Blues and Evil Jon Michael Spencer,1993 The term blues has traditionally conveyed an image of hard living hard drinking carousing singers and musicians grinding out melancholy tunes and evil lyrics Contesting that stereotypical notion this study argues that spiritual values are clearly reflected in the blues mythologized history folk theological language and philosophical speculation on the dual existence of good and evil By using a theomusicalogical approach Yahya Jongintaba formerly Jon Michael Spencer is able to push aside accepted attitudes and present a unique study of the blues and the culture that created it He reveals religious substance in this music s content and language that has been gradually obscured as the blues evolved from a simple rural music following Reconstruction to its present urban form The evidence strongly implies a fundamental religious concern for the same life issues expressed in orthodox religious music Spencer suggests that white blues scholars have tended to overlook the religious nature of the blues partly because they have not fully understood African American culture They have tended to give validity to the old southern folkloric belief that blues music was devil s music disregarding the ethos of the blues as it exists on the periphery of doctrinal Christianity where religious pondering as well as opposition to white oppression could be expressed behind a protective veil of music

The Resisting Muse: Popular Music and Social Protest Ian Peddie,2017-09-29 Popular music has traditionally served as a rallying point for voices of opposition across a huge variety of genres This volume examines the various ways popular music has been deployed as anti establishment and how such opposition both influences and responds to the music produced Implicit in the notion of resistance is a broad adversarial hegemony against which opposition is measured But it would be wrong to regard the music of popular protest as a kind of dialogue in league against the establishment Convenient though they are such us and them arguments bespeak a rather shop worn stance redolent of youthful rebellion It is much more fruitful to perceive the relationship as a complex dialectic where musical protest is as fluid as the audiences to which it appeals and the hegemonic structures it opposes The book s contemporary focus largely post 1975 allows for comprehensive coverage of extremely diverse forms of popular music in relation to the creation of communities of protest Because such communities are fragmented and diverse the shared experience and identity popular music purports is dependent upon an audience

collectivity that is now difficult to presume In this respect The Resisting Muse examines how the forms and aims of social protest music are contingent upon the audience's ability to invest the music with the appropriate political meaning Amongst a plethora of artists genres and themes highlights include discussions of Aboriginal rights and music Bauhaus Black Sabbath Billy Bragg Bono Cassette culture The Capitol Steps Class The Cure DJ Spooky Drum and Bass Eminem Farm Aid Foxy Brown Folk Goldie Gothicism Woody Guthrie Heavy Metal Hip hop Independent home publishing Iron Maiden Joy Division Jungle Led Zeppelin Lil Kim Live Aid Marilyn Manson Bob Marley MC Eiht Minor Threat Motown Queen Latifah Race Rap Rastafarianism Reggae The Roots Diana Ross Rush Salt n Pepa 7 Seconds Roxanne Shant Siouxsie and the Banshees The Sisters of Mercy Michelle Shocked Bessie Smith Straight edge Sunrize Band Bunny Wailer Wilco Bart Willoughby Wirrinyga Band Zines *Schwann Long Playing Record Catalog* ,1969 *Six Blues Roots Pianists* Eric Kriss,1973-06-01 A thorough guide to early blues piano styles with instruction historical notes discography and complete music transcriptions of boogie woogie barrelhouse and ragtime solos Based on recordings by six old blues masters Jimmy Yancey Champion Jack Dupree Little Brother Montgomery Speckled Red Roosevelt Sykes Otis Spann *Billboard* ,1950-05-06 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *The Jazz Scene* Eric Hobsbawm,2014-11-20 From 1955-65 the historian Eric Hobsbawm took the pseudonym Francis Newton and wrote a monthly column for the New Statesman on jazz music he had loved ever since discovering it as a boy in 1933 the year Adolf Hitler took power in Germany Hobsbawm's column led to his writing a critical history *The Jazz Scene* 1959 This enhanced edition from 1993 adds later writings by Hobsbawm in which he meditates further on why jazz is not only a marvellous noise but a central concern for anyone concerned with twentieth century society and the twentieth century arts All the greats are covered in passing Louis Armstrong Billie Holiday while further space is given to Duke Ellington Ray Charles Thelonious Monk Mahalia Jackson and Sidney Bechet Perhaps Hobsbawm's tastiest comments are about the business side and work ethics where his historian's eye strips the jazz scene down to its commercial spine *Kirkus Reviews* *The Music in African American Fiction* Robert H. Cataliotti,2019-09-16 This is the first comprehensive historical analysis of how black music and musicians have been represented in the fiction of African American writers It also examines how music and musicians in fiction have exemplified the sensibilities of African Americans and provided paradigms for an African American literary tradition The fictional representation of African American music by black authors is traced from the nineteenth century William Wells Brown Martin Delany Pauline E Hopkins Paul Laurence Dunbar through the early twentieth century and the Harlem Renaissance James Weldon Johnson Langston Hughes Claude McKay Zora Neale Hurston to the 1940s and 50s Richard Wright Ann Petry James Baldwin Ralph Ellison and the 1960s and the Black Arts Movement Margaret Walker William Melvin Kelley Leroi Jones Amiri Baraka Henry

Dumas In the century between Brown and Baraka the representation of music in black fiction went through a dramatic metamorphosis Music occupied a representative role in African American culture from which writers drew ideas and inspiration The music provided a way out of a limited situation by offering a viable option to the strictures of racism Individuals who overcome these limitations then become role models in the struggle toward equality African American musical forms for both artist and audience also offered a way of looking at the world survival and resistance The black musician became a ritual leader This study delineates how black writers have captured the spirit of the music that played such a pivotal role in African American culture Ph D dissertation State University of New York at Stony Brook 1993 revised with new preface and index **Routledge Library Editions: African American Literature** Various Authors, 2021-02-25 The volumes in this set originally published between 1995 and 1999 is a collection of works by leading academics on African American Literature The set provides a rigorous examination of the effect of music in the culture of African American society and how it has impacted the literature of African American writers it also looks at the presentation of black women in the writings of both black and white writers throughout the nineteenth and twentieth century Finally the book looks at the experience of black writers living abroad This set will be of particular interest to students and practitioners of literature history and specifically black American history The Old Timer Volume 2 Agie Estep, 2014-02-20 I was born in January the year of 1934 to Dave Ethel Ashby Estep The first of their children of four My father was a coal miner and was killed in a roof rock fall in 1942 My mother remarried a few years later and had a total of nine children My mother was a God loving woman and had a lot to do with the way I have lived my life and the man I am today I have spent most of my working life as an Industrial Electrician but have done about every kind of work that the hands can do I have been blessed by God to have been what they call a handyman I started writing songs when I was about 73 years old and they just keep on coming to me after I bought a guitar seems I would hear the strings saying the words of the song I got my first guitar when I was about fourteen years old but hadn't played for many years I have been blessed by God all through my life with a family that I love with all my heart and they have loved and blessed me with so many grandchildren and now the family is growing with many great grandchildren I can hardly keep up with the number It does the heart good to hear the word grandpa So to everyone who bought my first book and may buy or read this song book love one another and this world will be a much better place And put your trust in God to make it that way *Catalog of Copyright Entries* , 1946
