**Television for Women** Rachel Moseley,Helen Wheatley,Helen Wood,2016-11-10 Television for Women brings together emerging and established scholars to reconsider the question of television for women In the context of the 2000s when the potential meanings of both terms have expanded and changed so significantly in what ways might the concept of programming addressed explicitly to a group identified by gender still matter The essays in this collection take the existing scholarship in this field in significant new directions They expand its reach in terms of territory looking beyond for example the paradigmatic Anglo American axis and also historical span Additionally whilst the influential methodological formation of production text and audience is still visible here the new research in Television for Women frequently reconfigures that relationship The topics included here are far reaching from

television as material culture at the British exhibition in the first half of the twentieth century women's roles in television production past and present to popular 1960s television such as *The Liver Birds* and in the twenty first century highly successful programmes including *Orange Is the New Black* *Call the Midwife* *One Born Every Minute* and *Wanted Down Under* This book presents ground breaking research on historical and contemporary relationships between women and television around the world and is an ideal resource for students of television media and gender studies

**Film and Female Consciousness** L. Bolton, 2011-07-28 Film and Female Consciousness analyses three contemporary films that offer complex and original representations of women's thoughtfulness and individuality In the Cut 2003 Lost in Translation 2003 and Morvern Callar 2002 Lucy Bolton compares these recent works with well known and influential films that offer more familiar treatments of female subjectivity Kluge 1971 *The Seven Year Itch* 1955 and *Marnie* 1964 Considering each of the older celebrated films alongside the recent unconventional works illustrates how contemporary filmmaking techniques and critical practices can work together to create provocative depictions of on screen female consciousness Bolton's approach demonstrates how the encounter between the philosophy of Luce Irigaray and cinema can yield a fuller understanding of the fundamental relationship between film and philosophy Furthermore the book explores the implications of this approach for filmmakers and spectators and suggests Irigarayan models of authorship and spectatorship that reinvigorate the notion of women's cinema

**Grease** Barbara Jane Brickman, 2017-10-19 This book offers the first in depth look at the history social context and industrial practices behind this teen musical phenomenon to suggest that social change especially in terms of gender and sexuality comes to the surface despite the film's retro setting blockbuster business model and apparent nostalgic tone The vast audience for this film over the last thirty five years and the various hopelessly devoted fandoms indicate that *Grease* exceeds both the confines of its period and the limits of any one ideological message

*All about Thelma and Eve* Judith Roof, 2002 Inviting us to wallow in the middle Judith Roof offers a fresh inventive look at female comic secondary characters who though never on center stage play an indispensable role in enriching and complicating the course of the narrative Paying attention to these characters shows that narrative is not always as straight as it might seem Focusing on such superb comic seconds as Eve Arden Thelma Ritter Rosalind Russell and Whoopi Goldberg Roof explores what is queer about the middle in the sense of eccentric and in terms of desire and how that queerness functions as a part of and an antidote to narrative Shrewd pragmatic self denying perceptive outspoken and witty these female characters are able to cross the bounds of social groupings gender expectations and propriety presenting possibilities that threaten the fitting ends of narrative closure norms such as heterosexuality production reproduction knowledge and victory Roof characterizes female seconds as modern day versions of the Shakespearean fool able to speak the truth without being punished for it Discussing films ranging from *Mildred Pierce*

Auntie Mame and Rear Window to Stage Door Sister Act and The Associate she shows how Hollywood's recasting of the wise servant figure as female unattached and lower class reflects more general cultural anxieties about the role of women gender confusion race and class distinctions She also tracks changes in the form and function of the minor and middle from the stylized hierarchical economy of classical Hollywood film to the expanded serial variety fitted to 1990s commodity culture A meticulous playful rereading of Hollywood classics from the margins All about Thelma and Eve registers both delight in these female characters and discernment of their integral role in unseating narrative and other norms
