## **Frames Of Referents The Postmodern Poetry Of Guillermo Carnero:**

**Frames of Referents** Jill Robbins, 1997 This book examines the work of Guillermo Carnero one of Spain's most important contemporary poets in the context of the critical theories developed in the West after World War II that inform all of Carnero's writing Previous critical studies have tried to link Carnero's poetry to that of other novísimo poets within the narrow confines of Spanish poetics and literary history This study seeks to move beyond the limiting perspective of the Spanish generational paradigm **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved **African Immigrants in Contemporary Spanish Texts** Debra Faszter-McMahon, Victoria L. Ketz, 2016-03-09

Around the turn of 21st Century Spain welcomed more than six million foreigners many of them from various parts of the African continent How African immigrants represent themselves and are represented in contemporary Spanish texts is the subject of this interdisciplinary collection Analyzing blogs films translations and literary works by contemporary authors including Donato Ndongo Equatorial Guinea Abderrahman El Fathi Morocco Chus Gutiérrez Spain Juan Bonilla Spain and Bahia Mahmud Awah Western Sahara the contributors interrogate how Spanish cultural texts represent idealize or sympathize with the plight of immigrants as well as the ways in which immigrants themselves represent Spain and Spanish culture At the same time these works shed light on issues related to Spain's racial ethnic and sexual boundaries the appeal of images of Africa in the contemporary marketplace and the role of Spain's economic crisis in shaping attitudes towards immigration Taken together the essays are a convincing reminder that cultural texts provide a mirror into the perceptions of a society during times of change **Breaking New Ground** W. Michael Mudrovic, 1999 Each of these works is meticulously structured around a two poem section that gives each its unique configuration and character Yet at the same time each poem maintains its individual independence and singular integrity **BOOK JACKET** In **Breaking New Ground** W Michael Mudrovic presents a comprehensive reading and detailed analysis of Rodríguez's work to date including *Casi una leyenda* **BOOK JACKET** **Lesbian Realities/Lesbian Fictions in Contemporary Spain** Nancy Vosburg, Jacky Collins, 2011-03-18 Lesbian

**Realities Lesbian Fictions in Contemporary Spain** edited by Nancy Vosburg and Jacky Collins focuses exclusively on manifestations of lesbian cultures and identities in contemporary Spain Bringing together key essays from a range of international scholars this anthology of critical essays examines the changing cultural sociological and political landscape of Spain at the turn of the millennium Divided into two sections the first contributions focus on the realities of lesbian lives and looks at how Spanish lesbian identities are constructed through language and the media The essays in the second section analyze contemporary lesbian identities as manifested in novels and short stories published since the late 1980s by authors such as Carme Riera Lola van Guardia Flavia Company and Mabel Galán The aim of this volume is to provide a significant and coherent contribution in English to the body of knowledge within an evolving subject area that has remained relatively under researched until recently Throughout the anthology the visibility of the lesbian subject in Spain either within the media

literature the Parliament and even within the gay book publishing industry emerges as a key concept for analyzing the status of lesbians in Spanish society All essays in our volume are original previously unpublished works written specifically for this volume by contributors who have been involved in researching or developing lesbian cultures in Spain Lesbian Realities Fictions in Contemporary Spain brings knowledge into the public domain that hitherto has remained hidden and provides access to an audience interested in social and cultural change in Spain and yet who are unable to access material in Spanish It is a particularly invaluable resource for teachers and students of Spanish cultural studies global sexuality and gender studies

Cartographies of Madrid Silvia Bermudez, Anthony L. Geist, 2021-04-30 One of this book's goals is to evaluate the complex ways that Madrid has served as the political economic and cultural capital of the Global South from the end of the Franco dictatorship to the present The other is to examine the city as lived experience where citizens contest capital's push to shape urban space in its own image through activities of the imagination Scholars investigative journalists political activists and a filmmaker combine to document the vast array of Madrid's grassroots movements

**Cultural Encounters in Contemporary Spain** Debra Faszler-McMahon, 2010-07 Previous critical studies have focused on feminist approaches to Jane's oeuvre This study seeks to expand those discussions through an analysis of the aesthetics of cultural otherness rather than simply gendered otherness within Jane's prolific literary production

**Generation X Goes Global** Christine Henseler, 2012 This edited volume is the first book of its kind to engage critically our understanding of Generation X as a global phenomenon Citing case studies from around the world the research collected here broadens the picture of Generation X as a demographic and a worldview The book traces the global and local flows that determine the identity of each country's youth from the 1970s to today Bringing together twenty scholars working on fifteen different countries and residing in eight different nations this book presents a community of diverse disciplinary voices Contributors explore the converging properties of Generation X through the fields of literature media studies youth culture popular culture sociology philosophy feminism and political science Their ideas also enter into conversation with fourteen other textbook contributors who address the question of Who is Generation X in other countries Taken together they present a highly interactive and open book format whose conversations extend to the reading public on the website [www.generationxgoesglobal.com](http://www.generationxgoesglobal.com)

López,2021-10-01 Este volumen de ensayos y muestras creativas coordinado por dos grandes creadores investigadores y estudiosos de la literatura hispana y latinoamericana ofrece un acercamiento alternativo a la escritura usual de la maternidad. Aquí la intención es hablar el cuerpo como algo opuesto complementario a dar a luz al cuerpo. Y esto no sólo desde la perspectiva de la madre que es la que tiene la capacidad biológica de engendrar sino también del padre. A través de las voces de quienes escriben pintan hacen música o practican la medicina o la ley la política la educación o la investigación los textos que conforman este libro se relacionan con el ser madre o padre pero desde el concepto de deshacerse el cuerpo de una vida muerte que crece dentro del ser vida muerte de la madre o del niño o de oponerlo sublime donación de la vida con lo humillante la doble defecación del hijo y de las heces y lo frágil del momento cuerpo de la madre o de la criatura con lo indestructible la maternidad en el vivir.
