as practiced by its founding fathers including Aurélien Lugné-Poe Adolphe Appia Gordon Craig W B Yeats Jacques Copeau
Charles Dullin Antonin Artaud V E Meyerhold Sergei Eisenstein and Bertolt Brecht It investigates the theories and practices
of these leading figures in their transnational and cross cultural relationship with Asian theatrical traditions and their
interpretations and appropriations of the Asian traditions in their reactional struggles against the dominance of
commercialism and naturalism From the historical and aesthetic perspectives of traditional Asian theatres it approaches this
intercultural phenomenon as a Euro centred process of displacement of the aesthetically and culturally differentiated Asian

theatrical traditions and of their historical differences and identities Looking into the displaced and distorted mirror of Asian theatre the founding fathers of modern Western theatre saw in their imagination of the ghostly Other nothing but a self reflection or more precisely a self projection and emplacement of their competing ideas and theories preconceived for the construction and the future development of modern Western theatre

Shakespeare Among the Moderns Richard Halpern, 1997 Modernist writers critics and artists sparked a fresh and distinctive interpretation of Shakespeare s plays which has proved remarkably tenacious as Richard Halpern explains in this lively and provocative book The preoccupations of such high modernists as T S Eliot Wyndham Lewis and James Joyce set the tone for the critical reception of Shakespeare in the twentieth century Halpern contends their habits of thought continue to dominate postmodern schools of criticism that claim to have broken with the modernist legacy Halpern addresses such topics as imperialism and modernism s cult of the primitive the rise of mass culture modernist anti semitism and the aesthetic of the machine His discussion considers figures as diverse as Orson Welles and Arnold Schwarzenegger and Shakespeare critics including Northrop Frye Cleanth Brooks Stephen Greenblatt and Stanley Cavell Shakespeare s works have been subjected to a continuing process of historical reinterpretation in which every new era has imposed its own cultural and ideological presuppositions on the plays The most enduring contribution of modernism Halpern suggests has been the juxtaposition of an awareness of historical distance and a mapping of Shakespeare s plays onto the present Using modernist themes and approaches he constructs new readings of four Shakespeare plays

Event-Space Dorita Hannah, 2018-07-11 As the symbolists constructivists and surrealists of the historical avant garde began to abandon traditional theatre spaces and embrace the more contingent locations of the theatrical and political event the built environment of a performance became not only part of the event but an event in and of itself Event Space radically re evaluates the avant garde's championing of nonrepresentational spaces drawing on the specific fields of performance studies and architectural studies to establish a theory of performative architecture Event was of immense significance to modernism's revolutionary agenda resisting realism and naturalism and simultaneously the monumentality of architecture itself Event Space analyzes a number of spatiotemporal models central to that revolution both illuminating the history of avant garde performance and inspiring contemporary approaches to performance space
