**Robert Lewis**

## Gotcha How The Media Distorts The News:

**Governing from the Centre** Donald J. Savoie, 1999-01-01 Agencies and policies instituted to streamline Ottawa's planning process instead concentrate power in the hands of the Prime Minister more powerful in Canadian politics than the U S President in America Riveting startling and indispensable reading Morals and the Media, 2nd edition Nicholas Russell, 2011-11-01 Confronted daily with decisions on how to present their stories what to write and what not to write journalists and the media are frequently accused of sensationalizing of choosing to report the bad news and of misquoting those they interview In this substantially updated edition of *Morals and the Media* Nick Russell addresses many of the concerns the public has about the media as he examines why the media behave the way they do He also discusses how values have been developed and applied and suggests value systems that can be used to judge special situations This revised edition covers the many changes in the Canadian media in the last decade including further concentration of media ownership media convergence online journalism the rise of the web log and the tightening economic pressures on the industry as a whole While much of the debate in this field has focused on conditions in the United States Russell points out that the ethical issues that arise in Canada are often substantially different from those in the US He has also added new Tough Calls at the end of each chapter inviting readers to test their own ethics in scenarios drawn from real news stories *Morals and the Media* will be essential reading in journalism courses as well as an important resource for journalists It will also be of interest to the consumers of journalism the readers listeners and watchers who wonder why the media do what they do *Trump Trudeau Tweets Truth* Bill Fox, 2022-03-23 Media has long been considered a primary site for political discourse in Western liberal democracies but now with the advent of social media giant multinational digital platforms such as Google and online journalism the way we do politics talk politics and cover politics has completely transformed *Trump Trudeau Tweets Truth* considers the ways that technology has led to an irreversible transition in power distribution political journalism and public discourse Discussing how the military industrial complex of the 1950s gave way to today's celebrity distribution complex Bill Fox examines the amount of power accorded to people well known for being well known from Donald Trump to Justin Trudeau Taking on a Canadian perspective Fox addresses the disturbing cries of fake news in the post truth age and demonstrates how journalism no longer the domain of a select few political reporters and editors has become decentralized and disaggregated In a world that now plays out on mobile devices *Trump Trudeau Tweets Truth* seeks a path through the debris left behind by recent seismic shifts in political media and technology The War Room Warren Kinsella, 2007-10-04 Using personal anecdotes practical wisdom historical examples and humour Kinsella reveals what it takes to survive challenges not just in politics but in any kind of business *The Invention of Journalism Ethics, Second Edition* Stephen J.A. Ward, 2015-09-01 Does objectivity exist in the news media In *The Invention of Journalism Ethics* Stephen Ward argues that given the current emphasis on interpretation analysis and perspective journalists and the public need a new theory of

objectivity He explores the varied ethical assertions of journalists over the past few centuries focusing on the changing relationship between journalist and audience This historical analysis leads to an innovative theory of pragmatic objectivity that enables journalists and the public to recognize and avoid biased and unbalanced reporting Ward convincingly demonstrates that journalistic objectivity is not a set of absolute standards but the same fallible but reasonable objectivity used for making decisions in other professions and public institutions Considered a classic in the field since its first publication in 2004 this second edition includes new chapters that bring the book up to speed with journalism ethics in the twenty first century by focusing on the growing dominance of online journalism and calling for a radical approach to journalism ethics reform Ward also addresses important developments that have occurred in the last decade including the emergence of digital journalism ethics and global journalism ethics

### **Invention of Journalism Ethics** Stephen J.A.

Ward,2005-02-08 Does objectivity in the news media exist In The Invention of Journalism Ethics Stephen Ward argues that given the current emphasis on interpretation analysis and perspective journalists and the public need a new theory of objectivity He explores the varied ethical assertions of journalists over the past few centuries focusing on the changing relationship between journalist and audience This historical analysis leads to an innovative theory of pragmatic objectivity that enables journalists and the public to recognize and avoid biased and unbalanced reporting Ward convincingly demonstrates that journalistic objectivity is not a set of absolute standards but the same fallible but reasonable objectivity used for making decisions in other professions and public institutions

