*Handbook for Doctor of Ministry Projects* Richard E. Davies, 1984-01-09 This book is intended to give some assistance to people who are planning to write a thesis for the Doctor of Ministry D Min degree Others who are interested in an overview of the social behavioral approach to the study of religion might also find it useful but D Min students form a distinct category of researchers whose special problems have not yet been addressed in print Since the D Min is to be practical thesis research will generally involve observation of and possible experimentation in the parish or other pastoral situation Such empirical research will be in addition to appropriate biblical theological philosophical research **Qualitative Research and**

**Transformative Results** Jessy Jaison, 2018-04-19 An immensely valuable resource for those who seek to do qualitative research in theological education Jessy Jaison's *Qualitative Research and Transformative Results* calls for the holistic transformation of the church and society by helping researchers and their mentors develop capacities that will be up to the task This masterful work informs and inspires researchers to explore the qualitative domain in theological research as a vital link between the academy and the world Bringing a fresh perspective to theological study in human socio cultural environments through eight comprehensive chapters it offers theoretical and practical guidance on every aspect of qualitative inquiry *Christ's Under-Shepherds* Leo Douma, 2016-05-25 The calling of elders is to be shepherds of God's

flock Yet across the world elders are struggling to do that well This very practical investigation identifies the obstacles to pastoral care from the side of the clergy the elders and the people themselves A practical way forward is developed using an approach that enables the local elders themselves to find a solution **Word and Power** Gareth W. D. Stewart, 2015-02-16 Historically the Reformed and Charismatic streams have seemed to be almost mutually exclusive In recent years this exclusivity has been being challenged by a new generation of Reformed thinkers This work aims at considering the contribution of John Wimber the late leader of the Vineyard Churches to contemporary theological reflection within the Reformed tradition Taking into account John Wimber's unique theology of the radical middle which is somewhere between Pentecostal and Evangelical this book asks whether Wimber may be a possible alternative source for the contemporary Reformed Churches as they approach ministry and mission in the twenty first century Written from a confessional Presbyterian context in Northern Ireland *Word and Power* places Wimber in his theological context and asks whether Wimber's view of power evangelism discipleship formation and ministry training might be a model that Reformed Churches and Presbyterians in particular could adopt for their ecclesiology today *The Pink Corner Office* Suzanne Penn,
