USA Today bestselling author Lauren Blakely comes a new story in her One Love series Let s say there was this guy And he gave you the most mind blowing night of sex in your life And you never saw him again Until ten years later Now it turns out he s the ONLY ONE in all of Manhattan whose restaurant is available for my charity s event The trouble is he doesn t recognize me This woman I m working with is so damn alluring The first time I set eyes on her I m captivated and I can t get her out of my mind Even if it s risky to tango with someone I m working with she s a risk I m willing to take The trouble is she won t give me the time of day But I m determined to change that Every 1001 Dark Nights novella is a standalone story For new readers it s an introduction to an author s world And for fans it s a bonus book in the author s series We hope you ll enjoy each one as much as we do      **Unchained: An Eternal Guardians Novella** Elisabeth Naughton,2016-09-12 From New York Times and USA Today bestselling author Elisabeth Naughton comes a new story in her Eternal Guardians series PROMETHEUS One of the keenest immortals to ever walk the earth Until that is his weakness for humans resulted in his imprisonment For thousands of years Prometheus s only certainty was his daily torture at his enemy s hand Now unchained by the Eternal Guardians he spends his days in solitude trying to forget the past He s vowed no allegiance in the war between mortal and immortal but when a beautiful maiden seeks him out and begs for his help he s once again powerless to say no Soon Prometheus is drawn into the very conflict he swore to avoid and to save the maiden s life he must choose sides But she has a secret of her own and if Prometheus doesn t discover what she s hiding in time the world won t simply find itself embroiled in a battle between good and evil it will fall in total domination to Prometheus s greatest foe Every 1001 Dark Nights novella is a standalone story For new readers it s an introduction to an author s world And for fans it s a bonus book in the author s series We hope you ll enjoy each one as much as we do      **Shade's Lady: A Reapers MC Novella** Joanna Wylde,2017-06-12      The Mammoth Book of Best New Horror 2003 Stephen Jones,2012-03-01 The finest exponents of horror fiction writing today Neil Gaiman China Mieville Ramsey Campbell Kim Newman Graham Joyce Paul McCauley Stephen Gallagher Caitlin R Kiernan Basil Cooper Glen Hirshberg Jay Russell feature in the world s premier annual horror anthology series another bumper showcase devoted exclusively to excellence in macabre fiction To accompany the very best in short stories and novellas is the year s most comprehensive horror overview and contacts listing as well as a fascinating necrology      **The Political Brain** Drew Westen,2008-05-06 The Political Brain is a groundbreaking investigation into the role of emotion in determining the political life of the nation For two decades Drew Westen professor of psychology and psychiatry at Emory University has explored a theory of the mind that differs substantially from the more dispassionate notions held by most cognitive psychologists political scientists and economists and Democratic campaign strategists The idea of the mind as a cool calculator that makes decisions by weighing the evidence bears no relation to how the brain actually works When political candidates assume voters dispassionately make decisions based on the issues they lose That s why only one Democrat has been re elected to the presidency since Franklin Roosevelt and only one Republican has failed in

that quest In politics when reason and emotion collide emotion invariably wins Elections are decided in the marketplace of emotions a marketplace filled with values images analogies moral sentiments and moving oratory in which logic plays only a supporting role Westen shows through a whistle stop journey through the evolution of the passionate brain and a bravura tour through fifty years of American presidential and national elections why campaigns succeed and fail The evidence is overwhelming that three things determine how people vote in this order their feelings toward the parties and their principles their feelings toward the candidates and if they haven't decided by then their feelings toward the candidates policy positions Westen turns conventional political analyses on their head suggesting that the question for Democratic politics isn't so much about moving to the right or the left but about moving the electorate He shows how it can be done through examples of what candidates have said or could have said in debates speeches and ads Westen's discoveries could utterly transform electoral arithmetic showing how a different view of the mind and brain leads to a different way of talking with voters about issues that have tied the tongues of Democrats for much of forty years such as abortion guns taxes and race You can't change the structure of the brain But you can change the way you appeal to it And here's how

*Divorcing Traditions* Katherine Lemons, 2019-03-15 *Divorcing Traditions* is an ethnography of Islamic legal expertise and practices in India a secular state in which Muslims are a significant minority and where Islamic judgments are not legally binding Katherine Lemons argues that an analysis of divorce in accordance with Islamic strictures is critical to the understanding of Indian secularism Lemons analyzes four marital dispute adjudication forums run by Muslim jurists or lay Muslims to show that religious law does not muddle the categories of religion and law but generates them Drawing on ethnographic and archival research conducted in these four institutions NGO run women's arbitration centers mahila panchayats sharia courts dar ul qazas a Muslim jurist's authoritative legal opinions fatwas and the practice of what a Muslim legal expert mufti calls spiritual healing *Divorcing Traditions* shows how secularism is an ongoing project that seeks to establish and maintain an appropriate relationship between religion and

politics A secular state is always secularizing And yet as Lemons demonstrates the state is not the only arbiter of the relationship between religion and law religious legal forums help to constitute the categories of private and public religious and secular upon which secularism relies In the end because Muslim legal expertise and practice are central to the Indian legal system and because Muslim divorce s contested legal status marks a crisis of the secular distinction between religion and law Muslim divorce argues Lemons is a key site for understanding Indian secularism Navaho Symbols of Healing Donald Sandner,1991-06 A Jungian trained psychiatrist explores ancient Navaho methods of healing that use vibrant imagery to bring the psyche into harmony with natural forces Mystics Yesterday and Today Brigitta Beer,2006-11 The Love That Connects Us All is the moving and honest story of author Brigitta Beer s exploration through the dark night of the soul She validates her experience through the writings of mystics past and present including Jesus Rumi John de Cross Meister Eckhart Hildegard of Bingen Teresa of Avila the Sufis Dante Dorothy Walters Rilke and Caroline Myss Beer describes the stages of her journey and her spiritual development relating them to the four paths of Creation Spirituality She also likens the experience to finding the philosopher s stone in her own heart It is a journey of longing and unity that in the end can only be found through the love in her own heart Beer shows us a mystical path that has no boundaries and can be a path for everyone a path into the healing of your self **Suffering and the Christian Life** Rachel Davies,2019-12-26 This volume approaches questions concerning the status and meaning of suffering in Christian life and Christian theology through the lens of a variety of theological disciplines biblical historical practical political and systematic theology Scholars from this range of fields concentrate on a number of questions Is love intrinsically linked with suffering Are suffering and loss on some level fundamentally good How is and how should suffering and diminishment be viewed in the Christian tradition Featuring leading voices that include Linn Tonstad Bernard McGinn Anna Rowlands John Swinton and Paul Murray this volume brings together essays touching on concrete issues such as cancer mental health and the experience of refugees and discusses broad themes including vulnerability kenosis and tragedy In correlating these themes with the examination of texts ranging from Paul s letters to works of the Cappadocians Thomas Aquinas John of the Cross and Mother Teresa Suffering and the Christian Life offers fresh and accessible academic approaches to a question of vital personal existential significance
