## **Fragile Connections Memoirs Of Mental Illness For Pastoral Care Professionals:**

**Fragile Connections** Donald Capps, 2014-02-18 One of the greatest contributions of Capps's book is the way in which he weaves together a vast range of theories, interpretations and explanations of psychopathology without ever losing sight of the humanity of the person living with mental illness. Far too many books seek to find one single explanation of the baffling and complex phenomenon of mental illness. *Fragile Connections* will expand our understanding and empower pastors and others concerned about mental illness with an eloquent exploration of one of the greatest mysteries of the human predicament. Lewis Rambo, San Francisco Theological Union and Graduate Theological Union. Donald Capps skillfully guides his readers into the strange world of severe mental illness, a neighborhood disturbingly close to home. He first offers the lay of the land by scrutinizing particular psychiatric classifications. He then carefully treks through gripping narrative accounts of those battling schizophrenia, clinical depression, bipolar disorder and Alzheimer's disease. Finally, with interpretive precision honed through a lifetime of attending to persons in pain, Capps risks his own stunning insights into the anguish and mystery of these lives. An exquisite and sobering journey. Robert C. Dykstra, Princeton Theological Seminary. *Fragile Connections* is a most welcome resource for those of us involved in theological education. Capps's creative use of five memoirs allows persons who suffer from various mental illnesses and the family members who care for them to speak in their own voices about living with these afflictions. Carol J. Cook, Louisville Presbyterian Theological Seminary. Doing good with stealth as usual, Donald Capps has designed this biblically, historically grounded book for seminary students and ministers who will find no other like it. The book holds out the key to understanding the experiences of those who are mentally ill and those who love them. Capps argues that the study of individuals' personal memoirs rather than medically modeled case studies reveals the deep and profoundly personal nature of each person's unique experience of mental illness. What is more, written as it is in Capps's inimitable style, this book fills a void in seminary curricula as it addresses a problem in methodology. Antoinette Goodwin, pastoral psychotherapist, Princeton, New Jersey.

**Just Care** Leah R. Thomas,2019-12-03 What does it mean to engage in ethical anti racist pastoral care with women with mental illness particularly if these women are residents of an inpatient psychiatric hospital This book draws on interviews with eighteen chaplains in three psychiatric facilities to examine psychiatric chaplaincy with women in the context of a state psychiatric hospital It combines the voices of the chaplains with the disciplines of Christian social ethics and feminist womanist and intercultural pastoral care to create Just Care an approach to pastoral care that accounts for both personal and societal systemic factors in its practice of ministry Just Care proposes that pastoral care that addresses the entirety of the person necessitates a commitment to justice and an attention to cultural dynamics as foundational for ethical pastoral care It argues that psychiatric pastoral care must honor the communal and individual nature of care both the particularity of the caregiver and care seeker as well as intersections of culture gender race and class **Strangers in This World** Hussam S. Timani,Allen G. Jorgenson,Alexander Y. Hwang,2015 Immigration is one of the most hotly debated topics today But the question involves more than politics and emotion it includes such critical issues as law justice human rights human dignity and freedom *Strangers in This World* is a collection that brings together an international consortium of scholars to reflect on the religious political anthropological and social realities of immigration through the prism of the historical and theological resources insights and practices across an array of religious traditions The volume reflecting the diversity of religious cultures is nevertheless unified in arguing that immigration is an important aspect of the major religions and is found at their core The contributors unfold this important dimension of the religious traditions and explore the ways that the theme of immigration connects to vital points of theological reflection and practice in Hinduism Buddhism Judaism Christianity Islam and Native American religious traditions At root the volume is about our collective journey together as immigrant peoples who have stories and settlements to share as well as challenges and struggles to overcome that may be faced through the resources our many faiths offer **The Chaplain's Presence and Medical Power** Richard Coble,2017-12-20 Why is loss

present but rarely spoken of in the hospital system How does such silence carry over to the practices of chaplains who accompany dying patients and grieving families Richard Coble critically examines his experiences as a hospital chaplain to analyze the place of spiritual care in wider trends vexing healthcare today including its persistent disparities and its related inability to reckon with human decline Simultaneously he offers routes for chaplains to be a force of change

**Religious Mourning** Nathan Carlin, 2014-04-24 Religious Mourning is about a common experience among those who study religion religious loss When people of faith study religion critically or when life experiences such as death and divorce trigger personal reflection on faith religious intellectuals often become estranged from their own tradition Sometimes this estrangement causes them to leave religion altogether But for those who study religion from a psychological perspective a certain kind of introspective and iconoclastic religiosity can be revived by means of academic writing Religious Mourning explores this phenomenon by focusing on psychobiographical writings about religious leaders including Donald Capps portrait of Jesus of Nazareth James Dittes portrait of Saint Augustine and William Bouwsma's portrait of John Calvin to show how these authors personal lives and especially their experiences of loss influence their scholarship As Capps Dittes and Bouwsma subversively scavenge the lives of Jesus Augustine and Calvin to reverse and restore a religion that is rich with experience including and especially their own they invite us to do the same

Harold Ellens,2009-03-20 This book describes the psychospiritual facts of life about the pervasiveness of sexuality in all aspects of human life The energy developed by our libido is the dynamic source of all the forces that shape our experience life motives thought feelings desires and spiritual longings No facet of life is untouched or unshaped by this dynamo Whether we are sitting in church at worship in a meeting for business in a party for pleasure we are always aware of the gender of those who are around us and of their level of sensuality as it impacts us If we are not aware of that some wounding has produced an impairment in us that has forced us to repress the awareness inappropriately This work is not a how to manual so much as a description of the deep meaningfulness that can be found in the spirituality of sex It is designed to enlighten us about ourselves to give names to what we all feel all the time and do not know quite how to describe It is about savoring the spiritual flavor of sexual play and sexual union This is a book for everyone from the inquiring adolescent to the mature adult looking for what is missing in sex and relationships This is not a book mainly for Christians or Jews It is about the generic human spirituality in every one of us true believer and atheist alike It is about being human more fully and with greater satisfaction Human spirituality is best defined as our irrepressible hunger and quest for meaning in all aspects of life Human sexuality is best defined as our irrepressible hunger and quest for union with other persons and the meaning of life found in the wholeness that such union brings Sexuality and spirituality are not two different things They are two names for the same thing the irrepressible human quest for meaning fulfillment union and wholeness They are not two different forces nor are they in any way at odds with one another as they have been made to seem in the polarizing attitudes about sexuality and spirituality popular in human society thanks to the excessive and negative moralization of sex Here Ellens sheds new light on the interplay of sexuality and spirituality through the use of anecdotes observation and thoughtful analysis **Ministry with Persons with Mental Illness and Their Families, Second Edition** Robert H.
