Gospel Hymns And Social Religion The Rhetoric Of Nineteenth Century Revivalism American Civilization:

Gospel Hymns and Social Religion Tamar Frankiel, 1978 Today's businessman stretches his lunch hour with a third martini or a fast game of handball. His nineteenth century counterpart might well have stretched his to take in a religious revival. Across America especially in 1857-58 and 1875-77 two men Ira D. Sankey and Dwight L. Moody were holding immensely popular meetings that would lay the foundation for the tradition of hymnody and revivalism that extends through Billy Sunday to Billy Graham. They added major new developments to an already existing revival tradition: mass meetings in large auditoriums, careful organization of local Christian workers, and a completely interdenominational approach. But the most remarkable feature of the Moody-Sankey act was Sankey himself: he sang the gospel. He also had his own book of songs to sell. Sankey's *Gospel Hymns* was by far the most successful of American hymnals and deserves some special attention: some attempt to account for its impact. Why did gospel hymns have such appeal? In this unique study Sandra Sizer addresses that question by discussing the emergence of Moody-Sankey revivalism and popular religion in the white urban North. One cannot account for the popularity of revivalism by generalizations about industrialization or urbanization. This book offers a new perspective by looking at the rhetoric of the hymns themselves. It also examines what sorts of events and developments in American society made hymn singing and revivals so attractive to so many people. The author's method is a sociology of religious language which employs the insights and methods of several disciplines especially anthropology and literary criticism emphasizing cultural phenomena as linguistic phenomena intimately related to particular social settings. The approach is historical but not chronological. The task the author has set herself is an interpretation of the kind of hymn found in *Gospel Hymns* illuminating in the process the way in which the hymns and the revivals helped to create a social religion: a community based in likeness of feeling. The community was sacred and promoted moral behavior: people gave up alcohol, were honest and gentle in accord with the feminine ideal on which the communal feeling was based. The hymns became vehicles for articulating a widespread community defined purely in terms of feeling: they became symbols of unity against later evils such as Communists, Catholics, and homosexuals. The analysis in this book allows for a critical perspective on the ideas and forms of revivalism which have shaped much of American culture and rhetoric: the idea of the individual's inner states as the key to his character, the social as a realm which creates uniformity through bonds of emotion, the segregation of home and woman from the real world, and the potential political uses of apolitical rhetoric. This book in short goes far beyond the discussion of gospel hymns: it raises issues which go to the heart of white protestant urban America and suggests that the assumptions lodged there demand argument, not acceptance. American Studies monographs published between 1900 and 1988 Twentieth-Century Global Christianity Mary Farrell Bednarowski, 2010-03-01 A specific focus and intent of this final volume of *A People's History of Christianity* is to delve behind the global phenomenon of Christianity to glimpse some of the very rich and dynamic lifeways within it. Ranging over the whole century and across several continents, the scholars in this volume probe Christians' creative encounters with popular culture, liturgy and spirituality, social change and Marxism, intrareligious and interreligious dialogue and changes in gender expectations and roles. Includes 50 illustrations, maps, bibliographies, and an 8-page color gallery. Contributors include Mary Farrell Bednarowski, Mercy Oduyoye, Ghana, Patrick Henry, St. John's University, Bruce Forbes, Morningside College, Valerie Demarinis, Uppsala University, Rosetta E. Clarke, Gareth Atkins, 2025-08-01 This book focuses on arguably the best-known Christian hymn worldwide. From the slave trade to the civil rights movement and from obscurity in its country of origin to global recognition, the origins, history, influence, and legacy of *Amazing Grace* are uniquely complex. The volume brings together historians, theologians, literary scholars, and musicologists to shed new light on the ways in which the hymn's lyrics, familiar musical setting, and its performance by leading vocalists contribute to its enduring popularity and the meanings and value ascribed to it by diverse communities across time and place. The chapters explore the literary and religious qualities of the text, its relationship with the ubiquitous NEW BRITAIN melody, its adoption and adaptation by famous singers, and in Christian churches from South America to Asia. The contributors highlight significant facets of the hymn's origins and legacy, while the collection as a whole provides a focused emphasis on the importance of historical, literary, theological, and musical approaches in understanding the ways in which Christian congregational music acquires meaning and influences thought and practice in local and global contexts **Evangelical Mind** Marguerite Van Die, 1989 Through an in-depth study of the thought and intellectual formation of Nathanael Burwash (1839-1918), a little-known but highly influential Canadian educator and Methodist theologian, Marguerite Van Die presents a picture of one of the most unsettling periods in the Christian church. During Burwash's life, Canadian Methodist thought and education had to deal with the impact of biblical criticism, idealist thought, and the evolutionary theory of Darwin. Burwash saw himself as following in the footsteps of an earlier generation of Methodists led by Edgar Ryerson. This vision was reflected in his views on childhood nurture and moral nationalism and his support of university federation in Ontario *Revival in the City* Eric Robert Crouse, 2005 From 1884 to 1911, over 1.5 million working-class Canadians attended approximately 800 revival meetings held by celebrity American
