Gospel An American Success Story A Novel:

Gospel; an American Success Story Jack Ansell,1973-01-01 **The Gospel of Wealth in the American Novel (Routledge Revivals)** Arun Mukherjee,2015-08-11 Business and the businessman have had a fundamental place in American society since the inception of the nation This tenet the gospel of wealth is a central concern in the novels of Theodore Dreiser and his contemporaries First published in 1987 this study sets this group of writers in their historical context and shows how they elaborated the idea of wealth as an object of quasi religious quest What had previously been associated with disease and darkness avarice and dishonour now came to emblematised the virtues of thrift prudence and diligence The underlying argument is that the dominant group of a society legitimises its power through the appropriation of the vocabulary of religion and the American business leaders were successful in doing this both in their own practice and through the more insidious medium of art A detailed analysis this reissue will be of particular value to students of American literature with an interest in the relationship between linguistic symbols and social order and historical attitudes towards wealth in literature *The History of American Literature on Film* Thomas Leitch,2019-06-13 From William Dickson's Rip Van Winkle films 1896 to Baz Luhrmann's big budget production of *The Great Gatsby* 2013 and beyond cinematic adaptations of American literature participate in a rich and fascinating history Unlike previous studies of American literature and film which emphasize particular authors like Edith Wharton and Nathaniel Hawthorne particular texts like *Moby Dick* particular literary periods like the American Renaissance or particular genres like the novel this volume considers the multiple functions of filmed American literature as a cinematic genre in its own right one that reflects the specific political and aesthetic priorities of different national and historical cinemas even as it plays a decisive role in defining American literature for a global audience *Fiction, 1876-1983: Titles* R.R.
