H. Lawrence Greiff, Louis K, 2001 Greiff also evaluates the films as social and cultural documents showing why they had such an effect on filmmakers and audiences during certain phases in American and Anglo European history Significantly the films were not spread evenly throughout these decades but appeared in clusters Jacket **Four Short Novels** D. D.H. Lawrence and Nine Women Writers Leo Hamalian,1996 D H Lawrence and Nine Women Writers sheds fresh light on how a number of women writers of his time and our own reacted in their thinking and writing to D H Lawrence s unbridled individualism sensitive genius creative energy and his sometimes infuriating misogynistic resentments Critic and scholar Leo Hamalian explores the ways that the sensibilities of nine important women writers were both extensively and profoundly influenced by the English author s fiction poetry criticism and self styled polyanalytcs Hamalian s series of comparative readings is illuminating They demonstrate clearly that the hard questions of ideology subject matter and style which engaged Lawrence throughout his turbulent career continued to challenge a number of women writers who were grappling with these issues from another vantage point Through skeptical of some of Lawrence s theories these writers valued the dynamic aspects of Lawrence s creativity especially his emphasis on consciousness of wider meanings rather than character on symbol rather than narrative although he was a masterful

storyteller They realized that his intensely conceived and evocatively concentrated scenes could be turned into a highly rewarding technique for suggesting the emotional conflicts and moral dilemmas of their own characters His primitivist philosophy struck them as healthy and his sensitivity as a kind of appealing vulnerability

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved A Bibliography of D. H. Lawrence Warren Roberts, Paul Poplawski, 2001-04-19 This pre eminent bibliography for D H Lawrence was extensively revised updated and expanded by Paul Poplawski for publication in 2001 *British Literature in Transition, 1900-1920: A New Age?* James Purdon, 2021-12-02

During the first two decades of the twentieth century Britain s imperial power and influence was at its height These were years of daring when adventurers sounded the mysteries of the deep sea and the distant poles aviators sped through the skies and new media technologies transformed communication They were years of social upheaval during which long suppressed voices particularly those of women of the labouring classes and of colonial subjects grew louder and demanded to be heard They were years of violence of insurrection and political agitation and of imperial conflicts that would encompass continents By subjecting specific developments in literature and related culture to a fine grained and historically informed analysis *British Literature in Transition 1900 1920 A New Age* explores the writing of this extraordinary period in all its complexity and vibrancy Forms of Modern British Fiction Alan Warren Friedman, 2014-07-03 In *Forms of Modern British Fiction* six individualistic and strongminded critics delineate the age of modernism in British fiction Dating the age and the movement from later Hardy works through the deaths of Joyce and Woolf they present British fiction as a cohesive self contained unit of literary history Hardy appears as the first of the modern British novelists Lawrence as the central and Joyce and Woolf as the last The writers and the modern movement are framed by precursors such as Galsworthy and by successors Durrell Beckett and Henry Green the postmoderns The pattern of the essays suggests a growing self consciousness on the part of twentieth century writers as they seek not only to refine their predecessors but also to deny and sometimes obliterate them The moderns thus deny the novel itself a genre once firmly rooted in history and forms of social life Their works do not assume that comfortable mimetic relationship between the fictive realities of art and life Consequently there has now evolved a poetics of the novel that is virtually identifiable with modern fiction a poetics still highly problematical in its attempt to denote a medium in whose name eclectic innovativeness and incessant revitalizing are proclaimed *Forms of Modern British Fiction* refines and advances the discussion of the modern novel and the world it and we inhabit Bisexuality and the Eroticism of Everyday Life Marjorie Garber, 2013-05-13 Bisexuality is about three centuries overdue nevertheless here it is a learned witty study of how our curious culture has managed to get everything wrong about sex Gore Vidal Men Writing the Feminine Thais E. Morgan, 1994-08-04 The introductory essay provides an overview of current issues and methodologies in gender theory while the 11 essays in the book discuss novels and poems from the seventeenth century to the present by British American and French male writers who speak as through or like the feminine **Metaphor and Meaning in D.H.**

Lawrence's Later Novels John B. Humma, 1990 Although D H Lawrence's later novels have been the subject of much discussion by critics few scholars have recognized or dealt with his sense of craft By examining Lawrence's careful and finely orchestrated strategies with language especially metaphor Humma argues that a number of the longer works from Aaron's Rod on and including the posthumously published *The Virgin and the Gipsy* are small masterpieces Different in kind from *Women in Love* or *The Rainbow* these fictions are very important in their own way Humma maintains that the early and middle novels work largely through powerful symbols Those of the last decade though develop through an intricate interlacing of metaphor and symbolic detail Humma devotes a chapter to each to Aaron's Rod *The Ladybird* *Kangaroo* *St Mawr* *The Plumed Serpent* *The Virgin and the Gipsy* *Lady Chatterley's Lover* and *The Escaped Cock* Aaron's Rod as a transitional work reveals much about Lawrence's narrative method and its dependence upon combinations of images *The Plumed Serpent* Humma suggests is Lawrence's most ambitious failure Other critics have faulted plot character and meaning but Humma sees incoherent metaphors as the basis for those other problems Because Lawrence's metaphors shape myths essential to central actions and meanings the reader cannot fully appreciate the strategic function of metaphor in them When Lawrence's method is successful as it is in *Lady Chatterley's Lover* for example figures of speech overlap each other crossing boundaries in a web of interpenetrating metaphors that provide both structural integrity and thematic resonance Paying close attention to the texts *Metaphor and Meaning in D H Lawrence's Later Novels* shows that Lawrence was far from the indifferent craftsman in his later fiction that he has frequently been considered In fact Lawrence was acutely aware that language and meaning are inseparable that technique as Mark Schorer said is discovery John Humma's fresh perspective upon the art and meaning of Lawrence's later work provides a major revaluation of this last phase in the writer's career

The Oxford Critical and Cultural History of Modernist Magazines Peter Brooker, Andrew Thacker, 2009-03-26 The first of three volumes charting the history of the Modernist Magazine in Britain North America and Europe this collection offers the first comprehensive study of the wide and varied range of little magazines which were so instrumental in introducing the new writing and ideas that came to constitute literary and artistic modernism in the UK and Ireland In thirty seven chapters covering over eighty magazines expert contributors investigate the inner dynamics and economic and intellectual conditions that governed the life of these fugitive but vibrant publications We learn of the role of editors and sponsors the relation of the arts to contemporary philosophy and politics the effects of war and economic depression and of the survival in hard times of radical ideas and a belief in innovation The chapters are arranged according to historical themes with accompanying contextual introductions and include studies of the *New Age* *Blast* the *Egoist* and the *Criterion* *New Writing* *New Verse* and *Scrutiny* as well as of lesser known magazines such as the *Evergreen* *Coterie* the *Bermondsey Book* the *Mask* *Welsh Review* the *Modern Scot* and the *Bell* To return to the pages of these magazines returns us a world where the material constraints of costs and anxieties over censorship and declining readerships ran alongside the excitement of a new poem or manifesto This

collection therefore confirms the value of magazine culture to the field of modernist studies it provides a rich and hitherto under examined resource which both brings to light the debate and dialogue out of which modernism evolved and helps us recover the vitality and potential of that earlier discussion
