Good Grief For Kids:

Good Grief Chad Bonadonna,2008-06-13 Good Grief follows a ten year old boy through the grieving process from disbelief to anger to acceptance in the year following his father s death Highlighting the reactions the boy goes through when dealing with the fear and anxieties that children experience after losing a parent With the support of his family friends and a child s bereavement group he grows to accept the challenges and learns that even when the loved one is not with you in person they are always with you in your heart

Sad Isn't Bad Michaelene Mundy,2014-09-02 Here is the book that Elf help fans everywhere were asking for a book to help children grieve in healthy ways This friendly and loving guide is loaded with positive life affirming help to coping with loss as a child

Good Grief Kim Frank,2004-01-01 This book is intended to aid children who are dealing with grief after the loss of a loved one

What Do We Tell the Children? Joseph M. Primo,2013-09-17 One out of seven children will lose a parent before they are 20 The statistics are sobering but they are also a call for preparedness However pastors and counselors of all types are often at a loss when dealing with a grieving child Talking to adults about death and grief is difficult it s all the more challenging to talk to children and teens The stakes are high grieving children are high risk for substance abuse promiscuity depression isolation and suicide Yet despite this most of these kids grow up to be normal or exceptional adults But their chance to become healthy adults increases with the support of a loving community Supporting grieving children requires intentionality open communication and patience Rather than avoid all conversations on death or pretend like it never happened normalizing grief and offering support requires us to be in tune with kids through dialogue as they grapple with questions of how and why When listening to children in grief we often have to embrace the mystery offer love and compassion and stick with the basics The author says We don t have to answer the why and how for them but we can assure our children that God is with us as we suffer We can do so by doing good for others and pointing out all of those moments when someone has done something good for us I believe that most of the time that s as far as we will get and that is okay

Good Grief! Erica McNeal,2012-02-01 Unmet expectations and conflicts arise when a person is hurting and doesnt know what they need and their loved ones dont know what to say or how to help By the time author Erica McNeal was thirty two years old she was already a three time cancer survivor and had experienced the loss of five children two of which she held in her arms Those close to her were not sure of how to console her and some well intended comments only served to hurt Erica and her family in their healing process For example imagine being diagnosed with a rare form of cancer at twenty two years old and having your best friend tell you that she wished she had cancer too so that people would like her Or imagine being pressured to hold a friends babya child that was born the same day you buried your daughter in order to prove your love for the couple These statements represent only a fraction and not even the worst of the painful words spoken to her family while they struggled through cancer treatments and grieved the loss of their children Good Grief is a book filled with tangible solutions for determining what to say what not to say and what to do in order to love
