Got Em Down Store Lum Abner:

Lum and Abner Randal L. Hall, 2021-12-14 In the 1930s radio stations filled the airwaves with programs and musical performances about rural Americans farmers and small town residents struggling through the Great Depression One of the most popular of these shows was Lum and Abner the brainchild of Chester Chet Lauck and Norris Tuffy Goff two young businessmen from Arkansas Beginning in 1931 and lasting for more than two decades the show revolved around the lives of ordinary people in the fictional community of Pine Ridge based on the hamlet of Waters Arkansas The title characters who are farmers local officials and the keepers of the Jot Em Down Store manage to entangle themselves in a variety of hilarious dilemmas The program s gentle humor and often complex characters had wide appeal both to rural southerners who were accustomed to being the butt of jokes in the national media and to urban listeners who were fascinated by descriptions of life in the American countryside Lum and Abner was characterized by the snappy verbal comedic dueling that became popular on radio programs of the 1930s Using this format Lauck and Goff allowed their characters to subvert traditional authority and to poke fun at common misconceptions about rural life The show also featured hillbilly and other popular music an innovation that drew a bigger audience As a result Arkansas experienced a boom in tourism and southern listeners began to immerse themselves in a new national popular culture In Lum and Abner Rural America and the Golden Age of Radio historian Randal L Hall explains the history and importance of the program its creators and its national audience He also presents a treasure trove of twenty nine previously unavailable scripts from the show s earliest period scripts that reveal much about the Great Depression rural life hillbilly stereotypes and a seminal period of American radio Forsyth County Annette Bramblett, 2002 The northern Georgia reaches were once home to the Cherokee Nation who as early as 1731 lived among the fertile lands and were linked to other native inhabitants by a meager trading path The first European settlers and traders arriving in 1797 introduced agriculture to the area as families established homes and farms along the Georgia Road Forestry thrived necessitating mills and factories while the poultry industry and high quality cotton attracted waves of new settlers The county s scenic splendor has drawn people away from urban centers appealing to new residents and visitors with a relaxed and rural beauty Today Forsyth County proudly boasts of its recognized status as the nation s fastest growing county Originally the home of significant amounts of gold particularly through the Dahlonega Gold Belt and the Hall County Gold Belt Forsyth County prospered as settlers quickly commanded the area The costs may have outweighed the gains at times however and hardships befell the county through racial tension economic trials and extreme population fluctuations Nevertheless the county has persevered and its people have shown both strength of character and spirit Including new and unpublished data this book explores the important advances in education economy and historic preservation in Forsyth County as well as the tragic events related to the expulsion of the African American population in 1912 and the Brotherhood Marches in 1987 **Kentucky Off the Beaten Path®** Zoe Strecker, Jackie Sheckler Finch, 2009-07 Setting The guide

covers the state of Kentucky **Ain't That a Knee-Slapper** Tim Hollis,2010-07-27 There was a time when rural comedians drew most of their humor from tales of farmers daughters hogs hens and hill country high jinks Lum and Abner and Ma and Pa Kettle might not have toured happily under the Redneck marquee but they were its precursors In Ain t That a Knee Slapper Rural Comedy in the Twentieth Century author Tim Hollis traces the evolution of this classic American form of humor in the mass media beginning with the golden age of radio when such comedians as Bob Burns Judy Canova and Lum and Abner kept listeners laughing The book then moves into the motion pictures of the 1930s 1940s and 1950s when the established radio stars enjoyed second careers on the silver screen and were joined by live action renditions of the comic strip characters Li l Abner and Snuffy Smith along with the much loved Ma and Pa Kettle series of films Hollis explores such rural sitcoms as The Real McCoys in the late 1950s and from the 1960s The Andy Griffith Show The Beverly Hillbillies Green Acres Hee Haw and many others Along the way readers are taken on side trips into the world of animated cartoons and television commercials that succeeded through a distinctly rural sense of fun While rural comedy fell out of vogue and networks sacked shows in the early 1970s the emergence of such hits as The Dukes of Hazzard brought the genre whooping back to the mainstream Hollis concludes with a brief look at the current state of rural humor which manifests itself in a more suburban redneck brand of standup comedy *Down Mason City's Memory Lane* Dale C. Arkansaw is the first book to explain how Arkansas's image began and how the popular culture stereotypes have been perpetuated and altered through succeeding generations. Brooks Blevins argues that the image has not always been a bad one. He discusses travel accounts, literature, radio programs, movies, and television shows that give a very positive image of the Natural State. From territorial accounts of the Creole inhabitants of the Mississippi River Valley to national derision of the state's triple wide governor's mansion to Li'l Abner, the Beverly Hillbillies, and Slingblade, Blevins leads readers on an entertaining and insightful tour through more than two centuries of the idea of Arkansas. One discovers along the way how one state becomes simultaneously a punch line and a source of admiration for progressives and social critics alike. Winner 2011 Ragsdale Award.

