**Drama** Tim Crook, 2002-01-04 Radio Drama brings together the practical skills needed for radio drama such as directing  
writing and sound design with media history and communication theory Challenging the belief that sound drama is a blind  
medium Radio Drama shows how experimentation in radio narrative has blurred the dividing line between fiction and reality  
in modern media Using extracts from scripts and analysing radio broadcasts from America Britain Canada and Australia the  
book explores the practicalities of producing drama for radio Tim Crook illustrates how far radio drama has developed since  
the first audiophonic production and evaluates the future of radio drama in the age of live phone ins and immediate access to  
programmes on the Internet      The Classic Serial on Television and Radio Robert Giddings, Keith Selby, 2001-02-14 The  
classic serial invented by BBC Radio Drama sixty years ago survived and adapted itself to television the arrival of colour and  
the global market in what has become a flood of classics with all channels competing for ratings and overseas sales This  
richly detailed book traces these developments and analyses the genre's response to social economic technical and cultural  
changes which have re-shaped it into the form we recognise today The book contains considerable interview material with  
performers and media professionals      *Radio Broadcast*, 1928      Routledge Revivals: Radio Broadcasting from 1920 to  
1990 (1991) Diane Foxhill Carothers, 2016-11-10 First published in 1991 this book presents a comprehensive annotated  
bibliography of radio broadcasting Its eleven chapter categories cover almost the entire range of radio broadcasting with the  
exception of radio engineering due to its technical complexity although some of the historical volumes do encompass aspects  
thus providing background material Entries are primarily restricted to published books although a number of trade journals  
and periodicals are also included Each entry includes full bibliographic information including the ISBN or ISSN where  
available and an annotation written by the author with the original text in hand      Play It On My Radio Giselle Renarde, 1901  
Join award winning queer Canadian author Giselle Renarde for a year's worth of music and memories As we listen to songs  
from a variety of genres Giselle shares anecdotes about growing up in the 80s being a teen of the 90s and listening to the  
radio on those long and lonely nights in her first apartment Accompany Giselle on a musical journey as she revisits the days  
of her youth through song From the introduction to Play It On My Radio My name is Giselle and I'm your new best friend  
Well maybe not best friend A best friend usually listens in addition to talking but that's not me What I will do is be here every  
day to share whichever song pops into my head Why What's the point Well here's the thing I'm a writer It's a pretty lonely  
job Over the years I've become increasingly socially isolated and you know what It sucks It sucks bad The truth of the matter  
is that a lot of us are socially isolated these days And not just older people younger ones too There are friendly visitor

programs for seniors but those of us under 65 are kind of lost at sea I speak from experience If you need a no pressure visit every day let me be your friendly visitor I ll bring a song whichever song pops into my head gets stuck in my head or seems relevant to something that day As a person with chronic depression music has helped me more than anything It s magic I swear I hope my little musical visits will give you something to look forward to every day because they ll certainly do that for me
