Founding The Communist International Proceedings And Documents Of The First Congress March 1919:

Founding the Communist International Communist International. Congress, 1987 Delegates from 20 countries discuss the revolutionary upsurge that swept Central Europe and Asia following World War I Includes manifesto announcing founding of new revolutionary International

The Communist International in Lenin's Time Communist International. Congress, 1987

The Founding of the Red Trade Union International Mike Taber, 2024-09-16 The 1921 founding congress in Moscow of the Red International of Labour Unions was a historic event That gathering set out to create an international revolutionary trade union organisation embracing millions of workers and it brought together a wide variety of forces within the world labour movement Lively and at times acrimonious debates occurred at the congress with syndicalist and other currents over the purpose and tasks of trade unions the nature of class struggle unionism and union strategy and tactics The congress proceedings published here in a richly annotated edition are part of a multi volume series on the Communist International in Lenin's time

The USA in the Making of the USSR Paul Dukes, 2004 The USA's contribution to the making of the USSR was accidental In the belief that the Russian Socialist Federative Soviet Republic could not survive American statesmen strove to keep the former Tsarist empire intact for a non communist successor regime in the face of attempts by other powers to carve out spheres of influence in both European and Asiatic Russia In this manner they unwittingly facilitated the formation of the Union of Soviet Socialist Republics This book shows the importance of the Russian question at the Washington Conference and throws light on the emergence of the Versailles Washington system of international relations

The Practice of Socialist Internationalism Talbot C. Imlay, 2018 How did the early twentieth century socialist parties of Britain France and Germany cooperate with each other to create a united vision on international issues Talbot Imlay offers a new perspective on how European socialists practised internationalism addressing issues such as post war reconstruction European integration and decolonization

Travellers of the World Revolution Brigitte Studer, 2023-06-20 Hope Struggle and Defeat The Communist International and the Global Fight for Freedom The Communist International was the first organised attempt to bring about worldwide revolution and left a lasting mark on 20th century history The book offers a new and fascinating account of this transnational organisation founded in 1919 by Lenin and Trotsky and dissolved by Stalin in 1943 telling the story through the eyes of the activists who became its professional revolutionaries Studer follows such figures as Willi Münzenberg Mikhail Borodin M N Roy and Evelyn Trent Tina Modotti Agnes Smedley and many others less well known as they are despatched to the successive political hotspots of the 1920s and 30s from revolutionary Berlin to Baku from Shanghai to Spain from Nazi Germany to Stalin's Moscow It traces their journeys from revolutionary hope to accommodation defeat or death looking at questions of motivation and commitment agency and negotiation of life and love conflict and frustration In doing so it reveals a forgotten Comintern the expression of a multi dimensional revolutionary moment which attracted not only working class but feminist anti racist anti colonial and anti

imperialist activists highlighting the role of women in the Comintern and the centrality of anti colonialism to the Communist project The book concludes with a reflection on the ultimate demise of a historically unique undertaking **Chinese Migrants and Internationalism** Gregor Benton,2007-05-23 The transnational and diasporic dimensions of early Chinese migrant politics opened in the late nineteenth century when Chinese radical groups bent on overthrowing the Qing dynasty 1644 1911 vied with one another to win Chinese overseas to their modernizing projects and immigrants who had suffered discrimination welcomed their proposals The radicals concentration on Chinese communities abroad as outposts of Chinese politics and culture strengthened the stereotype of Chinese as clannish unassimilable xenophobic and deeply introverted This book argues that such a view has its roots less in historical truth than in political and ideological prejudice and obscures a rich vein of internationalist practice in Chinese migrant or diasporic history which the study aims to restore to visibility In some cases internationalist alliances sprang from the spontaneous perception by Chinese and other non Chinese migrants or local workers of shared problems and common solutions in everyday life and work At other times they emerged from under the umbrella of transnationalism when Chinese nationalist and anti imperialist activists overseas received support for their campaigns from local internationalists or the alliances were the product of nurturing by Chinese or non Chinese political organizers including anarchists communists and members of internationalist cultural movements like Esperantism Based on sources in a dozen languages and telling hitherto largely unknown or forgotten stories of Chinese migrant experiences in Russia Germany Cuba Spain and Australia this study will appeal to students and scholars of Chinese history labour studies and ethnic migration studies alike *International Communism and the Communist International, 1919-43* Tim Rees,Andrew Thorpe,1998 The Communist International was formed in Moscow in 1919 as a factory of world revolution but was dissolved in 1943 without having led a single successful working class uprising This book offers a reappraisal of the body The Dialectic of Position and Maneuver Daniel Egan,2016-09-27 In *The Dialectic of Position and Maneuver* Daniel Egan examines the role that the military metaphors of war of position and war of maneuver play in Antonio Gramsci s social theory The foundation for this analysis is the different ways in which Marxists have understood war and military strategy since the mid nineteenth century In doing so Egan argues that the distinction between war of position and war of maneuver which is so central to Gramsci s work as well as contemporary interpretations of his work must be understood in a more dialectical manner This conclusion is important not only in terms of Gramsci s social theory but also for understanding the limits and possibilities of contemporary political strategies for the left worldwide **The New Atlantic Order** Patrick O. Cohrs,2022-05-12 This magisterial new history elucidates a momentous transformation process that changed the world the struggle to create for the first time a modern Atlantic order in the long twentieth century 1860 2020 Placing it in a broader historical and global context Patrick O Cohrs reinterprets the Paris Peace Conference of 1919 as the original attempt to supersede the Eurocentric world order of the age of imperialism and found a more legitimate peace system a system that

