**Oceanworlds** J.P. Landau, 2019-04-10 If you were in awe of books like *The Martian* and 2001 *A Space Odyssey* or movies like *Interstellar* and *Apollo 13* get ready for a story with the potential to leap from fiction into reality and become the greatest adventure on which humankind has ever embarked September 7 2030 Mission Day 1179 Late at night inside the two person Dragon spacecraft resting on the frozen surface of Saturn's moon Enceladus Derya Terzi put on headphones and became the first Earthling to hear the sloshing of the enormous subsurface ocean beneath his feet Intoxicated with the promise of discovery he could have sworn it was whispers between inscrutable creatures of the deep He was convinced they were days away from settling the most profound and existential mystery known to humanity are we alone in the universe But that was 10 days ago before disaster struck Now marooned a billion miles from home what the surviving crew is about to go through will shatter the limits of friendship courage and the human spirit In addition to telling a truly immersive story and one so realistic that the stakes always feel sky high J P Landau continues the tradition of Sci Fi meant to spur not just the imagination but action toward a better future as well He asks readers not simply to seriously consider the utility of space exploration but to also remember how dangerous the journey will be and how essential it is to the human condition Kirkus Reviews

**Incompleteness** Danilo Frana, 2022-03-09 In this book there are 28 stories that seek to understand the human condition in most sensitive and sincere form mixing reality and fiction Excerpt from the book My fullness refers to the least of things It is a continuous not to understand This is what for now I can define what it would be like to feel fulfilled complete full in all possible ways I think I can do even more maybe reaching this point is not possible and we poor mortals delude ourselves into everyday epiphanies searching for the impossible No not so impossible I can say that today yes this afternoon I reached a fullness a mental rest that made me feel nothing not thinking about anything deserving my own silence Feeling of accomplishment at the same time knowing that everything around me may not be as I always wanted but for this moment everything was ready That's right I felt ready this afternoon Excerpt from the preface to the book As in the texts of other authors of this early century one of the marks of these reports is the refusal to fit into crystallized genres As an attentive reader of the writer Clarice Lispector who in several texts seems to be present as inspiration as a resonance or as an inheritance the author knows that gender cannot take these writing exercises texts that are intended to be in motion Another point that we must realize when entering this field of fiction by Danilo Frana is the very delicate way in which the writer manages the words The descriptions are meticulous but the most important thing is to understand how the author manages in short narrative spaces to shift our gaze to smaller elements Luiz Lopes Ph D in Literary Studies About the author Danilo Frana is a teacher researcher and artist Graduated in Performing Arts and Master in Language Studies *Incompleteness* is his debut book Currently lives in Belo Horizonte *Injustice, Inc.* Daniel L. Hatcher, 2023-02-21 In *Injustice Inc* Daniel L. Hatcher exposes how justice systems are harnessing America's history of racial and economic inequality into revenue

generating operations Courts prosecutors probation policing departments and detention facilities are trading away ethics and justice to churn vulnerable children and adults into an unconstitutional factory enterprise These justice institutions are entering contracts to make money removing children from their homes monetizing harm from juvenile delinquency child welfare and child support proceedings extorting fines and fees collaborating with private debt collectors enforcing unpaid child labor seizing property incentivizing arrests and evictions maximizing occupancy in detention and treatment centers and more Hatcher details the disproportionately racialized harm and unconstitutionality of the injustice enterprise and calls for opened eyes to our justice system failings to walk a better path toward instilling truth into the words Equal Justice Under Law
