Employing the tenets of Zen Awareness Practice the book provides numerous exercises and tools for working through resistance. It also argues that examining beliefs abandoning them and returning attention to the present is essential to ending suffering as is living in the awareness that nothing in the universe is personal **Shambhala Sun** , 1998 *The Fear Book* Cheri

Huber, 1995 Rather than explaining typical strategies for overcoming fear this book focuses on examining how fear is experience how to recognize that experience as nothing more than conditioned reaction to circumstance and how to mentor oneself into letting go of beliefs about appropriate responses to fear. The notion is debunked that fear is anything other than a label we have learned to put on a set of physical and emotional responses which is a Buddhist view of emotion in general.
