Good Governance, Democratic Societies and Globalisation Munshi S., 2004 This book discusses good governance in democratic societies in the context of globalisation from a cross cultural perspective India and the European Union democratic unions representing old histories rich cultures and new aspirations are viewed comparatively in order to assess what they can learn from each other *Public*

Administration in South Asia Meghna Sabharwal, Evan M. Berman, 2017-09-25 A state of the art one stop resource Public Administration in South Asia India Bangladesh and Pakistan examines public administration issues and advances in the Indian subcontinent The book fulfills a critical need These nations have the largest public administration programs in South Asia yet existing knowledge on them is fragmented at best Bringing together leading scholars from these countries this book provides both an insider perspective and a scholarly look at the challenges and accomplishments in the region Focusing on the machinery of government the book explores questions such as What is the history of public administration development How are major decisions made in the agencies Why are anti corruption efforts so much a challenge What is the significance of intergovernmental relations What is the success of administrative reform What are examples of successful social development programs How successful is e government and what are its challenges Why is civil service reform difficult to achieve How is freedom of information being used as a means to combat corruption and invoke grassroots activism What can be learned from the successes and failures While public administration practice and education have become considerably professionalized in the last decade a sufficiently in depth and well rounded reference on public administration in these countries is sorely lacking Most available books tackle only aspects of public administration such as administrative reforms civil service economic developments or public policy and are country specific None provide the in depth analysis of the sphere of public action in South Asia found in this book It supplies an understanding of how public administration can be either the source of or solution to so many of the problems and achievements in the Indian subcontinent *Mathematical*

Approaches to Understanding Democracy: Emerging Research and Opportunities Arteta, Alberto, 2018-12-07 The democratic system is understood and accepted as the fairest form of government in Western countries Nevertheless citizens tend to critique their democratically elected rulers Mathematical Approaches to Understanding Democracy Emerging Research and Opportunities is an essential reference source that provides an analysis on the global political systems and provides insight on how to optimize government capabilities citizen engagement and educational systems Using statistical concepts it proposes algorithmic solutions to detect problems and provide improvement on democratic and non democratic societies

Featuring research on topics such as political negligence voter knowledge political corruption and democratic training this book is ideally designed for governmental officials policymakers educators statisticians academicians and researchers

Encyclopedia of Governance Mark Bevir,2007 *Handbook of Common Terminologies and Definitions in Modern Government* Emerson J. Jones,2018-06-22 This publication provides common terminologies and definitions to enhance the understanding of public governance management and administration It aims to promote the use of good governance principles and applications in modern government Set in the context of public service design and delivery and optimization of public sector institutional performance this handbook further aims to enhance the readers orientation approach and understanding of key concepts and meanings in several related functional disciplines It has a practical and research application with insights dealing with organizational change and administrative reshaping transitioning and repositioning of public sector organizations *Humanism in Intercultural Perspective* Henner Laass,Univ. Prof. Dr. Dr.h.c.mult.,2015-07-15 This book is a breakthrough in illuminating humanism For the first time it is presented in an intercultural perspective It introduces Chinese Indian African Islamic and Western traditions into the intercultural discussion about basic issues of understanding the human world By this means it recognizes different disciplinary perspectives history philosophy as well as religious literary and gender studies Special emphasis is put on the controversial relationship between humanism and religion This complex network of argumentations is an answer to the challenge of cultural orientation at the age of globalization Humanism is brought to life as a synthesis of transcultural values and a mutual and critical recognition of cultural differences **Politics of the 'Other' in India and China** Lion Koenig,Bidisha Chaudhuri,2016-02-22 The social sciences have been heavily influenced by modernization theory focusing on issues of economic growth political development and social change in order to develop a predictive model of linear progress for developing countries following a Western prototype Under this hegemonic paradigm of development the world tends to get divided into simplistic binary oppositions between the West and the rest us and them and self and other Proposing to shift the discussion on what constitutes the Other as opposed to the Self from philosophy and cultural studies to the social sciences this book explores how the structural asymmetries existing between Western discourses and the realities of the non Western world manifest themselves in the ideas institutions and socio political practices of India and China and in how far they shape the social scientist s understanding of their discipline in general It provides a counter narrative by revealing the relativity of geographies and by showing that the conventional presentation of core elements of the Asian socio political set up as aberrations from the Western models fails to acknowledge their inherent strategic character of adapting Western concepts to meet local requirements Drawing on multiple disciplines concepts and contexts in India and China the book makes a valuable contribution to the theory and practice of politics as well as to International and Asian Studies **Business and Government Relations in Africa** Robert A. Dibie,2017-07-06 This book endeavors to take the conceptualization of the

