Binga Don Hayner,2019-11-15 Binga is the definitive full length biography of Jesse Binga the first black banker in Chicago Born into a large family in Detroit Binga arrived in Chicago in 1892 in his late twenties with virtually nothing Through his wits and resourcefulness he rose to wealth and influence as a real estate broker and in 1908 he founded the Binga Bank the first black owned bank in the city But his achievements were followed by an equally notable downfall Binga recounts this gripping story about race history politics and finance The Black Belt where Binga s bank was located was a segregated neighborhood on Chicago s South Side a burgeoning city within a city and its growth can be traced through the arc of Binga s career He preached and embodied an American gospel of self help and accrued wealth while expanding housing options and business opportunities for blacks Devout Roman Catholics he and his wife Eudora supported church activities and various cultural and artistic organizations their annual Christmas party was the Black Belt s social event of the year But Binga s success came at the price of a vicious backlash After he moved his family into a white neighborhood in 1917 their house was bombed multiple times his offices were attacked twice and he became a lightning rod for the worst race riots in Chicago history which took place in 1919 Binga persevered but starting with the stock market crash of October 1929 a string of reversals cost him his bank his property and his fortune A quintessentially Chicago story Binga tells the history of racial change in one of the most segregated cities in America and how an extraordinary man stood as a symbol of hope in a community isolated by racial animosity

**The Crisis and Renewal of U.S. Capitalism** Laurence Cossu-Beaumont,Jacques-Henri Coste,Jean-Baptiste Velut,2015-12-22 Despite the reversal of America s fortune from the triumphalism of the Roaring Nineties to the gloom of the lost decade and the Great Depression theoretical conceptions of US capitalism have remained surprisingly unchanged In fact if the crisis questioned the

sustainability of the US capitalist paradigm it did not fundamentally challenge academic theorization of American political economy This book departs from the American political economy literature to identify three common myths that have shaped our conceptualization of US capitalism its reduction to a state market dyad dis embedded from societal factors the illusion of a weak state and the synchronic conception of the US variety of capitalism To remedy these pitfalls the authors propose a civilizational approach to American political economy at the crossroads between cultural studies history sociology and political science Drawing together contributions from a rich variety of fields from geography to cultural studies political science and sociology this work sheds a new light on America s cultural political economy combining theoretical reflection with empirical data and offering innovative perspectives on the crisis and renewal of American capitalism How My Mind Has Changed David Heim,2012-11-06 In this book which continues a renowned series of essays published in the Christian Century thirteen prominent Christian theologians speak in unusually personal voices of their journeys of faith and of the questions that have shaped their writing and scholarship Reflecting a variety of theological positions and approaches these essays feature decisive encounters with prayer scriptural tradition struggles for justice and religious and cultural diversity Some of these changes of mind include a change in denominational allegiance others reflect a shift in method or emphasis prompted by experiences inside or outside the church Some of the essays display a long term theological project that unfolds or deepens in changing circumstances All display the renewed vitality of theology in the postmodern context Contributors include Paul Griffiths Sarah Coakley Mark Noll Nicholas Wolterstorff Carol Zaleski Kathryn Tanner Scott Cairns Robert Jenson Emilie Townes Peter Ochs David Ford Douglas John Hall and Max Stackhouse *American Literature Root and Flower* Annette T. the sources of our divisions over him rendering in some minds the judgment of redeemed statesman to erase his status as disgraced president With dozens of illustrations Nixon posing with Elvis the National Archives most requested photo Nixonian cultural artifacts classic editorial cartoons no other book collects in one place such varied images of Nixon from so many diverse media These reinforce Frick s probing analysis to help us understand why we disagree about Nixon and why it matters how we resolve our disagreements Whether your image of Nixon is shaped by his autobiography Six Crises Oliver Stone s surprisingly sympathetic film Nixon John Adams s landmark opera Nixon in China or by the saga of Watergate Reinventing Richard Nixon expands on all perspectives It shows how through these contradictory mythic stories we continue to reinvent much like Nixon himself our own sense of national identity *Lonely Planet South Africa, Lesotho & Eswatini* James Bainbridge,2022-10 Lonely Planet s South Africa Lesotho all with your trusted travel companion Get to the heart of South Africa Lesotho it s in every traveller s hands It s on mobile phones It s on the Internet It s everywhere and it s telling entire generations of people how to travel the world Fairfax Media Australia *Black Leaders and Ideologies in the South* Preston King,Walter Earl Fluker,2013-09-13 A new collection of philosophical biographies of key figures in Black Southern American social and political thought Frederick Douglass Booker Washington and Ida Wells Thurgood Marshall and Martin Luther King are focused upon together with Howard Thurman Richard Wright Fred Gray and Barbara Jordan All are important in various ways to the movements this book seeks out From the perspective of liberation the two high points in the African American Odyssey are marked by Emancipation in the nineteenth century and Desegregation in the twentieth Douglass bestriding the first King and Marshall the second The thread of resistance runs through most of these philosophical profiles and the thread of non violence with greater or less force also runs throughout This volume assumes a distinction between an earlier period when Afro America was more cohesive and collectively committed to self improvement despite the odds and the contemporary period beyond desegregation marked by rates never previously rivaled of suicide joblessness imprisonment despair and alienation especially among black poor The life stories and philosophies presented here make fascinating reading This book is a Special Issue of the leading journal Critical Review of International Social and Political Philosophy **African American Management History** Leon C.
