

# goodbye

they saw you watching over them  
as they finally closed their eyes  
they smelt your scent as they  
breathed in and out for the last time

they heard the way your voice broke  
as you told them they were loved  
they felt the way you held them  
with that gentle, farewell touch

and now they watch each morning  
as you pass their empty bed  
they watch you lose composure  
and they see the tears you shed

they hear you bear the silence  
of the footsteps that are gone  
that walk across your heart each day  
like echoes of a song

they feel the pangs of emptiness  
you get when you're alone  
in moments when you realise  
that they're never coming home

but in their darkest moment  
you were there to hold them tight  
and they just want the same for you  
so you can feel alright

so they're sewing you a rainbow,  
weaving ribbons through the sky  
so they can let you know  
that life is good beyond goodbye

so next time it is raining  
and the sun appears as well  
just feel and look and listen  
for what they are trying to tell

they're telling you it's spring there  
with its showers and its sun  
and there are endless fields for them  
to stretch and play and run

they're telling you they sleep upon  
the biggest, softest beds  
that they have stitched from all the clouds  
that float above your head

they're telling you they're not alone  
for there are many others  
and they've been reunited  
with their parents, sisters, brothers

they're showing you a rainbow  
so you know they won't forget you  
and to tell you they will always  
be so happy that they met you

and they're telling you they love you  
and though they'll be dearly missed  
not to worry, 'cause it's beautiful  
beyond the rainbow bridge

Christopher Gillie follows the method of selecting writers that are most significant for this study. He tries to show the main movements in English literature between 1900 and 1940 and selects for discussion those writers who have an abiding relevance even those without a large readership. As a guide to himself as well as the reader, he includes in the account enough historical and social narrative as may help explain such relevance and why he has made particular selections. Gillie reinforces his critical comments with quotations from the selected writers and provides an extensive bibliography for further study.
