Fovre Letters Certaine Sonnets:

Unpublished Letters of Samuel Taylor Coleridge Samuel Taylor Coleridge, 1933 *"An" Enquiry Into the Nature of Certain Nineteenth Century Pamphlets* John Carter, 1971 **Two Loves I Have** J. D. Winter, 2016-04-19 Perhaps the most astonishing set of personal poems ever written Shakespeare's Sonnets have both delighted and puzzled readers down the ages *Two Loves I Have* is a reading of the sequence that brings the four characters involved to life The fair kind and true young man to whom the majority of poems are addressed the woman as black as hell as dark as night who dominates a part of the narrator's inner landscape against his will the narrator himself who at times is unexpectedly wholly at ease with his mistress but at other times is sunk in a form of self loathing and whom nothing on earth will deter in his devotion to the young man these three play out a drama as fierce as that in any of the author's plays And the author himself at some remove behind the narrator is the shadowy fourth character Did he invent the young man and the Dark Lady Did he adapt an existing situation in his life or indeed record it simply as it was Whatever the historical fact which can never be known the poetic situation is enthralling Without insisting on any particular view *Two Loves I Have* from sonnet 144 allows the reader a vista of the whole sonnet sequence and a sense of its shifting currents J D Winter carefully elucidates each individual poem thus enabling the reader not only to come to terms with their outward meaning but to appreciate the rhetorical flow and the poet's idiosyncratic use of the sonnet form itself The sonnet sequence has been a comparatively neglected part of the Shakespearean canon The 400th anniversary of Shakespeare's death in 2016 is an appropriate time to shed a new light upon the poems *The Yale Edition of the Swinburne Letters, 1854-1869* Algernon Charles Swinburne, 1959-06-01 **Selected Letters of Vernon Lee, 1856 - 1935** Amanda Gagel, 2016-10-26 Vernon Lee was the pen name of Violet Paget 1856-1935 a prolific author best known for her supernatural fiction her support of the Aesthetic Movement and her radical polemics She was also an active letter writer whose correspondents include many well known figures in fin de siècle intellectual circles across Europe However until now no attempt has been made to make these letters widely available in their complete form This multi volume scholarly edition presents a comprehensive selection of her English French Italian and German correspondence compiled from more than 30 archives worldwide that reflect her wide variety of interests and occupations as a Woman of Letters and contributor to scholarship and political activism Letters written in a language other than English have been expertly translated by scholars Sophie Geoffroy from the French Crystal Hall from the Italian and Christa Zorn from the German The edition focuses on those letters concerning the writing ideas and aesthetics that influenced Lee's articles books and stories Full transcriptions of some 500 letters covering the years 1856-1935 are arranged in chronological order along with a newly written introduction that explains their context and identifies the recipients friends and colleagues mentioned Since scholarship on Lee's critical and creative output is still in the beginning stages these letters will serve a purpose to students and researchers in a number of academic fields In this first volume tracing the years 1856-1884 the

assembled letters cover the beginnings of her career encompassing her first publication visits to London and encounters with some of the important artistic figures of the time As her career begins to blossom the letters also reflect the expansion of her subject matter from cultural studies and art history to novels and aesthetic philosophy Correspondents include Lee's parents Matilda and Henry Paget her brother the poet Eugene Lee Hamilton English poet Mary Robinson English authors Henrietta Jenkin and Linda Villari and Italian writers Enrico Nencioni Mario Pratesi and Angelo De Gubernatis among others

Glover. 12 vols [and] Index William Hazlitt, 1903 **The Collected Works of William Hazlitt** William Hazlitt, 1903 *Modern Italian Poets* William Dean Howells, 2020

How many of the intelligent playgoers of this intelligent land and of the present period could tell without the play bills in their hands that Alfieri was the creator of Ristori's Mirra and of Salvini's Saul How many of the general readers of English verse know who Alfieri was or what he did And yet Vittorio Alfieri is the most familiar figure among the score of Modern Italian Poets upon whom Mr Howells dwells in his volume of *Essays and Versions* Tommaso Grossi Giacomo Leopardi Giuseppe Giusti Aleardo Aleardi and their contemporaries who flourished in Italy between the last quarter of the eighteenth century and the last quarter of this mean as little today to Cambridge or to Chicago as the names of George P Morris Fitz Greene Halleck Clement C Moore and McDonald Clark mean to the cultured circles of Florence or Milan A hundred years ago Literary Academics so called were the fashion in Italy They bore fanciful and grotesque names such as The Ardent The Illuminated or The Insipid and according to Mr Howells they were all devoted to one purpose namely the perpetration and the perpetuation of twaddle It was a time when every person of breeding devoted himself or herself to the cult of some muse or other and if he belonged to the sterner sex he established himself as the conventional admirer of his neighbor's wife the great Academy of Arcadia founded to restore good taste in poetry prescribing conditions by which anybody without respect to age or gender could become a poetaster and good society expecting every gentle man and lady to be in love Mr Howells shows that Arcadia still exists in Italy although the age of gallantry has long passed away and it is the survival of the fittest of the Arcadians which he here records In Tuscan cities and in the Venetian days of twenty years ago under Italian suns and with all the delightful advantages of atmosphere and place Mr Howells began the studies out of which this book has grown and nothing of their

Italian glow and fervor have they lost in their continuation and completion under the northern skies of the modern Belmont or in the bleak east winds of Boston Massachusetts The Italian poetry of the period which it chronologically covers seems to be fully represented here although Mr Howells in his preface half confesses that he himself does not consider it complete and that he has succeeded in doing little more than indicate the character of his subjects and of their work He certainly has done himself an injustice in this respect He has not ignored any one among the principal Italian poets of the great movement which resulted in national freedom and unity and his history of poetry in Italy during the hundred years ending in 1870 most assuredly is neither desultory nor slight He has not only prepared critical and biographical sketches from which much can be learned of the poets themselves of their surroundings of their sympathies and of their aims but he has given his readers a taste of their rhythmic quality by presenting faithful and careful translations of their verse from whole scenes of Alfieri s tragedy of Orestes to the charming lullaby of Giulio Carcano Sleep sleep sleep my little girl **The Athenaeum** ,1830

The Lancet ,1878 **The Encyclopaedia Britannica** Thomas Spencer Baynes,1891 **The Cambridge Companion to Victorian Women's Poetry** Linda K. Hughes,2019-03-14 Inclusive cutting edge essay collection by leading scholars on Victorian women poets and their diverse poetic forms and identities The Encyclopedia Britannica Thomas Spencer Baynes,1888 *The Encyclopædia Britannica* Thomas Spencer Baynes,1891
