Good News About Trouble:

Unspeakable Sarah Travis, 2021-06-09 *Unspeakable* probes the relationship between trauma theory and Christian theology in order to support preachers in the task of crafting sermons that adequately respond to trauma in the pews and the world at large How might sermons contribute to resiliency and the repairing of wounds caused by traumatic experiences This book seeks to provide a theological lens for preachers who wonder how their beautiful words can address suffering amid traumatic wounding Preaching is a healing discourse that proclaims gospel or good news Gospel is a complicated reality especially in the face of trauma Drawing on various theologies and insights from trauma theory *Unspeakable* challenges the notion of a triumphant gospel seeking an in between perspective that honors both resurrection and the trauma that remains despite our desire to get to the good news It builds on images of the preacher as witness and midwife in order to develop homiletical practices that acknowledge the limitations of language and imagination experienced by traumatized individuals

Doing justice to the complexity of the preaching task and the questions that underlie it, Wilson organizes both the preparation and the content of the sermon around its four pages. Each page addresses a different theological and creative component of what happens in any sermon. Page One presents the trouble or conflict that takes place in or that underscores the biblical text itself. Page Two looks at similar conflict, sin, or brokenness in our own time. Page Three returns to the Bible to identify where God is at work in or behind the text in other words to discover the good news. Page Four points to God at work in our world, particularly in relation to the situations described in Page Two.

Introduction to Preaching

Leah D. Schade, Jerry L. Sumney, Emily Askew, 2023-02-03. Coauthored by a homiletician, a theologian, and a biblical scholar, this book is a preaching primer that provides tools for crafting effective, engaging, and inspiring sermons. Using a unique workbook-style format, *Introduction to Preaching* equips seminarians and preachers to use appropriate theological claims informed by solid biblical interpretation while providing several sample sermons from the authors. Readers will learn how to use a three-part schema: the Central Question, the Central Claim, and the Central Purpose to provide the drive, direction, and destination for the sermon. Offering guidelines for using appropriate sermon forms, imagery, metaphors, and creativity together with advice on how to deliver contextually relevant sermons using our bodies, presence, and voice, make this a staple for both new and experienced preachers. *Introduction to Preaching* includes a chapter on exploring the space of preaching, including onsite and online sermons. In addition, it features charts and worksheets to help organize the sermon-writing process, as well as exercises for the preacher's voice and body and tips for advice for guest preachers and supply preachers. A glossary of terms and an extensive bibliography make this a handy reference guide for students and all preachers.

Tiny

Little Troubles Marc Lecard, 2013-11-05. From Marc Lecard, the critically acclaimed author of *Vinnie's Head*, comes a fast-paced crime story about an eccentric thug chasing after a piece of nano technology and the scientist that created it. Aaron Rogell is a brilliant San Francisco scientist with a nanotech start-up, a beautiful wife, and a brand-new baby. But Aaron has an ugly little problem: he just can't keep it in his pants. Ignoring business and family, he spends most of his quality time with an upscale call girl named Aphrodite, a toothless street hooker, and other less presentable companions. But when one of Aphrodite's lowlife acquaintances, the fearsome Pablo Clench, learns that her new boyfriend has invented a miraculous technology that may be worth fabulous sums of money, life for Aaron Rogell will never be the same again. And soon Aaron, his wife, and child, the bad guys, and just about everyone else ends up with lots of tiny little troubles.

Theologies of the

Gospel in Context David Schnasa Jacobsen, 2017-08-25. Many preachers and teachers of preaching talk about the gospel, few name it. *Theologies of the Gospel in Context* assembles a gifted group of homiletics who think that preachers need to be able to articulate the gospel, not in general but in a certain time and place, in context. They consider what gospel sounds like

for people under oppression in capitalist economies in neocolonial contexts for survivors of trauma and for disestablished mainline churches marred by racism Preachers will appreciate these preacher scholars desire to articulate the gospel with clarity especially since the term is so often left unexplained Homiletics will see a new genre of doing their work as teachers and researchers in preaching a vision that helps preaching see itself not just as an adjunct to exegesis or communication but a place of doing theology In these pages homiletics is more than technique it is a truly theological discipline
