**Art Deco** Michael Windover,2012 No detailed description available for Art Deco *Parsis in India and the Diaspora* John Hinnells,Alan Williams,2007-10-22 The Parsis are India s smallest minority community yet they have exercised a huge influence on the country This book written by notable experts in the field explores various key aspects of the Parsis spanning the time from their arrival in India to the twenty first century Realism: Aesthetics, Experiments, Politics Jens Elze,2022-04-07 Realism seems to be everywhere both as a trending critical term and as a revitalized aesthetic practice This volume brings together for the first time three aspects that are pertinent for a proper understanding of realism its 19th century aesthetics committed to making reality into an object of serious art the experiments with and against realism by 20th century modernist postmodernist or magical realist writing and the politics of realism especially its ambitions to map the

complex realities produced by global capitalism and climate catastrophe This juxtaposition of aesthetics experiments and politics unsettles the entrenched opposition between realism and experimental literature that tends to ignore the fact that realism by virtue of its commitment to a changing material and social world cannot be but continuously experimenting The innovative chapters of this book address some of the pressing questions of literary and cultural studies today like the complex relation between historical materialism and new materialisms between science and art or the different aesthetic and political affordances of making systemic analyses against depicting the specificity of the local Some of the chapters deal with classically realist authors such as George Eliot mile Zola and Joseph Conrad to gauge the aesthetic radicalism of their diverse realist projects Others investigate the experimental engagements with realism by authors such as B S Johnson J M Coetzee or Rachel Cusk Yet others analyze the politics of realism found in contemporary anglophone novels by writers like Chimamanda Ngozi Adichie David Mitchell or Rohinton Mistry The readings assembled here are a testament to the diversity of literary realism s from the 19th 20th and 21st centuries and to the ongoing controversies surrounding definitions and deployments of realism

Secularism and the Crisis of Minority Identity in Postcolonial Literature Roger McNamara,2018-06-06 Secularism and the Crisis of Minority Identity in Postcolonial Literature examines how writers from religious and ethnic minority communities Anglo Indians Burghers Dalits Muslims and Parsis in India and Sri Lanka engage secularism through novels short stories and autobiographies Given the rise of Hindu nationalism in India and Sinhala Buddhist nationalism in Sri Lanka it would seem obvious that minorities would rally around secularism the separation of church and state However this book argues that the relationship between minorities and secularism is extremely ambivalent On the one hand it shows how writers belonging to oppressed communities can deploy secularism as a mode of critique secular criticism to challenge the ideologies of dominant groups the nation upper castes and religious hierarchies On the other hand it examines how these writers reveal that other aspects of secularism secularization and secular time are responsible for creating essentialized identities that have not only exacerbated relationships between majorities and minorities and between minority groups but have also created tension within minority groups themselves Turing to aesthetics and religious faith these writers attempt to undermine secular social and cultural structures that are responsible for this crisis of minority identity

Sex, politics and empire Richard

Phillips,2018-02-01 Colonial governments institutions and companies recognised that in many ways the effective operation of the Empire depended upon sexual arrangements For example nuclear families serving agricultural colonization and prostitutes working for single men who powered armies and plantations mines and bureaucracies For this reason they devised elaborate systems of sexual governance such as attending to marriage and the family However they also devoted disproportionate energy to marking and policing the sexual margins In *Sex Politics and Empire* Richard Phillips investigates controversies surrounding prostitution homosexuality and the age of consent in the British Empire and revolutionises our notions about the importance of sex as a nexus of imperial power relations      The Routledge Companion to Literature and Food Lorna Piatti-Farnell,Donna Lee Brien,2018-04-19 The Routledge Companion to Literature and Food explores the relationship between food and literature in transnational contexts serving as both an introduction and a guide to the field in terms of defining characteristics and development Balancing a wide reaching view of the long histories and preoccupations of literary food studies with attentiveness to recent developments and shifts the volume illuminates the aesthetic cultural political and intellectual diversity of the representation of food and eating in literature      South Asian Folklore Peter Claus,Sarah Diamond,Margaret Mills,2020-10-28 With 600 signed alphabetically organized articles covering the entirety of folklore in South Asia this new resource includes countries and regions ethnic groups religious concepts and practices artistic genres holidays and traditions and many other concepts A preface introduces the material while a comprehensive index cross references and black and white illustrations round out the work The focus on south Asia includes Afghanistan Bangladesh India Pakistan and Sri Lanka with short survey articles on Tibet Bhutan Sikkim and various diaspora communities This unique reference will be invaluable for collections serving students scholars and the general public