could not yet be global but had to be essentially transatlantic Yet he also sheds new light on why despite remarkable learning processes it proved impossible to forge a durable Atlantic peace after a First World War that became the long twentieth century's cathartic catastrophe In a broader perspective this ground breaking study shows what a decisive impact this epochal struggle has had not only for modern conceptions of peace collective security and an integrative rule based international order but also for formative ideas of self determination liberal democratic government and the West

Underground Asia Tim Harper, 2021-01-12 An Economist Best Book of the Year A Financial Times Best Book of the Year A major historian tells the dramatic and untold story of the shadowy networks of revolutionaries across Asia who laid the foundations in the early twentieth century for the end of European imperialism on their continent This is the epic tale of how modern Asia emerged out of conflict between imperial powers and a global network of revolutionaries in the turbulent early decades of the twentieth century In 1900 European empires had not yet reached their territorial zenith But a new generation of Asian radicals had already planted the seeds of their destruction They gained new energy and recruits after the First World War and especially the Bolshevik Revolution which sparked utopian visions of a free and communist world order led by the peoples of Asia Aided by the new technologies of cheap printing presses and international travel they built clandestine webs of resistance from imperial capitals to the front lines of insurgency that stretched from Calcutta and Bombay to Batavia Hanoi and Shanghai Tim Harper takes us into the heart of this shadowy world by following the interconnected lives of the most remarkable of these Marxists anarchists and nationalists including the Bengali radical M N Roy the iconic Vietnamese leader Ho Chi Minh and the enigmatic Indonesian communist Tan Malaka He recreates the extraordinary milieu of stowaways false identities secret codes cheap firearms and conspiracies in which they worked He shows how they fought with subterfuge violence and persuasion all the while struggling to stay one step ahead of imperial authorities *Underground Asia* shows for the first time how Asia's national liberation movements crucially depended on global action And it reveals how the consequences of the revolutionaries struggle for better or worse shape Asia's destiny to this day Previous praise for Tim Harper Praise for *Forgotten Wars* A compelling book Philip Delves Broughton Wall Street Journal Lucid majestic Peter Preston The Observer Authoritative Pankaj Mishra New Yorker Praise for *Forgotten Armies* Panoramic Vivid Benjamin Schwarz New York Times Book Review A spectacular book Martin Jacques The Guardian

Lenin Beryl Williams, 2014-06-17 Drawing on the flood of new material to emerge from Russian and Western sources in recent years Beryl Williams focuses on Lenin's years in power and provides first rate introduction to the life ideology and impact of one of the formative figures of the 20th century Within an overall chronological framework Williams examines topics such as cultural revolution foreign policy and expansion As well as being an examination of Lenin's life and work this is an up to date evaluation of recent historiographical debates and literature in the context of the period

The Palgrave Encyclopedia of Imperialism and Anti-Imperialism Immanuel Ness, Zak Cope, 2016-04-29 The Palgrave Encyclopedia Imperialism and Anti Imperialism

