Reading Children Patricia Crain, 2016-05-02 What does it mean for a child to be a reader and how did American culture come to place such a high value on this identity Reading Children offers a history of the relationship between children and books in Anglo American modernity exploring long lived but now forgotten early children s literature discredited yet highly influential pedagogical practices the property lessons inherent in children s book ownership and the emergence of childhood itself as a literary property The nursery and schoolroom version of the social contract Crain argues underwrote children s entry not only into reading and writing but also into a world of commodity and property relations Increasingly positioned as an indispensable form of cultural capital by the end of the eighteenth century literacy became both the means and the symbol of children s newly recognized self possession and autonomy At the same time as children s legal and economic status was changing childhood emerged as an object of nostalgia for adults Literature for children enacted the terms of children s self possession often with explicit references to property contracts or inheritances and yet also framed adult longing for an imagined past called childhood Dozens of colorful illustrations chart the ways in which early literature for children was transformed into spectacle through new image technologies and a burgeoning marketplace that capitalized on nostalgic fantasies of childhood conflated with bowdlerized fantasies of history Reading Children offers new terms for thinking about the imbricated and mutually constitutive histories of literacy property and childhood in the eighteenth and nineteenth centuries that ground current anxieties and long held beliefs about childhood and reading

Jane Austen and Children David Selwyn, 2010-09-02 Explores the surprisingly important part that children play in the novels of Jane Austen and the contribution they make to understanding her adult characters

Into The Frame Angela Thirlwell, 2011-02-22 Madox Brown who grew up in France and Belgium before he came to England and won fame with paintings like The Last of England was always an outsider and the women he loved also burst out of stereotypes His two wives Elisabeth Bromley and Emma Hill and his secret passions the artist Marie Spartali and the author Mathilde Blind were all remarkable personalities from very different backgrounds Their striving for self expression in an age that sought to suppress them tells us much more about women s journey towards modern roles Their lives full of passion sexual longing tragedy and determination take us from the English countryside and the artist s studio to a Europe in turmoil and revolution These are not silent muses hidden in the shadow of a Master They step out of the shadows and into the picture speaking with voices we can hear and understand