*Rohinton Mistry* Peter Morey,2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license The award winning novelist Rohinton Mistry is recognised as one of the most important contemporary writers of postcolonial literature This study the first of its kind will provide scholars and students with an insight into the key features of Mistry s work Peter Morey suggests how the author s writing can be read in terms of recent Indian political history his native Zoroastrian culture and ethos conventions of oral storytelling common to Persia and South Asia and the experience of migration which now sees him living in Canada The texts are viewed through the lens of diaspora and minority discourse theories to show how Mistry s writing is illustrative of marginal positions in relation to sanctioned national identities      *Essays on Marxism and Asia* Murzban Jal,2021-11-24 *Essays on Marxism and Asia* begins with the largely forgotten prophet of ancient Iran Zarathushtra remembered and immortalised by Friedrich Nietzsche s Also Sprach Zarathustra In contrast to the infamous clash of civilisation thesis this book argues for a humanist theory of civilisations and studies the Parsis or Persians who left Iran to settle in India and make it their home It claims that Parsis despite being a migrant community took strength from their Persian heritage and civilisation and rose to become the architects of industrial

modernity in India This book locates this humanist theory in the larger genre of the Asiatic mode of production with caste as its sub text It then takes a phenomenological reading of caste in India and says that India is afflicted by a very strange illness called silent blindness where humanity is silenced and blinded in front of the caste apparatus It then analyzes how capitalism and modernity fashioned caste in the image of capitalism and how the Indian right wing imagined its fascistic politics of race and racial superiority based on the image of caste hierarchy The problem in India has been that the liberals could not take caste seriously so as to confront it and then annihilate this violent apartheid structure This the book argues has led to the rise of fascism in India The book concludes with positing two different strands of secularism namely liberal or bourgeois secularism which merely separates religion and the state but mixes these when required and revolutionary secularism which humanises religion and politics first in order to find the human and class content in both The chapters in this book were originally published in Critique Journal of Socialist Theory

*Topographies of Faith*, 2013-04-15 Based on ethnographic explorations in cities across the globe *Topographies of Faith* offers a unique and compelling analysis of contemporary religious dynamics in metropolitan centers While most scholarship on religion still sidelines questions of spatiality and scale this book creatively draws on perspectives from urban studies to study the spatiality of religion in modern cities It shows how globalization transnational migration and urban expansion in big cities engender new religious forms and practices and their spatial underpinnings Space affects urban religious diversity religious innovations decline or vitality But it also shapes the relationships between religion and social equalities Spanning distances between New York Delhi and Johannesburg the book also engages with issues of secularity and religious vitality in genuinely new ways Contributors include Irene Becci Synn ve Bendixsen Marian Burchardt Jos Casanova Murat Es Ajay Gandhi Weishang Huang Godwin Onuoha Samadia Sadouni Peter van der Veer and Leilah Vevaina

**Zoroastrianism in India and Iran** Alexandra Buhler, 2024-09-19 In the nineteenth century a number of Zoroastrians emigrated from Iran to India The subsequent importance of the cultural religious and political ties between the Zoroastrian communities of Iran and the Zoroastrian communities of India has long been recognised But despite this there has been little scholarly attention paid to the changing dynamics of this transnational relationship This book examines the Zoroastrian community in the late Qajar and early Pahlavi period beyond the borders of Iran to trace this Parsi Persian relationship A major theme is the increase in philanthropy directed to the Zoroastrians of Iran by the Parsis and the involvement of the British in encouraging Parsi feelings of patriotism towards Iran The book shows that not only were Parsis affected by events taking place in Iran they also contributed to the broader change in attitudes towards Zoroastrians in that country Using a variety of original sources from Britain India and Iran Alexandra Buhler looks at the political legal and social position of Zoroastrians in Iran and how different events impacted their attitudes as well as the attitudes of Parsis towards their ancestral homeland Of particular significance this book shows are the seminal years of the Iranian Constitutional Revolution 1906 11 and the rise in the glorification of the pre Islamic past which culminated in the

state nationalism expounded by Reza Shah These political moments had a profound impact on how Zoroastrians in India felt about their future in the country and reveal a complex web of relations between the Parsis the Zoroastrians of Iran and the British

**The Zoroastrian Flame** Sarah Stewart, Alan Williams, Almut Hintze, 2016-02-16 For many centuries from the birth of the religion late in the second millennium BC to its influence on the Achaemenids and later adoption in the third century AD as the state religion of the Sasanian Empire it enjoyed imperial patronage and profoundly shaped the culture of antiquity The Magi of the New Testament most probably were Zoroastrian priests from the Iranian world while the enigmatic figure of Zarathushtra or Zoroaster himself has exerted continual fascination in the West influencing creative artists as diverse as Voltaire Nietzsche Mozart and Yeats This authoritative volume brings together internationally recognised scholars to explore Zoroastrianism in all its rich complexity Examining key themes such as history and modernity tradition and scripture art and architecture and minority status and religious identity it places the modern Zoroastrians of Iran and the Parsis of India in their proper contexts The book extends and complements the coverage of its companion volume *The Everlasting Flame*
