in the development of the novel during the eighteenth century Winner of the CHOICE Outstanding Academic Title of the Choice ACRL Elizabeth Singer Rowe and the Development of the English Novel is the first in depth study of Rowe's prose fiction A four volume collection of her work was a bestseller for a hundred years after its publication but today Rowe is a largely unrecognized figure in the history of the novel Although her poetry was appreciated by poets such as Alexander Pope for its metrical craftsmanship beauty and imagery by the time of her death in 1737 she was better

known for her fiction According to Paula R Backscheider Rowe s major focus in her novels was on creating characters who were seeking a harmonious contented life often in the face of considerable social pressure This quest would become the plotline in a large number of works in the second half of the eighteenth century and it continues to be a major theme today in novels by women Backscheider relates Rowe s work to popular fiction written by earlier writers as well as by her contemporaries Rowe had a lasting influence on major movements including the politeness or gentility movement the reading revolution and the Bluestocking society The author reveals new information about each of these movements and Elizabeth Singer Rowe emerges as an important innovator Her influence resulted in new types of novel writing philosophies and lifestyles for women Backscheider looks to archival materials literary analysis biographical evidence and a configuration of cultural and feminist theories to prove her groundbreaking argument Thesaurus of Traditional English Metaphors P.R.
