## **Eighteenth Century Sensibility And The Novel The Senses In Social Context:**

*Eighteenth-Century Sensibility and the Novel* Ann Jessie van Sant, 2004-05-20 This study of sensibility in the eighteenth century English novel discusses literary representations of suffering and responses to it in the social and scientific context of the period The reader of novels shares with more scientific observers the activity of gazing on suffering leading Ann Van Sant to explore the coincidence between the rhetoric of pathos and scientific presentation as they were applied to repentant prostitutes and children of the vagrant and criminal poor The book goes on to explore the novel's location of psychological responses to suffering in physical forms Van Sant invokes eighteenth century debates about the relative status of sight and touch in epistemology and psychology as a context for discussing the man of feeling notably in Sterne's *A Sentimental Journey* a spectator who registers his sensibility by physical means

**Eighteenth-century Sensibility and the Novel** Ann Jessie Van Sant, 1993

**Pleasure in the Eighteenth Century** Marie Mulvey-Roberts, 1996-10-02 What were the sources of pleasure during the eighteenth century The range of pleasurable activities from the bawdy and perverse to the refined are brought together in this collection of essays which is the first to look at both the philosophy and practice of the pleasure seeking Georgians Experts on the arts of pleasure will luxuriate over Italian opera gastronomic delights the pleasures of Gothic terror seduction and the revellers of the bizarre London clubs

*The Sentimental Novel in the Eighteenth Century* Albert J. Rivero, 2019-03-21 Provides twenty first century readers with a new comprehensive and suggestive account of the sentimental novel in the eighteenth century

*Honour, Violence and Emotions in History* Carolyn Strange, Robert Cribb, Christopher E. Forth, 2014-04-10 *Honour Violence and Emotions in History* is the first book to draw on emerging cross disciplinary scholarship on the study of emotions to analyse the history of honour and violence across a broad range of cultures and regions Written by leading cultural and social historians from around the world the book considers how emotions particularly shame anger disgust jealousy despair and fear have been provoked and expressed through culturally embedded and historically specific understandings of honour The collection explores a range of contexts

from 17th century China to 18th century South Africa and 20th century Europe offering a broad and wide ranging analysis of the interrelationships between honour violence and emotions in history This ground breaking book will be of interest to all researchers studying the relationship between violence and the emotions **Misfit Forms** Lorri G. Nandrea,2015-01-02 The complicated junctions negotiated by the novel during the eighteenth century reveal not only achievements but also exclusions Misfit Forms offers a speculative reconstruction of roads less traveled What if typographical emphasis and its associated transmission of sensuality and feeling had not lost out to transparent typography and its paradigms of sympathetic identification What was truncated when cumulative narrative structures were declared primitive in relation to the unified teleological plot What visions of the novel s value as an arena for experience were sidelined when novel reading was linked to epistemological gain Reading novels by Sterne Charlotte Bronte Defoe Gaskell Hardy and Woolf in tandem with less known works Nandrea illuminates the modes and techniques that did not become mainstream Following Deleuze Nandrea traces the dynamic repetitions of these junctures in the work of later writers Far from showing the eclipse of primitive modes such moments of convergence allow us to imagine other possibilities for the novel s trajectory Weeping Britannia Thomas Dixon,2015-09-10 There is a persistent myth about the British that we are a nation of stoics with stiff upper lips repressed emotions and inactive lachrymal glands Weeping Britannia the first history of crying in Britain comprehensively debunks this myth Far from being a persistent element in the national character the notion of the British stiff upper lip was in fact the product of a relatively brief and militaristic period of our past from about 1870 to 1945 In earlier times we were a nation of proficient sometimes virtuosic moral weepers To illustrate this perhaps surprising fact Thomas Dixon charts six centuries of weeping Britons and theories about them from the medieval mystic Margery Kempe in the early fifteenth century to Paul Gascoigne s famous tears in the semi finals of the 1990 World Cup In between the book includes the tears of some of the most influential figures in British history from Oliver Cromwell to Margaret Thatcher not forgetting George III Queen Victoria Charles Darwin and Winston Churchill along the way But the history of weeping in Britain is not simply one of famous tear stained individuals These tearful micro histories all contribute to a bigger picture of changing emotional ideas and styles over the centuries touching on many other fascinating areas of our history For instance the book also investigates the histories of painting literature theatre music and the cinema to discover how and why people have been moved to tears by the arts from the sentimental paintings and novels of the eighteenth century and the romantic music of the nineteenth to Hollywood weepies expressionist art and pop music in the twentieth century Weeping Britannia is simultaneously a museum of tears and a philosophical handbook using history to shed new light on the changing nature of Britishness over time as well as the ever shifting ways in which we express and understand our emotional lives The story that emerges is one in which a previously rich religious and cultural history of producing and interpreting tears was almost completely erased by the rise of a stoical and repressed British empire in the late nineteenth century Those forgotten philosophies of tears and feeling can

now be rediscovered In the process readers might perhaps come to view their own tears in a different light as something more than mere emotional incontinence *British Fiction and the Production of Social Order, 1740-1830* Miranda J.

