## Hand Eye Heart:

**Da Bonemon** Bob Harrison, 2002-02-13 A killer has returned Nearly two decades after a series of murders bodies are again appearing in the Appalachians Special Agent Truman Eisenhower arrives in the rugged mountains bordering the Great Smoky Mountains National Park where he and local sheriff Bill Watson investigate the latest bizarre murder Theories abound about the strange ritualistic murders but Eisenhower has his own ideas ideas that don't turn to the supernatural Confronting the mystifying had become his specialty at the FBI but Eisenhower was unprepared for what waited for him in the backwoods of North Carolina Virtually nothing fit his preconceived notions of the area or of crime itself Both an obvious pattern and an obvious signature existed for this serial killer but that helped neither he nor Bill Watson in their initial pursuit of the killer It was not until Eisenhower began to confront his own past that the glimmer of an answer appeared a solution he did not want to find Set the rich and storied woods of rural America and populated with a cast of just slightly off center characters Da Bonemon is a novel of mystery horror and comedy and is definitely not a book for younger readers or for those people who are offended by sex and violence

*Feminism, Marriage, and the Law in Victorian England, 1850-1895* Mary Lyndon Shanley, 2020-07-21 Bridging the fields of political theory and history this comprehensive study of Victorian reforms in marriage law reshapes our understanding of the feminist movement of that period As Mary Shanley shows Victorian feminists argued that justice for women would not follow from public rights alone but required a fundamental transformation of the marriage relationship

**From Me to You** U. A. Fanthorpe, 2013-02-15 U A Fanthorpe and R V Bailey write Wordsworth speaks of the spontaneous overflow of powerful feelings This seems an apt description of these love poems They are not important resonant pieces of writing they simply happened when one of us felt like writing to the other quite often when one of us was away from home Some of them coincided with Valentine's Days or birthdays but that was more a matter of good luck than foresight Quakers rightly maintain that Christmas Day is only one important day of all the 365 important days of the year It's the same with love poems they are appropriate at any time and can be written incidentally to dogs cats etc as well as humans No room for Cupid The pleasant thing about writing such poems apart from having someone to write them for is that there is no particular restriction as to subject matter In Christmas Poems UA felt the draughty awareness of the diminishing cast of subjects from donkey to Christmas tree With love on the other hand the sky's the limit
