The Dark Order of the Elite Dylan S. Mellor, 2014-10-31 The basic theme of this story is based upon a poem I wrote about the corruption and greed controlling Wall Street entitled We the Elite The two main characters are the oligarchs who call themselves the Order Elite and the anarchists who have become impoverished by the corrupt system of economics described as corporatist crony and predatory capitalism The anarchists rebel against the system and are exiled from the mainstream society building a complete police state inside a secure area separated by security walls and security forces protecting property owned and controlled by the Trilateral Corporation Vector Solitaire and Gamble The third character is the Revolutionary which was created by a lawyer named John Alexander Hamilton He is a descendant of the first treasury secretary Alexander Hamilton His primary goal is to reform the current corrupt system and restore the principles of the constitution and revive the American system of economics created by Alexander Hamilton The Revolutionary Party is a political party aimed at reforming and restoring the rights of individuals and restoring democracy to rebuild a peaceful future for a nation besieged by the tyranny of the Order Elite

Hamilton's Revolution Phillip Thomas Tucker, 2017-08-22 Despite his less than promising beginnings as the only key Founding Father not born and raised on American soil Hamilton was one of the best and brightest of his generation His notoriety has rested almost entirely on his role as Secretary of the Treasury in Washington's administration yet few realize that Washington and Hamilton's bond was forged during the Revolutionary War *Alexander Hamilton's Revolution* is the first book to explore Hamilton's critical role during the battle for independence New information presents a little known and underpublished aspect of Hamilton's life that he was not only Washington's favorite staff officer but also his right hand man for most of the Revolution serving as Chief of Staff from 1777 to early 1781 While he found this position rewarding Hamilton continually asked Washington for a field command Hamilton's wish was granted at the decisive battle of Yorktown where his Infantry Battalion charged on the defensive bastion on Cornwallis's left flank Hamilton's capture of this position while French forces captured the adjacent position sealed Cornwallis's fate and forced his surrender and ultimate colonial victory The entire patriotic cause benefited immeasurably from the advice and strategies provided to Washington by his youngest staff officer Alexander Hamilton Now those critical contributions are brought to light in *Hamilton's Revolution* **Alexander Hamilton** Forrest McDonald, 1982 Examines Hamilton's policies as secretary of the treasury **Premodern Scotland** Joanna Martin, Emily Wingfield, 2017 Offers fresh and ground breaking research into themes of good self and public governance in medieval Scottish and English literature **Year Book of the State of Indiana for the Year ...** Indiana. Committee on Interstate and Foreign Commerce, 1919 **Parallel Lives** Karl Baughman, Brook Poston, 2022-06-01 This book compares selected Romans of the late Republic with American Founders in the style of Plutarch, encouraging readers to rethink how we view heroes and villains and their conceptions of republicanism. Through entertaining yet informative short comparisons, this volume demonstrates the humanity of heroes and villains from different times and places through their often idiosyncratic similarities and differences. Readers gain not only a fuller understanding of the late Roman and early American Republics and their leaders but also an appreciation for comparative biography in its ability to make connections across the human experience. The book provides a way to connect two different areas of study, focusing on how republicanism shaped both Romans and American Founders and providing a previously unexplored contribution to a growing trend of broadening historical exposure. In doing so, Baughman and Poston demonstrate the continued need for connecting different fields of history while also helping students understand their connection to the ancient past. This book is suitable for students and scholars interested in the late Roman and the early American Republics and also appeals to readers of varied interests across historical times and places, particularly those studying the connections between the classical past and modern world Staff Study of Allegations Pertaining to the Department of Justice's Handling of a Contract with INSLAW, Inc United States.
