Scripture Hedley Palmer, 2011-04 God does not act randomly or at whim. His moves may be mysterious to us, but he has left clues for diligent students to follow, and these clues embedded throughout Scripture will lead us out of deception and toward understanding the true identity of the one God who has chosen to save humankind. In *The Patterns of the Scripture*, Unlocking the Chronological and Genealogical Coding of the Scriptures, author Hedley Palmer discusses in depth the patterns inherent in the Old and New Testaments, how they lead to proving the authenticity of the Bible, and the history of deception in regard to these truths. Casual readers will find Palmer's well-explored and documented insights very rewarding, and serious students of Scripture will find Palmer's work of great interest. Writing in the methodical and logical spirit of the Creator, Palmer approaches biblical passages with the view that events are neither arbitrary nor haphazard and are necessarily part of a larger structure. Resolving genealogical and chronological issues and perplexing incongruities in the Bible then merely becomes an exercise in applying this pattern. Through study of the patterns in the Old and New Testaments, we realize that Scripture has had its narratives dictated by the formation of these patterns. The Creator does things in his own inimitable and logical manner, and perceiving his direct hand in compiling the Scriptures leads us to greater understanding of his word and will. *Nelson's Foundational Bible Dictionary with the New King James Version Bible* Katherine Harris, 2014-06-10 The Bible was written for people to read, ponder, and understand. The Building Blocks of the Earliest Gospel Arthur J. Bellinzoni, 2018-02-16 This volume provides enough information about each story in the Gospel of Mark and about the gospel as a whole in order to afford an informed understanding of the gospel The evangelist was not writing a book for submission to a committee for inclusion in the Christian Bible Rather he was collecting existing oral and written tradition into a coherent narrative to promote for his own Christian community an understanding of the good news of Jesus the Messiah The church to which the evangelist was writing probably in Antioch of Syria was likely already familiar with many of the stories from the church s evolving liturgy Christians gathered in people s homes there were no churches as we understand that word as a specific building for Christian worship It was in such gatherings in homes that stories were told perhaps as the basis for a message delivered by an elder of the church Such stories illustrated some truth about Jesus or addressed an issue of importance to the church In other words these individual stories were developed to serve the needs of the Christian community Historical accuracy was not a concern of the evangelist Proclaiming Jesus as Messiah was his primary purpose
