Four Reformers Kurt Aland, 1979-01-01      **The Gospel and Its Meaning** Harry Lee Poe, 1996 The Gospel speaks to a broad range of concerns concerns that differ from person to person group to group culture to culture Yet the practice of the twentieth century church has been to concentrate on one part of the Gospel repentance and justification as if it were the whole and to proclaim that part uniformly often without meaningful context that would demonstrate the relevance of Christ to the hearer The Gospel and Its Meaning breaks fresh ground for evangelism It equips the students of evangelism with theological foundations for reaching diverse groups from Hindi pantheists to radical environmentalists without compromising the Gospel s integrity The Gospel and Its Meaning Identifies the basic elements of the Gospel Shows the relationship of these elements to specific doctrines of theology Identifies theologians and systems that have focused on particular doctrines Shows which elements of the Gospel deal most clearly with various issues of evangelism Suggests avenues of ministry that can address each evangelistic issue By showing how different parts of the Gospel address the concerns of people within and without the Judeo Christian worldview The Gospel and Its Meaning helps those in any kind of evangelistic ministry to develop a means for connecting the Gospel directly to the world of the hearer while distinguishing it clearly from philosophies of relativism and pluralism      The Encyclopedia of Christian Literature George Thomas Kurian, James D. Smith III, 2010-04-16

The written word is one of the defining elements of Christian experience As vigorous in the 1st century as it is in the 21st Christian literature has had a significant function in history and teachers and students need to be reminded of this powerful literary legacy Covering 2 000 years The Encyclopedia of Christian Literature is the first encyclopedia devoted to Christian writers and books In addition to an overview of the Christian literature this two volume set also includes 40 essays on the principal genres of Christian literature and more than 400 bio bibliographical essays describing the principal writers and their works These essays examine the evolution of Christian thought as reflected in the literature of every age The companion volume also features bibliographies an index a timeline of Christian Literature and a list of the greatest Christian authors The encyclopedia will appeal not only to scholars and Christian evangelicals but students and teachers in seminaries and theological schools as well as to the growing body of Christian readers and bibliophiles      **Protestants and the Cult of the Saints** Carol Piper Heming, 2003-08-01 The role of the saints became a theological dilemma for scholars and laity alike throughout the Reformation era As Protestants tried to remove themselves from the hold of the Catholic Church the cult of the saints remained a formidable presence Through the analysis of 180 pamphlets published by reformers in German speaking Europe Carol Heming shows the struggle Protestants faced in purging the cult of the saints from their culture and religion Heming examines why Reformation leaders so strongly and universally denounced the cult of the saints and whether the holy patrons disappeared from Protestant areas without benefit of champion or defender Complete scriptural references used in the pamphlets against the saints and images are included      *Poverty in the Theology of John Calvin* Bonnie L.

Pattison,2006-11-01 It is the thesis of this study that in Calvin s theology poverty and affliction not splendor and glory mark and manifest the kingdom of God on earth Poverty makes the kingdom visible to the eyes and therefore recognizable as divine Poverty acts to reveal or disclose that which is spiritual or that which is of God in the Christian faith This does not mean that Calvin sees the condition of physical poverty as revelatory in and of itself Rather poverty and affliction function as agents of divine revelation They are a condition or a chosen instrument God uses to disclose to humanity the nature of true spirituality godliness and poverty of spirit How this is demonstrated in Calvin s thought depends upon the specific doctrine under examination This study explores three particular areas in Calvin s theology where his theological understanding of spiritual poverty and physical poverty or affliction intersect his Christology his doctrine of the Christian life and his ecclesiology      **From Exorcism to Ecstasy** Russell Haitch,2007-01-01 Surveying the views on baptism of eight of history s

most influential theologians Russell Haitch expertly explains the development and bases for the varieties of interpretation and practice of this holy sacrament throughout modern Christianity First identifying the guiding motif in each of these foundational perspectives Haitch ably and accessibly demonstrates how each yields unique theological and practical implications for Christian belief and life      **The World's Greatest Religious Leaders** Scott E. Hendrix,Uchenna

Okeja,2018-03-01 This book provides reliable information about important world religious leaders correcting the misinformation that can be on the internet Religious leaders have shaped the course of history and deeply affected the lives of many individuals This book offers alphabetically arranged profiles of roughly 160 religious leaders from around the world and across time carefully chosen for their impact and importance and to maximize inclusiveness of faiths from around the world Scholars from around the world each one an expert in his or her field and all holding advanced degrees came together to create an essential resource for students and for those with an interest in religion and its history Every entry has been carefully edited in a two stage review process guaranteeing accuracy and readability throughout the work Not strictly a biographical reference that recounts the facts of religious figures lives the book helps users understand how the selected figures changed history The entries are accompanied by excerpts of primary source documents and suggestions for further reading while the book closes with a bibliography of essential print and electronic resources for further research

