Gorbachev And The Soviet Future:

Gorbachev And The Soviet Future Lawrence W. Lerner, 2019-04-08 This book presents articles that provide a detailed account on the role of Gorbachev in Soviet's future political reform educational reform economy military policy toward the United States and Western Europe and relations with the developing world *A Road to the Future* Mikhail Sergeevich Gorbachev, 1990

Beyond Perestroika Ernest Mandel, 1991-05-17 **When the Future Came: The Collapse of the USSR and the Emergence of National Memory in Post-Soviet History Textbooks** Li Kurbatov, Sergiy

Bennich-Björkman, 2019-11-30 This captivating volume brings together case studies drawn from four post Soviet states Russia Ukraine Belarus and Moldova The collected papers illustrate how the events that started in 1985 and brought down the USSR six years later led to the rise of fifteen successor states with their own historicized collective memories The volume's analyses juxtapose history textbooks for secondary schools and universities and how they aim to create understandings as well as identities that are politically usable within their different contexts From this emerges a picture of multiple perestroika's and diverging development paths Only in Ukraine a country that recently experienced two popular uprisings the Orange Revolution and the Revolution of Dignity the people themselves are ascribed agency and the power to change their country In the other three states elites are instead presented as prime movers of society as is historical determinism The volume's contributors are Diana Benchechi Andrei Dudchik Liliya Erushkina Marharyta Fabrykant Alexandr Gorylev Andrey Kashin Alla Marchenko Valerii Mosneagu Alexey Rusakov Natalia Tregubova and Yuliya Yurchuk **The Strange Death of Soviet**

Communism Nikolas K. Gvosdev, 2017-07-05 The collapse of communism marked the close of an era of world history What took place in the Soviet Union between 1917 and 1991 in the eyes of its proponents constituted a great experiment in the application of new modes of organization to social life the largest such experiment in history The Strange Death of Soviet Communism which first appeared as a special issue of The National Interest brings together leading scholars of Soviet history who show why the experiment failed and how it has destroyed the laboratory of socialist utopias Francis Fukuyama considers the role of long term social and intellectual modernization while Vladimir Kontorovich examines the related factor of economic stagnation Myron Rush then analyzes the accidental and precedent breaking accession and leadership of Gorbachev Charles Fairbanks looks at the more general factors of change and rigidity within communist political culture Chapters by Peter Reddaway and Stephen Sestanovich conclude this section by assessing respectively the role of internal pressure from Soviet citizens and external pressure from the West The next chapters deal with why the West was surprised by the communist collapse This involves a critique of Western Sovietology both for its scholarly failures and its ideological prejudices Here Peter Rutland and William Odom deal with social science interpretations of the Soviet Union while Robert Conquest and Richard Pipes reflect on historians readings of Soviet history Martin Malia then offers a comparative assessment of both In the third section Irving Kristol and Nathan Glazer discuss communism in relation to the intellectuals in

the West Although the authors are united in their anti communist stance the volume is diverse in its perspectives and assessments of Soviet communism Taken together these contributions show that the debate on the legacy of communism and a subsequent rethinking of modern history is just beginnin *The Future of U.S.-Soviet Relations* United States. Congress. Senate. Committee on Foreign Relations,1990 **Politics, Society, And Nationality Inside Gorbachev's Russia** Seweryn Bialer,2019-06-04 The East West Forum is a New York based research and policy analysis organization sponsored by the Samuel Bronfman Foundation Its goal is to bring together experts and policy leaders from differing perspectives and generations to discuss changing patterns of East West relations It attempts to formulate long term analyses and recommendations In p **The Future of the Soviet Economic Planning System** David A. Dyker,1985 First published in 1985 this book offered a fresh analysis of the problems faced by the Soviet economy by focussing on the key issues in the economic planning system David Dyker considers the available options for reform during the 1980s and the most likely developments Discussing the origins of the Soviet economic planning system and the theories which founded it previous attempts to reform the organisational structure and the particular problem of agriculture Dyker presents a picture of an increasingly bleak future for the Soviet economy This is a comprehensive title written by a renowned expert on the Soviet economy which will be of particular value to students and academics researching the political and economic development and history of the Soviet Union **The Demise of the Soviet Union** Jan Hallenberg,2018-05-08 This title was first published in 2002 Designed as a research text for academics in higher education and interested practitioners this volume weaves together an original strand of international relations theory with key empirical case studies of the United States United Kingdom France and Sweden and their attitudes towards the Soviet Union Original in nature and composition the book deals with aspects of predictability in foreign policy and gauges the level of impact that international events have on domestic levels of awareness The hypothesis and the typology are solid giving the book its strong analytical structure In sum this book is cutting edge It will be of great use as a research text to those studying the countries of Western Europe and also those with an interest in Russia and the Soviet Union Given its strong theoretical content and its choices of case study this cross disciplinary text is also suitable for area studies in general *Perestroika* Ken Coates,1988 **Future Survey Annual 1991** Michael Marien,1991-01-01 *Future Survey Annual 1990* Michael Marien,1990-01-01 *The Future: International scene* ,1989 **Gorbachev** Mikhail Gorbachev,1999-10-20 The last president of the Soviet Union discusses Communism the Cold War and bringing democracy to Russia in this sweeping political memoir Drawing on his own experience and rich archival material Mikhail Gorbachev shares his illuminating perspective on Russia s past present and future place in the world Beginning with the October Revolution of 1917 he notes how much Vladimir Lenin and the Bolshevik Party did to modernize Russia While he argues that the Soviet Union had a positive influence on social policy in the West Gorbachev maintains that this positive development was cut short by Stalinist totalitarianism Discussing the fall of the