Arkansas Mischief Jim McDougal, Curtis Wilkie, 2015-07-21. Until his recent death in federal prison, Jim McDougal was the irrepressible ghost of the Clintons' Arkansas past. As Bill Clinton's political and business mentor, McDougal, with his knowledge of embarrassing real estate and banking deals, bribes, and obstructions of justice, has long haunted the White House. Jim McDougal's vivid self-portrait, completed only days before his death and coauthored by veteran journalist Curtis Wilkie, takes on the rich particularity of character and plot to reveal the hidden intersections of politics and special interests in Arkansas and the betrayals that followed. It is the story of how ambitious men and women climbed out of rural obscurity and how friendships break down and lives are ruined.

Other Voices, Other Towns Caleb Pirtle III, 2012-07-10. Other Voices, Other Towns has in reality taken Caleb Pirtle III a lifetime to write. During the thirty years he has been writing about travel across this great land, he spent much of his time listening to those whose paths he crossed. Pirtle collects people. He collects their stories. He is firmly convinced that everyone who has ever walked across the street has a great story to tell if only someone will take the time to listen. Pirtle has recorded many of them in Other Voices, Other Towns. The sketches, the anecdotes, the tales they tell, the memories they have stored, their lessons of life make you feel better or make you want to cry. Their stories are filled with disappointments and with inspiration. The blind man who tends his beehives in the Smoky Mountains and knows that someday I'm going to where the mountains are higher and prettier and you don't get bee stung. The rancher who bought a whole town because it had a beer joint and he could get a drink any time he was thirsty. The woman who built a major university on the strength of a dime. The grieving father searching for the best little girl in the world. The vagabond who became a great writer because he flunked grammar and could not enroll in college. The last man on the mountain, the last survivor on an island, the last woman strong enough to tame though not civilize the Okefenokee Swamp. The teacher who taught history in school by singing the lessons he had written as songs. The men who created Lum and Abner. The scientist digging for clues to prove a space ship had crashed in the backyard of Aurora, Texas. The performer who rescued the abandoned remains of a crumbling theater. The actor who figured out that a theater ticket was worth a mess of greens or a gallon milk during the Great Depression. The old con artist and wildcatter who defied the odds and discovered a great oilfield. The politician who had one cause passed it in the legislature and went home because there were no other bills.

that concerned him The fishermen who stumbled across pearls in a landlocked lake The girl singer who rode in a small RV behind the star until she became the star The sad journey down the trail of broken promises And the greatest worm fiddler of them all For Pirtle other voices in other towns have all been joined together to form the traveler s story **Historical Dictionary of Old Time Radio** Robert C. Reinehr, Jon D. Swartz, 2007-11-12 The term Old Time Radio refers to the relatively brief period from 1926 when the National Broadcasting Company first began network broadcasting until approximately 1960 when television became the dominant communication medium in the United States During this time radio was as popular and ubiquitous as television is today It was amazingly varied in the types of programming it offered many characters and programs were so popular that virtually everyone was familiar with them Even today recorded versions of these programs are still extremely popular and widely available both from commercial outlets and from hobbyists Behind the production of these programs was a complex technological and financial infrastructure that had to be developed virtually from scratch in a world unaccustomed to the rapid communication and technological marvels that we take for granted today The Historical Dictionary of Old Time Radio provides essential facts and information on the Golden Age of Radio This is accomplished through the use of a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on the radio networks programs directors producers writers actors radio series and radio stations Entries on your favorite shows The Lone Ranger The Shadow Dragnet and Suspense and actors Bob Hope George Burns Gracie Allen and Edgar Bergen will have you jumping from one entry to the next as you relive old favorites and discover hidden treasures from the Golden Age of Radio
