Foundations of Moral Education ,1983-12-02 Product information not available      **A Bibliographic Guide to Educational Research** Dorothea M. Berry,1990 585 new titles most published from 1980 to 1989 and 213 new editions and supplement volumes of titles cited in the second edition Appendix and extensive indexes Recommended for undergraduate bibliographic collections ARBA      The Death of Character James Davison Hunter,2008-01-04 The Death of Character is a broad historical sociological and cultural inquiry into the moral life and moral education of young Americans based upon a huge empirical study of the children themselves The children s thoughts and concerns expressed here in their own words shed a whole new light on what we can expect from moral education Targeting new theories of education and the prominence of psychology over moral instruction Hunter analyzes the making of a new cultural narcissism      *Moral Boundaries* Joan Tronto,2020-07-24 In *Moral Boundaries* Joan C Tronto provides one of the most original responses to the controversial questions surrounding women and caring Tronto demonstrates that feminist thinkers have failed to realise the political context which has shaped their debates about care It is her belief that care cannot be a useful moral and political concept until its traditional and ideological associations as a women s morality are challenged *Moral Boundaries* contests the association of care with women as empirically and historically inaccurate as well as politically unwise In our society members of unprivileged groups such as the working classes and people of color also do disproportionate amounts of caring Tronto presents care as one of the central activities of human life and illustrates the ways in which society degrades the importance of caring in order to maintain the power of those who are privileged      Kohlberg Revisited Boris Zizek,Detlef Garz,Ewa Nowak,2015-04-23 I could easily say what a timely book but the truth is that Kohlberg is for the ages which means any time is worthwhile to revisit his work So in that sense let us ask what aspects of his work in Moral Development and Moral Education are timely today One answer can be found in the Kohlberg Lounge on the sixth floor of Larsen Hall which I have the privilege to visit every day Placed there in 1987 a plaque in his honor states In memory of Lawrence Kohlberg In this room where ideas are born through discussion and tested through debate Let us listen and speak with the same respect that he gave to all In 2015 the emphasis on discussion and debate has reached beyond moral development to all aspects of pedagogy from literacy to history education and beyond And in an era of fast and slow thinking this book reminds us that ethical reflection self awareness and a social conscience are the three malleable developmental skills that allow us all to be truly human Kohlberg then Kohlberg now Kohlberg forever Robert L Selman Harvard University Roy Edward Larsen Professor of Education and Human Development Professor of Psychology in the Department of Psychiatry This book about one of the giants of psychology is very timely There is a whole generation of students and scholars that is growing up with a knowledge about moral development without learning about the roots of the field This is not a matter of nostalgia or attributional justice but one of missing out on a fountain of knowledge and insight that has not been surpassed in its depth

and breadth This book should become required reading for students in the social sciences that should begin to ask the questions that would require their teachers to read up Gil Noam Harvard Medical School Founder and Director of the Program in Education Afterschool Resiliency PEAR Kohlberg s theory of moral developmental might be more relevant today than ever given increasing worries about the fragmentation and declining solidarity in modern Western society But does the theory hold up in light of old criticisms and new questions and methods The chapters by leading scholars in the field of moral development introduce new generations of moral psychologists philosophers and educators to Kohlberg s work by addressing strengths and weaknesses and suggesting ways to move forward A must read for anyone interested in moral education Jan Boom Utrecht University Chair of the Kuhmerker Dissertation Award Committee

### **Feminist Interpretations of**

**Jean-Jacques Rousseau** Lynda Lange,2009-03-02 A progenitor of modern egalitarianism communitarianism and participatory democracy Jean Jacques Rousseau is a philosopher whose deep concern with the relationship between the domains of private domestic and public political life has made him especially interesting to feminist theorists but also has made him very controversial The essays in this volume representing a wide range of feminist interpretations of Rousseau explore the many tensions in his thought that arise from his unique combination of radical and traditional perspectives on gender relations and the state Among the topics addressed by the contributors are the connections between Rousseau s political vision of the egalitarian state and his view of the natural role of women in the family Rousseau s apparent fear of the actual danger and power of women important questions Rousseau raised about child care and gender relations in individualist societies that feminists should address the founding of republics the nature of consent the meaning of citizenship and the conflation of modern universal ideals of democratic citizenship with modern masculinity leading to the suggestion that the latter is as fragile a construction as the former Overall this volume makes an important contribution to a core question at the hinge of modernism and postmodernism how modern egalitarian notions of social contract premised on universality and objective reason can yet result in systematic exclusion of social groups including women Contributors are Leah Bradshaw Melissa A Butler Anne Harper Sarah Kofman Rebecca Kukla Lynda Lange Ingrid Makus Lori J Marso Mira Morgenstern Susan Moller Okin Alice Ormiston Penny Weiss Elie Wiestad Elizabeth Wingrove Monique Wittig and Linda Zerilli
