more often went the other way with perceptions of the empire being affected or distorted by more powerful domestic discourses Although Britain was an imperial nation in this period she was never a genuine imperial society As well as showing how this was possible Porter also discusses the implications of this attitude for Britain and her empire and for the relationship between culture and imperialism more generally bringing his study up to date by including the case of the present day USA Modern England, 1901-1984 Alfred F. Havighurst, 2004-07-08 The most comprehensive bibliography of printed books articles and standard texts on twentieth century England *The Remembrances of Elizabeth Freke 1671-1714* Elizabeth Freke, 2001 In writing and then rewriting autobiographical remembrances recalling three decades of marriage and ensuing years of widowhood Elizabeth Freke strikingly redefines the relationships among self family and patriarchy characteristic of early modern women s autobiography Suffering and sacrifice dominate an extensive ledger of disappointment and bitterness that reveals over time the complex emotions of a Norfolk gentry woman seeking significance and even vindication in her hardships and frustrations The infirm woman who eventually found herself utterly alone remained to the end a contentious melodramatic yet formidable figure a strong willed even sympathetic person intent upon asserting herself against what she perceived as familial neglect and legal abuse By making available both versions of the remembrances in their entirety this new multiple text edition clarifies the refashioning inherent in each stage of writing and rewriting recovering with unusual immediacy Freke s late seventeenth and early eighteenth century domestic world

Stone,2013-11-01 Sir John Logan Campbell is known as the Father of Auckland he is synonymous with that city As this first volume of his biography shows however he was not particularly enamoured of a pioneering life or of the settlement in which he led it His purpose in coming to New Zealand and remaining here was to make enough money to live the life of a leisured gentleman in Europe By the end of this book he seemed to have

achieved his goal Campbell left probably a more comprehensive set of papers than any other early settler From them R C J Stone has told a story which not only reveals the complexities of the man himself but moves further to the patrician Scottish background to his fellow settlers in Auckland especially his energetic partner William Brown to the details of the business acumen by which they acquired their premier position among the merchants of Auckland and to the turmoil of colonial politics

The Liberal Mind 1914-29 Michael Bentley,2007-07-12 This study is an exercise in the history of political perception and opinion It broke new ground in considering the decline of Liberalism through the eyes of Liberals themselves By concentrating on what Liberal politicians said to one another and to their audience public and private a picture is built up of the frame of mind in which those responsible for guiding Liberalism faced a worsening world after 1914 The coming of the First World War was a critical element in forming that frame of mind and the frame of mind was itself critical in deciding the fate of Liberalism in the post war years What emerges from this study is the paradox that the Liberal mind was the greatest single obstacle in the way of a Liberal revival