### **Memoirs** Brian Mulroney,2011-07-27 Politics was

always Brian Mulroney s real love As an undergraduate in Nova Scotia he amazed his friends by getting Prime Minister Diefenbaker on the phone and he rose fast in the Tory ranks in Quebec as a young Montreal lawyer He tried for the leadership of the party in 1976 losing to Joe Clark then returned to win a rematch in 1983 The next year he ran the most successful election campaign in Canadian history winning 211 seats and taking office in September 1984 His first term in office was a stormy one marked by the launch of the Meech Lake Accord and the Free Trade Agreement with the United States In 1988 however he was re elected after a rollercoaster campaign and his second term in office was just as controversial featuring the Meech Lake and Charlottetown Accords still a source of bitter regret for him as opportunities missed This book falls into two main sections first his rise out of a working class family in Baie Comeau Second his immersion into the world of Ottawa politics in opposition and then in power The years in power are dealt with in fascinating detail and we receive his candid accounts of backstage dealings with Trudeau Clark and other Canadian leaders and on the international scene with Reagan Thatcher Mitterrand Kohl Gorbachev Mandela Clinton and many more This big book has a huge cast of major players Brian Mulroney is determined to make this the best prime minister s memoirs this country has ever seen and a full time researcher has been helping him for three years This account of his career is colourful and forthright and a number of opponents will be sorry that they caught his attention The manuscript is full of personal touches

and reflects the fact that he wrote it by hand reading it aloud for rhythm and impact Studded with entries from his private journal this book by a son brother husband and father is deeply personal and includes some surprisingly frank admissions The book establishes the scale of his achievements and reveals him as a man of great charm Memoirs will allow that little known Brian Mulroney to engage directly with the reader This book is full of surprises as we fall under the spell of a great storyteller *Gotcha!* George Bain,1994 *Government* Donald J. Savoie,2022-05-22 Citizens have lost trust in their institutions of public governance In trying to fix the problem presidents and prime ministers have misdiagnosed the patient failing to recognize that government bureaucracies are inseparable from political institutions As a result career officials have become adroit at managing the blame game but much less so at embracing change Donald Savoie looks to the United States Great Britain France and Canada to assess two of the most important challenges confronting governments throughout the Western world the concentration of political power and the changing role of government bureaucracy The four countries have distinct institutions shaped by distinct histories but what they have in common is a professional non partisan civil service When presidents and prime ministers decide to expand their personal authority national institutions must adjust while bureaucracies grow to fill the gap paradoxically further constricting government efficacy The side effects are universal political power is increasingly centralized Parliament Congress and the National Assembly have been weakened Cabinet has lost standing political parties have been debased and civil services have been knocked off their moorings Reduced responsibility and increased transparency make civil servants slow to take risks and politicians quick to point fingers Government astutely diagnoses the problem of declining trust in government presidents and prime ministers have failed to see that efficacy in government is tied to well performing institutions **Power, Prime Ministers and the Press** Robert Lewis,2018-10-27 An intimate history of the journalists who covered Canadian history and made some of their own The history of the press gallery is rich in anecdotes about the people on Parliament Hill who have covered 23 prime ministers and 42 elections in the past 150 years Mining the archives and his own interviews Robert Lewis turns the spotlight on the watchers including reporters who got too close to power and others who kept their distance The Riel Rebellion the Pacific Scandal two world wars the Depression women s liberation Quebec separatism and terrorism are all part of the sweeping background to this lively account of how the news gets made manipulated and sometimes mangled Since Watergate press gallery coverage has become more confrontational a fact Lewis argues that fails Canadian democracy **Changing Face of War** Allan Douglas English,1998-06-02 Part I deals with the evolution of military strategy and doctrine from the Napoleonic Wars to today Contributors look at the influence of great military thinkers such as Carl von Clausewitz on the armed forces of the Western world and examine how previous military leaders dealt with issues similar to those faced today such as the effects of technology on strategy the significance of the operational level of war and ways of restructuring the armed forces in times of uncertainty and change Part II examines warfare at the end of this century Examples of the development of