*Fallible Heroes* Stephen Fortosis, Harley T. Atkinson, 2022-08-22 To the casual observer the major contributors of the Protestant Reformation include a select few Martin Luther Ulrich Zwingli John Calvin and perhaps Philip Melancthon However the movement might have easily perished in its infancy were it not for a very unique and courageous company of more obscure individuals who worked together across continental Europe during the sixteenth century Martin Bucer Wolfgang Capito Conrad Grebel Felix Manz Matthew and Katarina Zell Menno Simons John Oecolampadius Andreas Karlstadt and Heinrich Bullinger to name a few This book draws the reader into three often ignored elements of the Reformation first the interaction the reformers had with each other through dialogues letters debates and colloquies second the weaknesses blemishes and misdeeds of the reformers in addition to their strengths and accomplishments and third the contributions of the lesser known reformers in addition to the prominent ones It is a story as vividly powerful as any adventure novel it is a story of Fallible Heroes

*The Eucharistic Debate in Tudor England* Amanda Wrenn Allen, 2018-08-15 In 1550 51 English Archbishop of Canterbury Thomas Cranmer engaged in a debate with Bishop Stephen Gardiner Archbishop Cranmer was asserting a new Reformed view for England's Eucharist theology but he faced opposition from England's leading traditional theologian Gardiner Gardiner remained faithful to the traditional doctrine of transubstantiation while Cranmer was formulating a Spiritual Presence theology This book analyzes the debate asking how both Cranmer and Gardiner arrived at opposing theologies despite being involved similarly in English religion and politics To answer the question the book examines each author's use of scripture continental Reformers and early Church Fathers The book also argues that the personal and political context surrounding the two men shaped the nature of the theological debate While trying to push Edward VI's England toward greater Reformation Cranmer faced continued opposition from Gardiner who was imprisoned throughout Edward's reign Gardiner sought release from prison and

a return to authority while Cranmer sought validation for his new theology and its associated legislation To counter Gardiner's challenge Cranmer had to create a clear Eucharistic theology This political and personal climate therefore forced Cranmer to create England's Spiritual Presence theology by 1552 that was adopted in the 1558 Elizabethan Settlement and Anglican Church It was this debate that set Anglicanism for England

**Sober, Strict, and Scriptural: Collective Memories of John Calvin, 1800-2000**, 2009-04-24 Calvinism's influence and reputation have received ample scholarly attention But how John Calvin himself his person character and deeds was remembered commemorated and memorialized is a question few historians have addressed Focussing on the nineteenth and twentieth centuries this volume aims to open up the subject with chapters on Calvin's monumentalization in statues and museums his appearance in novels children's books and travel writing his iconic function for Hungarian nationalists and Presbyterian missionaries to China his reputation among Mormons and freethinkers and his rivalry with Michael Servetus in French Protestant memory The result is a fresh contribution to the field of religious memory studies and an invitation to further comparative research Contributors include R Bryan Bademan Patrick Cabanel R Scott Clark Thomas J Davis Stephen S Francis Joe B Fulton Botond Gal Stefan Laube Johan de Niet Herman Paul James Rigney Mich le Sacquin Jonathan Seitz Robert Vosloo Bart Wallet and Valentine Zuber

A World Ablaze Craig Harline, 2017-09-05 It's not always easy to find the human Martin Luther underneath the centuries of accumulated myth A World Ablaze focuses on the drama and uncertainty of the first few critical years of Luther's rise when his personal struggles with salvation were transformed into a crisis of Christendom

**Justification as the Speech of the Spirit** Jeffrey K. Anderson, 2021-08-10 In the past few decades there have been an increasing number of authors and movements that reject the classic Protestant understanding of justification e g the New Perspective on Paul Auburn Avenue Theology the Renewal Movement etc While the various proposals differ in many respects they are generally united in their rejection of justification as a legal declaration made by the Father about the believer based on the work of the Son In particular among renewal Pentecostal Charismatic authors there have been several attempts to redefine justification insisting that it is an umbrella term incorporating numerous redemptive ideas rather than a declaration of the believer's righteousness These attempts are in part rooted in the absence of any overt pneumatology in the doctrine's typical formulation One need only read the above sentences to see that there is no mention of the Holy Spirit This book addresses these and other concerns especially by

renewal authors and demonstrate that the doctrine is in fact pneumatologically informed albeit latently rather than blatantly  
As a result there is no need to redefine the theology of the Reformers and their successors
