Good Grief Jason Harris, 2021-03-15 This book is for everyone who has lost a loved one or knows someone who has which should include most people reading this The topics of death dying funerals and or grief are typically as welcome as a time share presentation at the conclusion of a really great deal you got on a vacation package at a resort It is the necessary evil at the end of the fun In *Good Grief Celebrate Your Life* Jason gently steers the reader into a different perspective of each

of these topics and offers hope and counsel to people who grope for answers in difficult situations What do I say to someone who is grieving Why make a fuss over my funeral I ll be dead and gone The grief journey has a significant correlation to the funeral or memorial service or lack thereof which is why Jason suggests to celebrate your life or your loved one s life so that the journey of grief can in fact be good Most everyone grieves many more things than the death of a loved one This book will help you not only in your personal journey of grief but also will guide you in ways to get your arms around others who are grieving along with fun suggestions of celebrating the lives of your loved ones who are still here with you now Get ready for an intimate personal one on one conversation with Jason then use the information to help others celebrate life too **Good**