The Shadow of Colonialism on Europe's Modern Past R. Healy,E. Dal Lago,Enrico Dal Lago,2014-10-28 Through a range of case studies from eastern and western Europe this book breaks new ground in investigating the extent to which European peoples living within Europe were also subjected to the ideologies and practices of colonialism *The Communist Women's Movement, 1920-1922* ,2022-11-14 The Communist Women s Movement CWM virtually unknown today was the world s first truly international revolutionary organisation of women Formed in 1920 the CWM mapped out a programme for women s emancipation participated in struggles for women s rights and worked to advance women s participation in the Communist movement The present volume part of a series on the Communist International in Lenin s time contains proceedings and resolutions of CWM conferences along with reports on its work around the world Most of the contents here are published in English for the first time with almost half appearing for the first time in any language The British Communist Party and Moscow, 1920-43 Andrew Thorpe,2000 The relationship between the British Communist Party and Soviet Communism is one of perennial fascination In this text Thorpe makes extensive use of available sources to offer a new view of this most controversial of topics *Revolutionary Contagion and International Politics* Chad E. Nelson,2022 A unique theory of what happens when leaders fear a revolution abroad will spread to their own country and how that affects international relations When do leaders fear that a revolution elsewhere will spread to their own polities and what are the international effects of this fear In *Revolutionary Contagion* Chad E Nelson develops and tests a theory that explains how states react to ideological driven revolutions that have occurred in other nations To do this he analyzes four key revolutionary movements over two centuries liberalism communism fascism and Islamism He further explains that the key to understanding the response to revolutions lies in focusing on the extent to which leaders fear upheaval in their own countries According to the theory Nelson argues fear of contagion is driven more by the characteristics of the host rather than the activities of the infecting agents In other words leaders will fear revolutionary contagion when they have significant revolutionary opposition movements that have an ideological affinity with the revolutionary state A powerful theory of the profound effects revolutions have on international relations this book shows why one simply cannot make sense of international politics including patterns of alliances and wars in certain situations without considering the fear of contagion **The Palgrave Handbook of Leninist Political Philosophy** Tom Rockmore,Norman Levine,2018-12-19 This intellectually discomfiting disturbingly provocative yet still thoroughly scholarly Handbook reproduces the intellectual ferment that accompanied the Russian Revolution including the wholly polarising effect at that time of Vladimir Ilyich Lenin The Palgrave Handbook of Leninist Political Philosophy does not settle for one safe interpretation of the thought of this world historic figure but rather revels in a clash of viewpoints Most interestingly it presents a contrast between the Western editors who emphasise pure democracy

and Marxian humanism with many of the contributing scholars who take a more sanguine view of the Leninist political project Perhaps reflecting the current Western political crisis some of the volume's other European and North American scholars more closely align with their colleagues from the Global South Key Features Places particular emphasis on the key elements of Lenin's thought the dictatorship of the proletariat which is trenchantly defended the nature of the dialectic and the New Economic Policy Additional comprehensive coverage includes the theory of the party Bolshevism imperialism and the class struggle in the countryside Examines the relation of Lenin's thought to the ideas of his most influential contemporaries including Luxemburg Stalin and Trotsky as well as the most eminent thinker to interpret Lenin since his death György Lukács This Handbook is essential reading for scholars researchers and advanced students in political philosophy political theory the history of political ideas economics international relations and world history It is also ideal for the general reader who wishes to understand some of the most powerful ideas that have shaped the modern world and that may yet shake the world again Intellectuals and the Crisis of Politics in the Interwar Period and Beyond Balázs Trencsényi, 2025-01-31 This volume offers a broad ranging and comprehensive analysis of the history and theory of the political idea of crisis from the interwar period through to the present day It considers how the multiple crises of civilization capitalism social cohesion liberalism democracy socialism and the nation state were conceptualized how these spheres of crisis became entangled and who the intellectuals politicians and experts were who employed these discourses Intellectuals and the Crisis of Politics in the Interwar Period and Beyond maps the range of meanings the term crisis has borne and the roles it has performed across disciplines and countries de centering the dominant narrative that takes Western European positions and developments as normative It especially focuses on the historical roots of two key contemporary contesters of liberal democracy neoliberalism and populism and presents an innovative analysis of the roots of contemporary illiberalism in Europe Bringing these ideas into the present day Balázs Trencsényi offers ideas on how a reflective and self critical liberal democratic political position could be defined and defended in our current predicament which is increasingly compared to the interwar period and is often described as a polycrisis **The Communist Manifesto** Mark Cowling, 1998-03 Published to coincide with the 150th anniversary of the original publication of The Communist Manifesto in 1848 and including the Manifesto's complete text The Communist Manifesto New Interpretations is an ideal one stop text for students studying Marxism at the graduate or undergraduate level Organized into four sections covering issues of text and context revolution the working class and other social groups and the relevance of the Manifesto today this one of a kind anthology provides a historical background to the writing of the Manifesto highlights the main political and philosophical issues raised in the text and expands current debates about the relevance of the text to contemporary politics Including contributions from such highly regarded scholars as Terrell Carver John Hoffman and Wal Suchting The Communist Manifesto New Interpretations is a well timed contribution to ongoing discussions about the Manifesto and Marxism
