Covenant Theology

Jeong Koo Jeon, 2004-11-03 In *Covenant Theology* author Jeong Koo Jeon makes a much needed contribution to 21st century biblical and systematic theology. He explores the debate between John Murray and Meredith G. Kline, placing their ideas in the larger context of Biblical studies that have had a direct influence on Reformed theology and evangelicalism. Although the theologies of Murray and Kline contain significant differences, they both maintain a distinction between a covenant of creation and a covenant of grace. In addition, they both advocate a fundamental antithesis between law and gospel, giving a priority to law over gospel in the temporal and logical order of divine works. Jeon sees these distinctions as hermeneutic tools that are essential for better understanding of biblical revelation as well as faith, grace, and atonement.

Daniel P. Fuller's Reply to Paul Feinberg's Critique of Gospel and Law: Contrast Or Continuum? Daniel P. Fuller, 1980

Continuity and

Discontinuity (Essays in Honor of S. Lewis Johnson, Jr.) John S. Feinberg, 1988-05-01 Evangelicals agree that the Bible is God's inerrant word. But we sometimes differ on how to relate the messages of the Old and New Testaments. Without a basic understanding of this crucial matter, it is difficult to know how to use the Testaments to formulate either doctrine or practice. For example, Was Israel the OT Church? Are OT promises to God's national people fulfilled in the church today? Or is Mosaic Law binding on believers now? Are twentieth-century Christians to obey the Ten Commandments, including Sabbath observance? In this book, thirteen noted evangelical theologians discuss fairly but clearly the continuity/discontinuity debate in regard to six basic categories: theological systems, hermeneutics, salvation, the Law of God, the people of God, and kingdom promises. Covering much more than the differences between Covenant Theology and Dispensationalism, this work of distinguished evangelical scholarship will fuel much profitable study and discussion.

Foundations for African Theological Ethics James Nkangah-Obrempong, 2013-05-14 Having taught on ethics in Africa for almost a decade, James Nkangah Obrempong presents a work that goes some way to addressing the dearth of materials on ethics that combine African social, religious, cultural, and moral values with biblical and theological values. Integrating these from African, Western, and biblical contexts, Nkangah demonstrates how important they are for dealing with contemporary moral and social issues facing the church in Africa and African societies. The book develops a theoretical biblical and theological foundation for Theological Ethics and uses this to address the broader issues that affect the socio-political and economic life of African people and the church.

Biblical Eschatology Jeong Koo Jeon, 2021-10-01 Jeon's *Biblical Eschatology* explores the pattern of covenant eschatology demonstrated and revealed in the Bible throughout redemptive history. In a sense, it is a revolutionary method to freshly examine and look at the entire redemptive history from the perspective of covenant eschatology, because the Bible itself is the covenantal canon. Readers will marvel at how the author unpacks the pictorial pattern of covenant eschatology progressively revealed in the Bible. As we live in the Global Mission Age under the grace of God, it is vitally important and

necessary to have a proper view of eschatology Jeon's book will guide believers to a biblically balanced understanding of eschatology and properly equip them with a biblical covenantal and eschatological worldview to live their lives for the glory of God actively participating in the Global Mission under the guidance of the Holy Spirit as we eagerly wait for the second coming of Jesus Christ

Perspectives Old and New on Paul Stephen Westerholm, 2004 Here finally is a much needed review and analysis of the divergent interpretations of Paul With a clear head and winsome sense of humor Stephen Westerholm compares the traditional understanding of Paul to more recent readings drawing on the writings of key figures in the debate both past and present Westerholm first offers a detailed portrait of the Lutheran Paul including the way such theologians as Augustine Luther Calvin and Wesley have traditionally interpreted justification by faith to mean that God declares sinners righteous by his grace apart from works Westerholm then explores how Paul has fared in the twentieth century in which New Perspective readings of Paul see him teaching that Gentiles need not become Jews or observe Jewish law to be God's people The final section of the book looks anew at disputed areas of Paul's theological language and offers compelling discussion on the place of both justification by faith and Mosaic law in divine redemption

Bird, 2016-11-11 Lively well informed portrait of the complex figure who was the apostle Paul Though Paul is often lauded as the first great Christian theologian and a champion for Gentile inclusion in the church in his own time he was universally regarded as a strange and controversial person In this book Pauline scholar Michael Bird explains why An Anomalous Jew presents the figure of Paul in all his complexity with his blend of common and controversial Jewish beliefs and a faith in Christ that brought him into conflict with the socio religious scene around him Bird elucidates how the apostle Paul was variously perceived as a religious deviant by Jews as a divisive figure by Jewish Christians as a purveyor of dubious philosophy by Greeks and as a dangerous troublemaker by the Romans Readers of this book will better understand the truly anomalous shape of Paul's thinking and worldview *Faith and Obedience in Romans* Glenn Davies, 2015-01-29 This study is a fresh approach to Paul's Epistle to the Romans Taking Paul's Jewish background seriously it challenges the prevailing consensus that Paul's object in the first three chapters is to conclude that everyone is under the power of sin Davies shows that in Paul's thinking there has always been a category of the righteous those who live by faith and express their faith in obedience Paul's indictment of Jews and Gentiles therefore is an indictment of only the wicked among Jews and Gentiles not of the righteous His Name Is Yeshua Leo Vanderploeg, 2025-03-31 In the West most of us Christians have grown up using names like Jesus Old Testament New Testament and the Law without realizing the real history behind these titles Did you know that the name Jesus is less than four hundred years old and has no meaning In what climate did this non Jewish name appear in church history Did you know that the Old New Testament division was created by a church heretic who hated the Old Testament We have also likely been

raised with a subtle antisemitism beginning with Bible schools and seminaries that brush off the importance of the Hebrew language of studying the language for the layperson and the importance of names in the Bible Often there is a prejudice against rabbinic thinking and commentary of God s Word So if we have a library of books about the Scriptures we may have a disproportionate number of commentaries written by non Jews I ve met enough pastors who only had one Jewish commentary if any As we are fed by very what I call Greekish thinking I ve even met people who were upset to find out Jesus was a Jew and his real name was Yeshua Have you discovered that the New Testament though written in Greek is grounded in Hebrew thought Did we forget which people group gave us the Scriptures Many leaders of the church do not even know the place or role of the Jews in the end times as they believe they have no importance at all anymore Did this lack of knowledge have anything to do with the holocaust This book may be instrumental for today s church that it wakes up to some fundamental truths that we never knew or forgot May this book be a blessing to you Shalom Leo
