Four Footed Members Of The Family:

Four Footed Members of the Family Blanche Park Piper,1979 **Four-Footed Americans and Their Kin** Mabel Osgood Wright,2021-08-30 Mabel Osgood Wright's *Four Footed Americans and Their Kin* is a groundbreaking work that explores the lives and habitats of various animal species in North America with a keen eye for detail. Written in a descriptive and engaging style, the book not only provides a comprehensive study of the fauna of the region but also delves into the ecological relationships between different species. Wright's writing is both informative and poetic, adding a layer of beauty to the scientific observations she presents. Set in the late 19th century, the book reflects the growing interest in wildlife conservation and preservation during that time period, making it a significant contribution to the field of natural history literature. With its vivid descriptions and insightful commentary, *Four Footed Americans and Their Kin* is a must read for anyone interested in the flora and fauna of North America. *Four-Footed Americans* Mabel Osgood Wright ,1898 **Our**

Fourfooted Friends and how We Treat Them ,1926 *Memoirs of the Four-Foot Colonel* Smith Dun,2018-05-31 The Commander in Chief of the Burmese Army nicknamed the four foot Colonel offers an account of his nation's struggle for independence from a unique perspective. General Dun describes his background, his early life and training in England and India, and his involvement with the Burmese nationalist movement. He also explains his position in the struggles between the emerging Burmese nation and various minority groups such as the Karens, of which he was a member. This third person account is filled with humor and insight and allows the reader a rare glimpse into the mind of a powerful personality.

Little wide-awake (magazine, ed.) by mrs. S. Barker Lucy D Sale Barker,1885 **Four-Legged Miracles** Brad Steiger,Sherry Hansen Steiger,2013-02-05 Heartwarming true stories of lost dogs finding the way back home, relying entirely on amazing canine intelligence and instincts. *Four Legged Miracles* is a collection of wondrous lost and found canine sagas, actual Lassie Come Home tales that highlight dogs' remarkable abilities to return home despite almost unbelievable odds. Brad and Sherry Steiger have collected dramatic, carefully documented true life anecdotes that showcase canines' amazing intelligence, courage, and sometimes seemingly supernatural powers. Often there are no sensible explanations for how the dogs overcome obstacles like natural disasters and fierce wilderness areas, predators, grievous injuries, and more, to find their human families. These fascinating reunion stories include Mason, the white terrier who crawled home on two broken legs to what remained of his family's tornado-ravaged house; Buca, who sat on a hill over Utah's Rte I 15 for two months waiting for the car he knew would bring him home; Eddie, the beagle who walked 450 miles over four months to reunite with disabled four-year-old Jimmy, inspiring the boy to work harder on his own recovery. *Four Legged Miracles* will tug on readers' heartstrings, but it will also discuss common reasons dogs disappear, how to get a missing dog back faster, the dog-human bond, and the science behind some of the amazing journeys these dogs endure. Chock full of happy endings, *Four Legged Miracles* lends insight into dogs' hearts and minds and is a treat for any animal lover. **The Last of the Baron** Edward
