**Handbook of Emotions in Classical Indian Philosophy** Maria Heim, Chakravarthi Ram-Prasad, Roy Tzohar, 2021-04-08 Drawing on a rich variety of premodern Indian texts across multiple traditions genres and languages this collection explores how emotional experience is framed evoked and theorized in order to offer compelling insights into human subjectivity Rather than approaching emotion through the prism of Western theory a team of leading scholars of Indian traditions showcases the literary texture philosophical reflections and theoretical paradigms that classical Indian sources provide in their own right The focus is on how the texts themselves approach those dimensions of the human condition we may intuitively think of as being about emotion without pre judging what that might be The result is a collection that reveals the range and diversity of phenomena that benefit from being gathered under the formal term emotion but which in fact open up what such theorisation representation and expression might contribute to a cross cultural understanding of this term In doing so these chapters contribute to a cosmopolitan comparative and pluralistic conception of human experience Adopting a broad phenomenological methodology this handbook reframes debates on emotion within classical Indian thought and is an invaluable resource for researchers and students seeking to understand the field beyond the Western tradition      *The Publishers Weekly*, 1892      **Geek in China** Matthew B.