relationship between business government and development in African countries to a new level In the twenty first century the interests and operations of government and business inevitably intersect all over the African continent No government federal or state can afford to ignore the needs of business But what are these needs how does business express its needs to government and what institutions organize government business relations in African countries How should government regulate business or should it choose to let the markets rule Government and Business Relations in Africa brings together many of sub Saharan African leading scholars to address these critical questions Business and Government Relations in Africa examines the key players in the game federal and state governments and business groups and the processes that govern the relationships between them It looks at the regulatory regimes that have an impact on business and provides a number of case studies of the relationships between government and economic development around the African continent highlighting different processes and practices It shows the latest state of knowledge on the topic and will be of interest both to students at an advanced level academics and reflective practitioners It addresses the topics with regard to business government relations and will be of interest to researchers academics policymakers and students in the fields of African politics comparative politics public policy business and politics sustainable development and sustainability economic development and managerial economics

Encyclopedia of International Relations and Global Politics Martin Griffiths, 2013-11-26 The study of international relations has changed rapidly in recent years Firstly as a consequence of major political and economic change the end of the cold war and the fall of communism the resurgence of nationalism terrorism and forms of fundamentalism globalization and secondly linked with these developments because of the vitality of the discipline with ongoing debates on the fundamental paradigms for the understanding of international relations and the emergence of the perspectives of feminism postmodernism constructivism and critical theory The Routledge Encyclopedia of International Relations and Global Politics provides a unique reference source for students and academics covering all aspects of global international relations and the contemporary discipline across IR s major subject divisions of diplomacy military affairs international political economy and theory Written by a distinguished group of international scholars the Encyclopedia is largely comprised of substantial entries of more than 1 000 words with fifty major entries of 5 000 words on core contemporary topics Each entry is fully cross referenced and followed by a listing of complementary entries and a short bibliography for further reading The whole is comprehensively indexed There is no other resource of its kind and the Encyclopedia of International Relations and Global Politics will be an extremely valuable addition to all libraries supporting teaching and research in the social sciences

Projects, Government, and Public Policy Stanisław Gasik, 2022-11-25 Many governments have effectively organized public project implementation systems in their jurisdictions At the same time many other countries remain at a less advanced level of public project management Globally there is a need for project management knowledge to be transferred between governments However no systematic review of these practices has been developed to date Projects Government and Public Policy was written to fulfill this need and presents a review of project management practices in countries with developed project based capabilities This book uses its own rigorous model to present this review systematically This book s practical purpose is to give a structured overview of government level project management practices This knowledge can be used in the work of governments to improve the management of public projects and the implementation of public policies Many professionals working in public institutions understand project management concepts differently than project management professionals Therefore this book begins with a chapter that describes the differences between the conceptual basis of public administration and project management The body of this book has five parts Part I is mainly intended for those involved in government and public administration who want to acquire or increase knowledge about project management Part II provides an overview of the basic concepts from the theory of public administration public policies and development management Part III describes what makes public projects unique and

the success factors specific to projects of this sector Knowledge about effective government project management practices is covered in Part IV The concluding Part V begins with a general overview of the maturity model concept Its main part covers the description of a maturity model showing ways to systematically improve the implementation of public projects This book is written for governments and government administrators including the most influential decision makers who craft policies to guide a country s development as well as how to implement projects This book is also intended for supporters and enthusiasts of project management in government and public administration by providing them with a description of the solutions used by project management in public administration This book is intended too for all project management practitioners working for public projects project managers team members sponsors and middle level executives of project delivering private companies By knowing public administration concepts they can manage their projects better and use a common language with their clients

International Order in a Globalizing World Yannis A. Stivachtis,2016-04-22

There is a growing recognition that globalization is leading to fundamental changes in world order creating new imperatives and requiring new ways of understanding the international system Two of the most important actors in the contemporary international system are the United States and Europe and their relationship is fundamental in shaping international order International order shapes and is also being shaped by the forces of globalization whether cultural political or economic This volume examines issues that transcend national and cultural boundaries discussing international order from the perspective of the English School of International Relations It covers areas such as great powers foreign policy relations among great powers sovereignty democracy and legitimacy international terrorism and intelligence and institutions and international organizations Ultimately it analyzes what is to be done to assure a stable international order The volume is relevant to security studies foreign policy transatlantic relations and international organizations as well as international relations theory