USSR in depth Gorbachev examines the goals of perestroika awakening ethnic tensions the inability of democrats to unite and his own attempts to preserve the union through reform In retracing those fateful days he explains the origins of Russia's present crisis He then lays out a blueprint for Russia's future charting a path toward meaningful economic and political reforms He also presents possible resolutions to a number of international dilemmas including NATO expansion the role of the UN the fate of nuclear weapons and environmental problems

Gorbachev's New Thinking and Third World

Conflicts Jiří Valenta, Frank Cibulka, Some of the most crucial changes inspired by Gorbachev and perestroika concern Soviet and East European policies toward Third World countries Despite countless studies of Soviet U S relations and U S relations with the Third World the area of Soviet relations with the Third World has been left relatively undeveloped This is the first of several volumes intended to add to our knowledge of what the series editor Jiri Valenta characterizes as East South relations In this new era of cooperation and diplomacy the superpowers are working to resolve regional conflicts in and around Afghanistan Nicaragua Angola and Cambodia Such efforts are exceedingly complex since they necessarily involve not only the Soviet Union but Third World nations that may operate independently such as Cuba and Vietnam This volume addresses a number of such conflicts In addition to those already mentioned conflicts in Ethiopia Namibia and the Philippines are discussed and their implications for Western policy makers are reviewed As the contributors emphasize despite current Soviet emphasis on peaceful solutions to regional conflicts Gorbachev's New Thinking in foreign affairs is still decidedly selective In some cases the Soviet Union will actually encourage close ties with regional Third World powers as it has with India It is also too much to expect that the Soviet Union much less Cuba and Vietnam will completely cut ties to revolutionary allies worldwide That said the 1990s will undoubtedly be characterized by new Soviet foreign policy styles Their shape and form is the subject of this book It will be of immense interest to policymakers and researchers concerned about current developments in relations between the superpowers and with the Third World Contributors include Vernon Aspaturian Bhabani Sen Gupta William E Griffith Jerry F Hough Douglas Pike Howard Wiarda AH T Sheikh Sabahuddin Kushkaki Colin Legum H de V du Toit Khien Theeravit Frank Cibulka Alvaro Taboada Charles William Maynes W Bruce Weinrod Jiri Valenta

Gorbachev's USSR Uri Ra'anani, 1990-06-18 A collection of papers presented at Boston University by leading Sovietologists evaluating the meaning of developments in the USSR and their impact since Gorbachev became head of government The consensus is that the USSR is facing a systemic crisis affecting ideology leadership and economics

Perestroika Era Politics: The New Soviet Legislature and Gorbachev's Political Reforms Robert T. Huber, Larry D Kelley, 2016-09-16 This book is an evaluation of the new legislative politics in the Soviet Union The contributors examine the uneven progress of electoral and constitutional reform the composition organisation staffing and procedures of the Congress of People's Deputies and the Supreme Soviet the development of factions movements and parties on the left on the right and of the nationalist bent the path of executive legislative relations and case studies of the role of the legislature on domestic

and foreign policy realms This book should prove of interest to students of Soviet politics political parties and legislative politics as well as for anyone interested in the struggle of political ideas forces and institutions in the USSR today **Soviet Constitutional Crisis** Robert Sharlet, 2016-06-16 Moving from the adoption of the post Stalin Constitution of 1977 through its subsequent implementation under Brezhnev Andropov and Chernenko to the radical legal restructuring of the Gorbachev years Robert Sharlet traces the gradual evolution of a nascent constitutionalism in the erstwhile USSR Sharlet a noted authority on Soviet law and constitutional development demonstrates the gradual transformation of law from an instrument of Communist Party rule into the new rules of the game for nonauthoritarian political development In effect he argues one of Gorbachev s most durable achievements may be his redefinition of Soviet politics into a legal idiom along with his relocation of policymaking from behind the closed doors of Party conclaves into the more open emergent arena of constitutional government In analyzing the politics of law from the Brezhnev era to the rise of Yeltsin the author takes account of the war of laws the symbolic uses of the Soviet constitution and even the fact that the leaders of the failed coup attempted to justify their seizure of power on constitutional grounds Constitutionalism has sufficiently suffused Soviet public life the book concludes that most of the sovereign republics as successors to the former USSR have begun designing their futures to varying degrees in constitutional forms **United States-Soviet Relations, 1991** United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Arms Control, International Security, and Science, 1992 The Grand Bargain--should the West Bankroll Soviet Transformation to a Free Market Economy? United States. Congress. House.