revolutionary warfare in Asia from Mao to Giap are used to underscore the cultural and situational influences on doctrines of revolutionary war Part III looks at the future of conflict in the twenty first century Contributors investigate diverse issues including the impact of computers on warfare the effect of media coverage on strategy space policy arms control in the post Cold War era political systems and their relationship to the probability of war and the prospects of stealth technology In an era when armed forces around the world have come under increasing scrutiny and criticism this collection of essays provides valuable lessons that may avert future military mistakes *Hidden Agendas* Lydia Miljan,Barry Cooper,2011-11-01 Few books in Canada empirically and systematically examine the role journalists play in the news making process While there are several books that look at how journalists do their jobs and others that examine the political process none until now have analyzed the opinions of journalists and how the news is reported Focusing primarily on the political orientation of journalists Miljan and Cooper investigate the link between what journalists believe about politics and how they report political issues Using data gathered from interviews with over 800 Canadians and some 270 journalists the authors compare how the attitudes of journalists differ from those of the general population and how the journalists opinions influence the daily news By examining the way they respond to questions on the economy social issues and national unity and comparing these responses with how the stories were reported in Canadian news outlets the book arrives at the controversial conclusion that journalists more so than the owners of the media are the architects of the news engineering not only its drama but also its ideological thrust A must read for anyone interested in politics and the media this book should be read by journalists politicians academics and all Canadians who are concerned about the hidden agendas of journalists *Improving Canada's Democracy* Terry Julian,2002 中国? 中国,2005 *Rise to Greatness, Volume 1: Colony (1000-1867)* Conrad Black,2017-03-07 Masterful ambitious and groundbreaking this is a major new history of our country by one of our most respected thinkers and historians a book every Canadian should own From the acclaimed biographer and historian Conrad Black comes the definitive history of Canada a revealing groundbreaking account of the people and events that shaped a nation The first of three volumes spanning from the year 1000 to 1867 and beginning with Canada s first inhabitants and the early explorers this masterful history challenges our perception of our history and Canada s role in the world taking on sweeping themes and vividly recounting the story of Canada s development from colony to dominion to country Black persuasively reveals that while many would argue that Canada was perhaps never predestined for greatness the opposite is in fact true the emergence of a magnificent country against all odds was a remarkable achievement Brilliantly conceived this major new reexamination of our country s history is a riveting tour de force by one of the best writers writing today

**Movers and Shakers** John Ayto,2006 Gives a selection of the key words added to the English language in the twentieth century and the early years of the twenty first This work features an introductory essay that identifies the main historical cultural and scientific currents and shows how they contributed new vocabulary to the language **Rise to Greatness**

Conrad Black,2014 Controversial newspaper publisher and historian Conrad Black has written a definitive history of Canada This is a revealing account of the people and events that shaped a nation Spanning from 874 to 2014 and beginning with Canada s first inhabitants and the early explorers this masterful history challenges our perception of our history and Canada s role in the world From Champlain to Carleton Baldwin and Lafontaine to MacDonald Laurier and King from Canada s role in peace and war to Quebec s quest for autonomy Black takes on sweeping themes *Canadian Books in Print* ,2003

**Uneasy Partnership** Geoffrey E. Hale,2006-01-01 Both teachers and students are indebted to Professor Hale for this up to date comprehensive and high quality text Kenneth Kernaghan Brock University **Rise to Greatness, Volume 2:**

**Dominion (1867-1949)** Conrad Black,2017-04-04 Sweeping ambitious and revelatory this is the second volume in a major history of our country by one of our most respected thinkers and historians a book every Canadian should own From the acclaimed biographer and historian Conrad Black comes the definitive history of Canada a masterful groundbreaking account of the people and events that shaped a nation The second of three volumes spanning from the year 1867 1949 this compelling history challenges our perception of our history and Canada s role in the world taking on sweeping themes and vividly recounting the story of Canada s development from colony to dominion to country Black persuasively reveals that while many would argue that Canada was perhaps never predestined for greatness the opposite is in fact true the emergence of a magnificent country against all odds was a remarkable achievement Brilliantly conceived this major new reexamination of our country s history is a riveting tour de force by one of the best writers writing today
