Used by soldiers emigrants freighters and stagecoaches the Overland Mail Road was the nineteenth century equivalent of the modern interstate highway system stimulating passenger traffic commercial freighting and business Although most of the action takes place within the Lone Star State this is in many respects an American tale The same concerns that challenged frontier residents confronted citizens across the country Written in an engaging style that transports readers to the rowdy frontier and the bustle of the overland road The Texas Frontier and the Butterfield Overland Mail offers a rare view of Texas s antebellum past
