Founder Of Christianity:

Paul, the Founder of Christianity Yoseop Ra,2021-12-01 Although many scholars have studied Paul s theology they have not provided satisfactory interpretation This is because his genuine epistles were studied as they have been left in the New Testament Rather from a redactional point of view Paul the Founder of Christianity approaches Paul s seven epistles Romans 1 Corinthians 2 Corinthians Galatians Philippians 1 Thessalonians and Philemon The book reconstructs his life and uncovers the compilation of sixteen short letters into seven epistles Accordingly these can be divided according to the chronological order of composition When the transformation of Paul s theology is traced one can see a progressive development of Christology the death of Jesus Christ redemption and salvation the Law the end of world the spirit of God and the church of God As a result it can be argued that after the Antioch incident Paul had conflict with the apostles of Jerusalem and founded Christianity for gentiles an argument that is presented in detail based on the evidence found in Paul s sixteen letters

Paul, the Founder of Christianity Gerd Lüdemann,2002 New Testament scholar Gerd L demann continues his exploration of the life and teachings of Paul in this groundbreaking monograph which synthesizes the research of his four previous books on Christianity s leading apostle As the subtitle of the present work makes clear L demann comes to the conclusion that Paul should be considered not only Christianity s most influential proselytizer but in truth deserves the title of founder of the religion that ostensibly originated with Jesus of Nazareth Though other scholars have previously made the point that Paul s interpretation of the Christian message actually obscured the original teachings of Jesus L demann goes further His painstaking historical research shows that Paul created the major tenets of the Christianity we know today and that his theology an original synthesis of Hebrew and Greek belief systems differs significantly from what we now know the historical Jesus to have preached What Saint Paul Really Said N. T. Wright,2014-09-05 Based on various lectures given at various places and times *The Founder of Christianity* Charles Harold Dodd,1970 What Saint Paul Really Said Nicholas Thomas Wright,1997 Paul, the Founder of Christianity Yoseop Ra,2021-12-01 Although many scholars have studied Paul s theology they have not provided satisfactory interpretation This is because his genuine epistles were studied as they have been left in the New Testament Rather from a redactional point of view Paul the Founder of Christianity approaches Paul s seven epistles Romans 1 Corinthians 2 Corinthians Galatians Philippians 1 Thessalonians and Philemon The book reconstructs his life and uncovers the compilation of sixteen short letters into seven epistles Accordingly these can be divided according to the chronological order of composition When the transformation of Paul s theology is traced one can see a progressive development of Christology the death of Jesus Christ redemption and salvation the Law the end of world the spirit of God and the church of God As a result it can be argued that after the Antioch incident Paul had conflict with the apostles of Jerusalem and founded Christianity for gentiles an argument that is presented in detail based on the evidence found in Paul s sixteen letters Plan of the Founder of Christianity Franz Volkmar Reinhard,1831 **The founder of**

Christianity and his religion, an intr. to the New Testament [signed J.M.] J. M,1885 **Was Paul the Founder of Christianity?** ,1907 A Short History of Christianity John Mackinnon Robertson,1931 **Paul** David Wenham,1995 David Wenham has returned with new vigor to the old question of the relationship of Pauline thought to the life and teachings of Jesus back cover **The Founder of Christianity** C. H. Dodd,1971 *Saint Paul: An Architect of Christianity?* Dr. Mohammad Mohiuddin Ahmed ,2020-09-07 This book deals with Saint Paul of Tarsus who was a highly learned person He had no personal acquaintance with Jesus Christ He was a great persecutor of Jesus Christ and his followers But on the vision of Jesus Christ on the road to Damascus he became a stronger believer follower preacher and Apostle of Jesus Christ and adapted Jesus s Way of Life However he altered and contradicted most of Moses and Jesus s teachings During his missionary exhortations Saint Paul was hounded by Jews for his controversial views and teachings Rejected by Jews Saint Paul turned his attention towards Gentiles who accepted him as an Apostle of Jesus and adapted his contentious teachings which are questionable and debatable even today **The Problem of Christianity** Josiah Royce,1913 *Mary, Founder of Christianity* Chris Maunder,2022-04-07 A radical reassessment of the role of Mary the mother of Jesus and other women in the early Church Despite the commonly held assumption that the Bible says little about the mother of Jesus there are many indications that Mary preceded and inspired her son in fostering the emergence of a new faith community In the Gospel of John Mary instigates Jesus first miracle and in all four gospels she is present at the crucifixion suggesting hers was a place of unparalleled importance in the Christian story Setting aside presuppositions based on doctrine Chris Maunder returns to the New Testament to answer the question Who was Mary He re examines the virgin conception of Jesus Mary s contribution to Jesus ministry and her central role in the events of the crucifixion and the resurrection In so doing Maunder casts a thought provoking new light on Mary and the women including Mary Magdalene who stood alongside her The Christian Century ,1928 The True Founder of Christianity and the Hellenistic Philosophy Max Rieser,1979 **The Founder of Christendom** Goldwin Smith,1908 Christian Antisemitism William Nicholls,1995 In *Christian Antisemitism A History of Hate* Professor William Nicholls a former minister in the Anglican Church and the founder of the Department of Religious Studies at the University of British Columbia presents his stunning research stating that Christian teaching is primarily responsible for antisemitism As Nicholls states these conclusions can now be fully justified by the most up to date scholarship Christian as well as Jewish Nicholls writes Many Jewish writers have said quite simply that the Nazis chose the Jews as the target of their hate because two thousand years of Christian teaching had accustomed the world to do so Few Christian historians and theologians have been sufficiently open to the painful truth to accept this explanation without considerable qualification Nevertheless it is correct Christian Antisemitism traces over two millennia the growing domination of Western culture by the Christian myth as Nicholls calls it about the Jews and shows how it still exerts a major influence even on the secularized post Christian world Nicholls shows through scrupulous research and documentation that the myth of the Jews as

Christ killers has powered anti Judaism and antisemitism throughout the centuries Nicholls clearly illustrates that this myth is present in the New Testament and that it has not yet died under the impact of modern critical history Also included in this remarkable volume is Nicholls research regarding the Jewishness of Jesus He writes Historical scholarship now permits us to affirm with confidence that Jesus of Nazareth was a faithful and observant Jew who lived by the Torah and taught nothing against his own people and their faith the Romans not the Jews were the Christ killers In Part I Before the Myth Nicholls explores the life of Jesus and his teachings as found in the New Testament Was Jesus the founder of Christianity Did he offer teachings against his people Did he believe himself

The Gospel of the Lord Michael F. Bird, 2014-08-22 In this book through a distinctive evangelical and critical approach Michael Bird explores the historical development of the four canonical Gospels He shows how the memories and faith of the earliest believers formed the Gospel accounts of Jesus that got written and in turn how these accounts further shaped the early church Bird s study clarifies the often confusing debates over the origins of the canonical Gospels Bird navigates recent concerns and research as he builds an informed case for how the early Christ followers wrote and spread the story of Jesus the story by which they believed they were called to live The Gospel of the Lord is ideal for students or anyone who wants to know the story behind the four Gospels Watch an interview with Michael Bird from our Eerdmans Author Interview Series
