Knott,2002 Knott observes that Thomas Jefferson and his followers and later Andrew Jackson and his adherents tended to view Hamilton and his principles as un American While his policies generated mistrust in the South and the West where he is still seen as the founding plutocrat Hamilton was revered in New England and parts of the mid Atlantic states Hamilton s image as a champion of American nationalism caused his reputation to soar during the Civil War at least in the North However in the wake of Gilded Age excesses progressive and populist political leaders branded Hamilton as the patron saint of Wall Street and his reputation began to disintegrate **BOOK JACKET The Social Studies** ,1928 **James Truslow Adams** Allan Nevins,2017-07-05 The brilliant historian of the mid twentieth century Allan Nevins introduces this volume of correspondence by and to James Truslow Adams with a summary of his life and importance This presents his appreciation of Adams in a manner that properly serves as a bridge to a full range of his correspondence including a long series of letters by Adams himself The correspondence is divided into a wide network of letters covering two world wars and highlighting Adams efforts to speak as a public historian of the age The range covered extends from World War I where he participated in the Paris Conference to the New England histories the year of the Economic Crash the making of his great book The Epic of America and the final summing up making history accessible to the larger publics Both the biographical sketch and the correspondence reflect Adams as possessing a nimble precise mind and a stubborn set of opinions that are sometimes liberal while at other times conservative Despite a lifetime of public service Nevins and the letters remind us Adams was and remained essentially a scholar The same can be said of Nevins himself and that made him the perfect spokesman and student of Adams writings For those to whom the meshing of solid American history and public service are of interest this will be an unusual but entirely worthwhile experience **The Assignment of a Large Unit of Work** Burr W.
