France At War On The Frontier Of Civilization:

France at War: On the Frontier of Civilization Rudyard Kipling, 2019-11-26 In *France at War On the Frontier of Civilization* Rudyard Kipling presents a compelling narrative that grapples with the profound upheaval of World War I. The text intertwines vivid descriptions, sharp observations, and a poignant sense of duty, capturing the atmospheric tension and societal impacts of wartime France. Kipling's literary style is both eloquent and accessible; his use of evocative imagery and meticulous detail paints a portrait of a nation caught between valor and despair, exploring themes of sacrifice, nationalism, and the human condition within a context of conflict. This work not only serves as a historical record but also as a meditation on the broader implications of war on civilization itself, making it a crucial contribution to war literature. Rudyard Kipling, a renowned author whose works often delve into imperialism and the complexities of human experiences, was significantly affected by the First World War. His deep-rooted connection to military and colonial issues, stemming from his childhood in India and his role as a war correspondent, informs this exploration of the trauma and heroism witnessed on the battlefield. Kipling's perspective is deeply personal, revealing his own internal struggles as he observes the toll of war on both individuals and societies. *France at War On the Frontier of Civilization* is a must-read for anyone seeking an insightful and thought-provoking examination of war's social impact. Kipling's ability to articulate the psychological dimensions of conflict invites readers to reflect not only on historical events but also on the enduring human spirit amid adversity. This book is essential for scholars, historians, and anyone interested in understanding the complex interplay of war and civilization. **France At War**

Rudyard Kipling, 2020-07-28 Reproduction of the original *France At War* by Rudyard Kipling **France at War - On the Frontier of Civilization** Rudyard Kipling, 2014-12-12 This early work by Rudyard Kipling was originally published in 1915 and we are now republishing it with a brand new introductory biography. Kipling began working for the War Propaganda Bureau in late 1914. The impressions displayed in *France at War On the Frontier of Civilization* were written after a tour of the Western Front in 1915. Rudyard Kipling was born in 1865 in Bombay, India, where he lived until the age of six, when his family took him back to England for schooling. Between 1882 and 1886 Kipling wrote profusely. In 1892 Kipling married Caroline Balestier, and the couple moved to Vermont. Their two daughters were born there, and it is also where Kipling wrote his famous *The Jungle* (1894). Despite having turned down many honours in his lifetime, including a knighthood and the poet laureateship in 1907, he accepted the Nobel Prize for Literature, the first English author to be so honoured. In 1915 his son John went missing in action during the Battle of Loos. Having played a major role in getting the chronically short-sighted John accepted for military service, Kipling had great difficulty accepting his son's death and subsequently wrote an account of his regiment, The Irish Guards, in the Great War. **France at War: On the Frontier of Civilization** Редъярд Джозеф

Киплинг, 2021-12-02 *France at War* Rudyard Kipling, 2020-05 There was a specimen tree, a tree worthy of such a park, the sort of tree visitors are always taken to admire. A ladder ran up it to a platform. What little wind there was swayed the tall top

and the ladder creaked like a ship's gangway A telephone bell tinkled 50 foot overhead Two invisible guns spoke fervently for half a minute and broke off like terriers choked on a leash We climbed till the topmost platform swayed sickly beneath us Here one found a rustic shelter always of the tea garden pattern a table a map and a little window wreathed with living branches that gave one the first view of the Devil and all his works It was a stretch of open country with a few sticks like old tooth brushes which had once been trees round a farm The rest was yellow grass barren to all appearance as the veldt
