The Gospel of Thomas Jean-Yves Leloup, 2005-02-16 A new translation and analysis of the gospel that records the actual words of Jesus Explores the gnostic significance of Jesus s teachings recorded in this gospel Explains the true nature of the new man whose coming Jesus envisioned Translated and interpreted by the author of the bestselling *The Gospel of Mary Magdalene* and *The Gospel of Philip* One of the cache of codices and manuscripts discovered in Nag Hammadi the Gospel of Thomas unlike the canonical gospels does not contain a narrative recording Christ s life and prophecies Instead it is a collection of his teachings what he actually said These 114 logia or sayings were collected by Judas Didymus Thomas whom some claim to be Jesus s closest disciple No sooner was this gospel uncovered from the sands of Upper Egypt than scholars and theologians began to bury it anew in a host of conflicting interpretations and polemics While some say it is a hodgepodge from the canonical gospels for others it is the source text from which all the gospel writers drew their material and inspiration In this new translation of the Gospel of Thomas Jean Yves Leloup shows that the Jesus recorded by the infinitely skeptical and infinitely believing Thomas has much in common with gnostics of non dualistic schools Like them Jesus preaches the coming of a new man the genesis of the man of knowledge In this gospel Jesus describes a journey from limited to unlimited consciousness The Jesus of Thomas invites us to drink deeply from the well of knowledge that lies within not so that we may become good Christians but so we may attain the self knowledge that will make each of us too a Christ

The Gospel of Thomas Ron Miller, 2011-08-18 The Gospel of Thomas a book of sayings and wisdom of Jesus compiled as early or earlier than the New Testament gospels can transform your spiritual life There are many academic commentaries on the Gospel of Thomas but this book has a different aim It is meant to be a guidebook that is a translation of the sayings into daily practice The goal of such practice is to become Jesus s twin This does not of course mean becoming an olive skinned bearded Mediterranean peasant wearing sandals It is more about manifesting in our lives the same Christ consciousness revealed in the person we know as Jesus of Nazareth from the Introduction In the decades since its discovery the Gospel of Thomas has intrigued people of all faiths around the world Shedding new light on the origins of Christianity the Gospel of Thomas raises questions about whether the New Testament s version of Jesus s teachings is entirely accurate and complete

In the Gospel of Thomas we see Jesus as a wisdom loving sage sharing aphorisms about the value of the present and each person's role in the creation of the Kingdom of God here on earth. But these inspiring sayings can leave you wondering: What next? Now you can learn how to start applying Jesus's wisdom to your own life and in turn to the world around you. This unique guidebook leads you through Thomas offering practices that help you translate Jesus's wisdom into a more fulfilling enriching daily life including: Becoming a Spiritual Adult, Sorting Out the Old and the New, Being a Healing Presence, Daring to Be a City on a Hill, God's Reign Calls for Ready Hands, Spirituality Is Not Skygazing, And much more. *Gospel of Thomas Annotated & Explained*, 2002. The recently discovered mystical sayings of Jesus with facing page commentary that brings the text to life for you. The Gospel of Thomas really is, I believe, the clearest guide we have to the vision of the world's supreme mystical revolutionary teacher known as Jesus. To those who learn to unpack its sometimes cryptic sayings, the Gospel of Thomas offers a naked and dazzlingly subversive representation of Jesus defining and most radical discovery that the living Kingdom of God burns in us and surrounds us at all moments from the Foreword by Andrew Harvey. This ancient text can become a companion for your own spiritual journey. In 1945 twelve ancient books were found inside a sealed jar at the base of an Egyptian cliff. One of those texts was the Gospel of Thomas, one of the most important religious archaeological discoveries of the twentieth century. While illuminating the origins of Christianity, it raises the question whether the New Testament's version of Jesus' teachings is entirely accurate and complete. Written at the same time as the canonical Gospels, the Gospel of Thomas portrays Jesus as a wisdom loving sage. The aphoristic sayings emphasize the value of the present teaching that the Kingdom of God is here and now rather than a future promise or future threat. It presents a new way of looking at the challenging and intriguing figure of Jesus and reminds us that the Divine can be found right here on earth. Now you can experience the Gospel of Thomas with understanding even if you have no previous knowledge of early Christian history or thought. This SkyLight Illuminations edition offers insightful yet unobtrusive commentary that explains references and philosophical terms, shares the inspiring interpretations of famous spiritual teachers, and gives you deeper understanding of Thomas's innovative message that self knowledge and contemplation of the nature of this world are the keys to the Kingdom of Heaven.

The Words of Jesus in the Gospel of Thomas David W. Kim, 2021-07-01. This book offers a detailed analysis of the Gospel of Thomas in its historic and literary context, providing a new understanding of the genesis of the Jesus tradition. Discovered in the twentieth century, the non canonical Gospel of Thomas is an important early text whose origins and place in the history of Christianity continue to be subjects of debate. Aiming to relocate the Thomasine community in the wider context of early Christianity, this study considers the Gospel of Thomas as a bridge between the oral and literary phases of the Christian movement. It will therefore be useful for Religion scholars working on Biblical studies, Coptic codices, gnosticism, and early Christianity.

This book addresses two central questions in current research on the Gospel of Thomas what was its original language and which early Christian works influenced it At present theories of Thomas as a Semitic work abound Simon Gathercole dismantles these approaches arguing instead that Thomas is Greek literature and that the matter of Thomas s original language is connected with an even more controverted question that of the relationship between Thomas and the canonical New Testament Rather than being independent of Matthew Mark and Luke as in most Western Aramaic theories of Thomas or thoroughly dependent on the four gospels as in most Syriac approaches Gathercole develops a newly refined approach to how Thomas is influenced by the Synoptic Gospels Thomas can be seen to refer to Matthew as a gospel writer and evidence is discussed showing that Thomas incorporates phraseology distinctive to Luke while also extending that special Lukan language **Way of Thomas** John R.