Burgess,2000-10-26 In *British Fiction and the Production of Social Order* Miranda Burgess examines what Romantic period writers called romance a hybrid genre defined by a shared role in the negotiation of conflicts between political economy and moral philosophy Reading a broad range of fictional and non fictional works published between 1740 and 1830 Burgess places authors such as Richardson Scott Austen and Wollstonecraft in a new economic social and cultural context She explores the interaction between writing and the formation of community particularly in relation to issues of legitimacy and gender Burgess argues that the romance held a key role in remaking the national order of a Britain dependent on ideologies of human nature for justification of its social economic and political systems *Gender and Voice in the French Novel, 1730-1782* Aurora Wolfgang,2017-03-02 Analyzing four best selling novels by both women and men written in the feminine voice this book traces how the creation of women centered salons and the emergence of a feminine poetic style engendered a new type of literature in eighteenth century France The author argues that writing in a female voice allowed writers of both sexes to break with classical notions of literature and style so that they could create a modern sensibility that appealed to a larger reading public and gave them scope to innovate with style and form Wolfgang brings to light how the female voice in literature came to embody the language of sociability but also allowed writers to explore the domain of inter subjectivity while creating new bonds between writers and the reading public Through examination of Marivaux s *La Vie de Marianne* Graffigny s *Lettres d une Pruvienne* Riccoboni s *Lettres de Mistriss Fanni Butlerd* and Laclos s *Les Liaisons dangereuses* she shows that in France this modern feminine sensibility turned the least prestigious of literary genres the novel into the most compelling and innovative literary form of the eighteenth century Emphasizing how the narratives analyzed here refashioned the French literary world through their linguistic innovation and expression of new forms of subjectivity this study claims an important role for feminine voice narratives in shaping the field of eighteenth century literature **The Expedition of**

**Humphry Clinker (Second International Student Edition) (Norton Critical Editions)** Tobias Smollett,2016-04-04 This revised Norton Critical Edition restores the original full title to the 1771 epistolary and picaresque novel In choosing supporting materials Evan Gottlieb emphasizes the growing recognition of Smollett as both a major British author and a central player in eighteenth century London s vibrant publishing world In his last and finest novel Tobias Smollett uses multiple letter writers to create a very funny and nearly kaleidoscopic vision of life in mid eighteenth century Britain As his protagonists travel about the countryside on their quest to restore patriarch Matthew Bramble s health they unwittingly succeed in uniting Britain across boundaries of nation class religion and gender The text of this Norton Critical Edition is again based on the first edition of 1771 It is accompanied by explanatory footnotes illustrations by Thomas Rowlandson for the 1793 edition and a map by Charles Scavey A new Backgrounds and Contexts section includes selections from Smollett s

popular early poetry as well as important later nonfiction writing on history and the novel and the Anglo Scottish Union among others Criticism is divided into two sections and presents the most important reviews and scholarly assessments of The Expedition of Humphry Clinker Early Reviews and Criticism collects four major reviews from 1771 along with Sir Walter Scott's 1821 preface to the novel Contemporary Criticism focuses on recent scholarship with its emphasis on Smollett's connection and relevance to topics of critical interest including nationalism colonialism the history of the novel gender studies and the histories of religion and medicine Contributors include Eric Rothstein John Zomchick Robert Mayer Charlotte Sussman David Weed Evan Gottlieb Tara Ghoshal Wallace Misty G Anderson and Annika Mann A chronology of Smollett's life and work and a selected bibliography are also included

Lawlor, 2006-10-31 This book seeks to explain how consumption a horrible disease came to be the glamorous and artistic Romantic malady It tries to explain the disparity between literary myth and bodily reality by examining literature and medicine from the Renaissance to the late Victorian period covering a wide range of authors and characters

Unfelt James Noggle, 2020-03-15 Unfelt offers a new account of feeling during the British Enlightenment finding that the passions and sentiments long considered as preoccupations of the era depend on a potent insensibility the secret emergence of pronounced emotions that only become apparent with time Surveying a range of affects including primary sensation love and self love greed happiness and patriotic ardor James Noggle explores literary evocations of imperceptibility and unfeeling that pervade and support the period's understanding of sensibility Each of the four sections of Unfelt on philosophy the novel historiography and political economy charts the development of these idioms from early in the long eighteenth century to their culmination in the age of sensibility From Locke to Eliza Haywood Henry Fielding and Frances Burney and from Dudley North to Hume and Adam Smith Noggle's exploration of the insensible dramatically expands the scope of affect in the period's writing and thought Drawing inspiration from contemporary affect theory Noggle charts how feeling and unfeeling flow and feed back into each other identifying emotional dynamics at their most elusive and powerful the potential the incipient the emergent the virtual Open Access edition funded by the National Endowment for the Humanities

Salih, 2004-05-25 Discourses of Slavery and Abolition brings together for the first time the most important strands of current thinking on the relationship between slavery and categories of writing oratory and visual culture in the long Eighteenth century The book begins by examining writing about slavery and race by both philosophers and by authors such as Aphra Behn It considers self representation in the works of Ignatius Sancho Olaudah Equiano James Williams and Mary Prince The final section reads literary and cultural texts associated with the abolition movements of the Eighteenth and Nineteenth centuries moving beyond traditional accounts of the documents of that movement to show the importance of religious writing children's literature and the relationship between art and abolition