Administrative Reforms Amita Singh,2005-10-03 This volume analyses the impact of globalisation on governance and specifically on public sector reforms Starting from the premise that adhocism and sectoralism are the main reasons why past attempts at administrative reforms in India have not succeeded this book maintains that some of the basic tenets of mainstream approaches to administrative reform require urgent and critical re examination The ten essays in this book dwell on three distinct areas urban governance energy and environmental governance and service delivery systems which have been subjected to a blizzard of reforms in recent years The contributors investigate the role of public and private partners as agents of change and showcase successful experiments that have transformed the lives of local rural communities

Special Bibliography Series ,1957

Key Concepts in Governance Mark Bevir,2008-12-18

A comprehensive multidisciplinary examination of the concepts embodied in governance and their wide ranging applications and implications An important read and reference for students and academics in the social sciences particularly those engaged in public policy studies Professor Carolyn J Heinrich University of Wisconsin Madison An authoritative short survey for which students and

teachers alike will be profoundly grateful Professor Rod Rhodes University of Tasmania and Australian National University Students of governance will welcome this book given the explosion of literature in the field It provides a quick guide to key concepts and ideas but does so with considerable originality We are offered not just a review of well established positions but a distinctive take on the governance debate Gerry Stoker Professor of Governance University of Southampton The language of governance has risen to prominence in the last 20 years as a way of describing and explaining changes in the nature and role of the state but the concepts involved can be confusing as they are often new and come from diverse disciplinary and theoretical settings Key Concepts in Governance provides a clear introduction to the technical concepts and policies of contemporary governance through short definitional essays Each entry features a snapshot definition of the concept a contextualization of the concept an overview of relevant debates a guide to further reading The book also includes a substantial introductory chapter which gives an overview of governance studies as a whole orientating and guiding the reader around the issues that the concepts address Highly readable with clear cross referencing this is an ideal book for students on introductory courses and an indispensable resource for anyone interested in governance

Globalisation, Governance and Human Rights: South Asian Experiences Anisur Rahman, Niharika Tiwari, 2022-01-01 With increasing geo strategic importance in contemporary scenario the South Asia can be accorded as a region of special relevance in context of globalization and international politics The present book delves deep into the pros and cons of inter linkages between globalization governance and issues of human rights in South Asia The book discusses an array of issues relating to globalization governance and issues of human rights The micro level issues are discussed in a way that it will give an insight to develop a framework and better understanding at macro level In this book readers will find the debate between proponents and critics of globalization in detail to comprehend the context in toto The governance and its connection with globalization is also dealt with accordingly The issue of human rights in the globalized world needs to be given proper attention so as to understand all indispensable aspects to have a complete understanding of South Asia in a globalized world The book throws light on issues and challenges like conflicts human rights issues poor governance gender imbalance poverty and unemployment This will certainly help readers to understand the South Asia through post development perspective It will also be helpful for scholars general readers and policy makers in understanding and developing their own perspectives and formulating policy on South Asia in contemporary globalized scenario

Language Regimes in Transformation Florian Coulmas, 2008-08-22 Globalization has many faces One of them is the transformation of language regimes This book provides an in depth account of how two second tier languages Japanese and German are affected by this process In the international arena they no longer compete with English but their status in their home countries and as foreign languages in third countries is in flux Original empirical and theoretical contributions are presented in this up to date study of language regime change The desirability of a single all purpose language for all communication needs is seldom questioned It is simply taken for granted in many advanced

countries such as Japan and the German speaking countries However it is not clear whether German and Japanese can sustain their full functional potential if their own speakers use these languages in certain domains with decreasing frequency The advantages of borderless communication in a single language on one hand and maintaining highly cultivated all purpose languages on the other are obvious The question of whether and how these two principles can be reconciled in the age of globalization is not In this book leading scholars present their answers Ulrich Ammon Tessa Carroll Nanette Gottlieb Patrick Heinrich Takao Katsuragi John Maher Kiyoshi Hara Elmar Holenstein Konrad Ehlich Fumio Inoue and Florian Coulmas

The Palgrave Encyclopedia of Global Security Studies ,2023-02-15 This encyclopedia provides an authoritative guide intended for students of all levels of studies offering multidisciplinary insight and analysis of over 500 headwords covering the main concepts of Security and Non traditional Security and their relation to other scholarly fields and aspects of real world issues in the contemporary geopolitical world
