Fragments of a Faith Forgotten G. R. S. Mead, 2020-04-21 **Fragments of a Faith Forgotten** Some Short Sketches Among the Gnostics Mainly of the First Two Centuries A Contribution to the Study of Christian Origins Based on the Most Recently Recovered Materials was written by English historian writer editor translator and Theosophist G R S Mead and originally published in 1906 The work is a classic in its field and unmatched prior to works written after the discovery of the Nag Hammadi library presenting sketches of the gnostic religion mostly from the first two centuries of the Christian era Mead s work on the fragments show considerable erudition and

mastery of the materials of what might be called early gnosticism Mead's writing is fluid and clear and quite accessible to those with a basic understanding of the bible and early church history Mead also shows unparalleled enthusiasm for his subject matter and treats gnosticising tendencies and traditions not as a subsection of heresiology but as a genuine effort to discern and describe religio philosophical truths Fragments of a Faith Forgotten G. R. S. Mead, 2020-08-03 A fascinating read from G R S Mead this book is one of the best about Gnosticism Even though this was written before the Nag Hammadi discoveries it explains a great deal about what we knew about the Gnostics at the turn of the twentieth century Mead draws on information provided both by the Early Church Fathers hostile to Gnosticism and the available corpus of actual Gnostic documents at the time He includes excerpts from previously untranslated manuscripts and extensive summaries of the Pistis Sophia and the writings of the critics of Gnosticism This book is required reading for anyone who wants to understand Gnosticism and the development of early Christianity Includes some nice illustrations at the beginning of the main chapters

*Fragments of a Faith Forgotten : Some Short Sketches Among the Gnostics Mainly of the First Two Centuries. a Contribution to the Study of Christian Origins Based on the Most Recently Recovered Materials* George Robert Stow Mead, 1906 Fragments Of A Faith Forgotten G. R. Mead, 1997-07 1906 Some short sketches among the Gnostics mainly of the first two centuries A contribution to the study of Christian origins They strove for the knowledge of God the science of realities the gnosis of the things that are wisdom was their goal **Frangements of a Faith Forgotten** G.R.S. Mead, 2017-08-02 The writing of the present work has been a congenial task to Mr Mead and he has brought to bear lovingly and zealously upon the portraiture of the figure of Christ and of early Christianity all the knowledge which a deep study of Oriental religions from their emotional side could furnish The outset that there is very little of what is commonly regarded as the Theosophic method apparent in the work which is the product of a scholarly though withal very devotional spirit Mr Mead's aim has been to enable the reader to obtain a glimpse of a world of which he has never heard at school and of which no word is ever breathed from the pulpit to take him away from the pictures which the rationalists and the apologists have presented and to enable him to obtain an unimpeded view of that wonderful panorama of religious strife which the first two centuries of our era presented He will here see a religious world of immense activity a vast upheaval of thought and a strenuousness of religious endeavor to which the history of the Western world gives no parallel Thousands of schools and communities on every hand striving and contending a vast freedom of thought a mighty effort to live the religious life Here he finds innumerable points of contact with other religions he moves in an atmosphere of freedom of which he has previously had no experience in Christian tradition Who are all these people not fishermen and slaves and the poor and destitute though those are striving too but these men of learning and ascetic life saints and sages as much as many others to whom the name has been given with far less reason **Jung's Studies in Astrology** Liz Greene, 2019-09-04 Winner of the IAJS award for best authored book of 2018 C G Jung had a profound interest in and involvement with astrology which he made clear in

virtually every volume of the Collected Works as well as in many of his letters This ancient symbolic system was of primary importance in his understanding of the nature of time the archetypes synchronicity and human fate Jung s Studies in Astrology is an historical survey of his astrological work from the time he began to study the subject It is based not only on his published writings but also on the correspondence and documents found in his private archives many of which have never previously seen the light of day Liz Greene addresses with thoroughness and detailed scholarship the nature of Jung s involvement with astrology the ancient medieval and modern sources he drew on the individuals from whom he learned his ideas about how and why it worked its religious and philosophical implications and its applications in the treatment of his patients as well as in his own self understanding Greene clearly demonstrates that any serious effort to understand the development of Jung s psychological theories as well as the nature of his world view needs to involve a thorough exploration of his astrological work This thorough investigation of a central theme in Jung s work will appeal to analytical psychologists and Jungian psychotherapists students and academics of Jungian and post Jungian theory the history of psychology archetypal thought mythology and folklore the history of New Age movements esotericism and psychological astrology
