Fourteen Steps To Dynamic Preaching:

Fourteen Steps to Dynamic Preaching Robert Pagliari, 1993 Preaching with All You've Got David Day, 2006 Becoming a Living Sermon Beyond spoken words what is it that really helps preachers get their message across Seasoned pastor and preaching professor David Day explores the ways in which preachers may embody their messages in their own person in the words they use through the use of objects pictures literature and drama and in the response of their audience An eloquent and compelling volume suitable for communicators from a broad range of Christian denominations it offers a practical workbook of ideas that preachers can begin using in their very next sermon FEATURES Contains many helpful examples case studies excerpts from real addresses and two or three exercises in each chapter Great as a classroom supplementary textbook Books on preaching are full of good advice writes Day This book is bursting with good ideas and inspiration but I would not call it advice It is far too refreshing and amusing to be called advice With a practical array of shalts and shalt nots both the experienced preacher and the learner will be spurred to hone their art not just that of delivering communication but of enabling transformation When it comes to preaching Day is keen to communicate propositions through pictures and theory through experience Embodying the Word does not simply describe how to do it it embodies the technique itself through countless examples and illustrations The Revd Dr Jo Bailey Wells Associate Professor of the Practice of Ministry and Bible Director of Anglican Studies Duke Divinity School Visually Speaking Jolyon P. Preaching and Narrative in Piers Plowman Alastair Bennett, 2025-05-27 William Langland's Piers Plowman was written and read during a golden age of English preaching The poem describes a world where sermons took many different forms and were delivered in many different contexts from public events in the life of the realm to pastoral instruction in the parish It dramatises preaching as part of its allegorical action showing how sermons shaped their listeners understanding of the world it also includes polemical critique of corrupt self interested preaching and offers radical prescriptions for its reform This book argues that Langland's central insight into the way that sermons moved and engaged their audiences had to do with their characteristic use of narrative Preachers in the poem address listeners who are absorbed in the concerns of their present moment and encourage them to new forms of social and spiritual endeavour by locating that moment in a larger interpreted plot the story of an individual life or an emergent community or of salvation history as a whole The book employs a critical vocabulary derived from Paul Ricoeur to describe the process by which these narratives are composed and to show how they mediate and reconfigure their listeners experiences **Martin Luther's Two Ways of Viewing Life and the Educational Foundation of a Lutheran Ethos** Leonard S. Smith, 2011-01-01 Like Leonard Smith's larger study Religion and the Rise of History this essay Martin Luther's Two Ways of Viewing Life asserts that Luther's well known at the same time simul or paradoxical way of viewing life does not capture Luther's thought as a whole because it does not represent his deeply incarnational and dynamic mystical and holistic particularizing and historical way of viewing life based on the power

of the Word and the Spirit of God either in his own life or in human history Smith contends 1 that the best way to capture Luther's second basic way of thinking and of viewing life is through the connected prepositions connected especially for Lutherans in with and under 2 that this second basic way was based primarily on the Gospel of John and its great Prologue which shows how God is acting creating and redeeming and how Jesus is the Word become flesh and 3 that understanding both of Luther's ways of viewing life is helpful for understanding Lutheran education and a Lutheran ethos since the sixteenth century Since this brief essay is written primarily for a general audience it can easily be used as a text or supplementary reading for a class seminary or group discussion

Preaching Through Time Casey C. Barton, 2017-07-28 As preachers who come to the pulpit before God and before God's people each and every week how do we make sense of the text as we live a new moment of its ongoing story Most options available to the preacher necessitate a hermeneutical step that requires us to preach outside of time in timeless truths experiences or realities But the gospel is the drama of God appearing to and working with and loving God's people in time *Preaching Through Time* gives the preacher a timely homiletic for preaching together the times of God's gospel then and now while calling God's people to perform their own roles in today's moment of that gospel drama Anachronism preaching together the moments of God's drama is the language event that will get us from text to timely sermon week by week

Representing Infirmary John Henderson, Fredrika Jacobs, Jonathan K. Nelson, 2020-11-17 This volume is the first in depth analysis of how infirm bodies were represented in Italy from c 1400 to 1650 Through original contributions and methodologies it addresses the fundamental yet undiscussed relationship between images and representations in medical religious and literary texts Looking beyond the modern category of disease and viewing infirmity in Galenic humoral terms each chapter explores which infirmities were depicted in visual culture in what context why and when By exploring the works of artists such as Caravaggio Leonardo and Michelangelo this study considers the idealized body altered by diseases including leprosy plague goitre and cancer In doing so the relationship between medical treatment and the depiction of infirmities through miracle cures is also revealed The broad chronological approach demonstrates how and why such representations change both over time and across different forms of media Collectively the chapters explain how the development of knowledge of the workings and structure of the body was reflected in changed ideas and representations of the metaphorical allegorical and symbolic meanings of infirmity and disease The interdisciplinary approach makes this study the perfect resource for both students and specialists of the history of art medicine and religion and social and intellectual history across Renaissance Europe

Gower's Vulgar Tongue T. Matthew N. McCabe,2011 After establishing his reputation as a literary author by means of his French and Latin verse Gower came to recognise the possibilities which English held for serious poetry in the 1380s This book gives sustained attention to the implications of this language choice for the form readership religious position and lay authority of his best known work the Confessio Amantis The author argues that in all of his moral political theological writings Gower s stance as a satirist and publicist is more markedly lay and more rhetorically momentous for reasons associated with this lay status than is generally thought But during the 1380s the conditions for writing lay public poetry in English made the Confessio a truly remarkable feat for Gower and for English poetry

Homiletical Theology David Schnasa Jacobsen,2015-02-13 Karl Barth famously argued that all theology is sermon preparation But what if all sermon preparation is actually theology This book pursues a thoroughgoing theological vision for the practice of preaching as a way of doing theology The idea is not just that homiletics is the realm of theological application That would leave preaching in the position of simply implementing a theology already arrived at Instead the vision in these pages is of a form of theology that begins with preaching itself its practice its theories and its contexts Homiletical theology is thus a unique way of doing theology even a constructive theological task in its own right Homiletician David Schnasa Jacobsen has assembled several of the leading lights of contemporary homiletics to help to see its task ever

more deeply as theological yet in profoundly diverse ways Along the way readers will not only discover how homileticsians do theology homiletically but will deepen the way in which they understand their own preaching as a theological task Contributors include Ronald J Allen Professor of Preaching and Gospels and Letters at Christian Theological Seminary John S McClure Charles G Finney Professor of Preaching and Worship at Vanderbilt Divinity School Alyce M McKenzie George W and Nell Ayers Le Van Professor of Preaching and Worship at Perkins School of Theology Southern Methodist University Michael Pasquarello III Granger E and Anna A Fisher Professor of Preaching at Asbury Theological Seminary Luke A Powery Dean of the Chapel and Associate Professor of the Practice of Homiletics at Duke University Teresa Stricklen Eisenlohr Ph D Associate for Worship Office of Theology and Worship at the Presbyterian Church U S A
