Songs for the Spirits Barley Norton, 2010-10-01 Songs for the Spirits examines the Vietnamese practice of communing with spirits through music and performance During rituals dedicated to a pantheon of indigenous spirits musicians perform an elaborate sequence of songs a songscape for possessed mediums who carry out ritual actions distribute blessed gifts to disciples and dance to the music s infectious rhythms Condemned by French authorities in the colonial period and prohibited by the Vietnamese Communist Party in the late 1950s mediumship practices have undergone a strong resurgence since the early 1990s and they are now being drawn upon to promote national identity and cultural heritage through folklorized performances of rituals on the national and international stage By tracing the historical trajectory of traditional music and religion since the early twentieth century this groundbreaking study offers an intriguing account of the political transformation and modernization of cultural practices over a period of dramatic and often turbulent transition An accompanying DVD contains numerous video and music extracts that illustrate the fascinating ways in which music evokes the embodied presence of spirits and their gender and ethnic identities

The Jewish Alchemists Raphael Patai, 1994 In this monumental work Raphael Patai acclaimed author of Hebrew Myths with Robert Graves and The Hebrew Goddess opens up an entirely new field in cultural history by tracing Jewish alchemy from antiquity to the nineteenth century Until now there has been little attention given to the significant role that Jews played in the field of alchemy Here drawing on an enormous range of previously unexplored sources Patai reveals that Jews were major players in what was for centuries one of humanity s most compelling intellectual obsessions Among the myriad subjects treated in the book is the close relationship between alchemy and medicine as practiced by Jewish adepts Other Jewish alchemists combined alchemy with magic or with kabbalistic practices Still others became through their alchemical efforts the forerunners of modern chemistry The culmination of many years of research The Jewish Alchemists shows that alchemy was much more than the attempt at transmuting base metals into gold it was a powerful worldview that assumed an essential unity underlying all of nature and the power of humans to intervene with God s help in nature s course

Muslims Through Discourse John R. Bowen, 1993-05-09 In this rich account of a Muslim society in highland Sumatra Indonesia John Bowen describes how men and women debate among themselves ideas of what Islam is and should be as it pertains to all areas of their lives from work to worship Whereas many previous anthropological studies have concentrated on the purely local

aspects of culture this book captures and analyzes the tension between the local and universal in everyday life Current religious differences among the Gayo stem from debates between traditionalist and modernist scholars that began in the 1930s and reveal themselves in the ways Gayo discuss and perform worship sacrifice healing and rites of birth and death all within an Islamic framework Bowen considers the power these debates accord to language especially in arguments over spells rites of farming hunting and healing Moreover he traces in these debates a general conception of transacting with spirits that has shaped Gayo practices of sacrifice worship and aiding the dead Bowen concludes by examining the development of competing religious ideas in the highlands the alternative ritual forms and ideas they have promulgated and the implications of this phenomenon for the emergence of an Islamic public sphere

Chronicles of the End Times Mark Davidson,2018-10-05 Mark Davidson author of Daniel Revisited has created a unique interpretation of end time Bible prophecy using the ancient concentric reading method known as chiasmatics Lost centuries ago it was rediscovered by seminary scholars in the eighteenth century This reading method reveals the form of the scripture text via the flow of its words giving us a heightened sensitivity to the words in the text When combined with the words meanings we receive a greater understanding of prophetic scripture In Daniel Revisited Davidson showed us the four signposts four events prophesied in Daniel 7 and 8 and Revelation 6 to occur in the Middle East prior to the Rapture and Tribulation Now in Chronicles of the End Times chiastic reading has been applied to all of Daniel Revelation and other books pulling back the veil further to expand our view from four events to all the main events from the Middle East to the ends of the earth A chiastic reading of Daniel Zechariah 1 6 Matthew 23 25 and Revelation all shown in ninety illustrations yields many solid answers to the following questions as well as to many others How do Daniel 2 and 7 interact and why are the kingdoms metals and beasts What's the purpose of Daniel's Aramaic chapters and how do they affect the end times Which parts of Daniel 11 are to be fulfilled in ancient times versus end times What is the real identity of Mystery Babylon and how does this help us in the end times How do the two scrolls of Revelation give greater understanding of the trumpets and bowls What are the Seven Events of the end times and which one is next This all may seem incredible for one book but is nevertheless true The chiastic reading of Bible prophecy revolutionizes our view of the end times and how we read Bible end time prophecy *Utmost Tao, Divine King* Gong Chen,2020-03-22 When growth requires the baptism of blood when a road requires the accumulation of bones when a grain of sand can shake the heavens when a drop of water can water the earth When a person lifted his hand to pick up the stars the sun and moon or the rivers and mountains with his hands covered In this era where all races coexist the legend had been erased from history At the limit of a certain period the legend of the Ji Realm had been opened In this life a young man covered in blood crawled out of the Blood Cauldron A story of exploration
